Beyond Oktoberfest, Beer Drinkers Revel In Communal Experience

Emily Cappiello Contributor

Food & Drink

I love all things food and beverage.

As the spotlight is put on Oktoberfest celebrations around the world during the month of September, so, too, is the experience of sharing beer in a communal setting.

However, this is not something new, foreign or special to imbibers, especially beer lovers. More than those who favor wine or cocktails, beer aficionados enjoy sitting at communal tables, discussing the flavor profiles of a new release and swapping their current favorite sippers.

This has led to continued development of beer venues, developed to blend the desire for high-quality brews in a more upscale setting.

Several other new beer venues have also opened around the country, as this demand is continuing to strike a chord with not only beer drinkers, but the Millennial consumer in general. Some of these new venues include:

- Enjoy a selection of Rhode Island craft beers and live entertainment at [Trinity Beer Garden](#) in Providence RI. The beer garden is part of Trinity Brewhouse's 25th-anniversary celebration.
