ENDNOTES

1. Anchor Institution Tax Credit. R.I.G.L. § 42-64.30-10. No awards have been made pursuant to the Anchor Institution Tax Credit program and the program sunset in 12/31/2018 and was terminated.
2. Incentive Amount is the dollar value of the incentives awarded by the Commerce Corporation.
3. Includes any modifications, adjustments, claw backs, reallocations, alterations, or other changes, made from the close of the prior fiscal quarter and include comparison data to the reports as defined by R.I.G.L. § 42-64-36(c).
4. Project Cost is the cost incurred in connection with and financed with private investment in addition to costs funded with other sources including incentives and grants.
5. Leveraged Resources are the non-incentive resources committed to the project including cash and in-kind support.
6. The incentive agreement with Agoda Travel Operations USA, Inc. was terminated on May 6, 2019. The incentive agreements for Advertising Ventures, Inc., eMoney Advisor Holding, LLC, iXblue Defense Systems, Inc., Magellan HRSC, Inc., SenTec, Inc., Trade Area Systems, Inc. and VistaPrint Corporate Solutions were terminated on June 1, 2023. Greystone Lincoln, Inc., Ivory Ella, LLC, General Electric Company, Granite Telecommunications, LLC, Johnson & Johnson Services, Inc., Alliance Paper Company, Inc., Xeros, Inc., Epiq Systems, Inc., Rubius Therapeutics, Inc., Response Technologies, LLC, MTX Group, and Infosys Limited have also been terminated.
7. Approved Tax Credit Amount represents the maximum amount authorized by the Commerce Corporation, which will be issued over four or five years beginning with project completion and certificate of occupancy.
8. Authorized Sales Tax Rebate represents the anticipated (estimated) amount to be related to the Applicant based on projected project costs. The final Sales Tax award, which comes in the form of a rebate against actual costs incurred, is based on the actual amount of RI sales, and use taxes paid on eligible construction materials. Sales Tax Rebate either reduces Rebuild Tax Credits dollar for dollar by the award of the rebate or reduces Rebuild Tax Credits dollar for dollar more than the rebate, depending on the individual deal's structure.
9. Amount certified to date indicates the Tax Credit amount certified by the Commerce Corporation. The actual amount disbursed is validated by the RI Division of Taxation. Recipients may redeem the Tax Credit in cash for 90% value.
10. Sales Tax rebate for both Virgin Pulse, Inc. (Phase I) and D'Ambra Warwick Hotel, LLC was rebated directly from the Division of Taxation and not from the Rebuild RI Tax Credit Fund. Subsequently all Sales Tax rebates are paid from the Rebuild RI Tax Credit Fund.
11. Estimated Tax Credit Amount projects the value of the award based on existing state personal income tax rates, committed job creation, and estimated taxable income of those committed jobs as estimated at the time of Board authorization. Actual tax credits earned are based on the actual state income tax withholdings, as permitted in statute, of new full-time jobs created.
12. Rebuild projects, A.T. Cross Company, 45 Pike, Bristol Belvedere, Case Mead, One MetroCenter, were decertified from the program due to inactivity, insufficient funds to complete the project, and/or other reasons. Finlay Extracts & Ingredients, Rubius Therapeutics, Merchant Oversees, 401 Tech Bridge, Infoys Limited, and Fuller Mill Realty have also been deobligated.
13. Conditional Streamline Rebuild deals, 25 Bough Street and 327 Elmwood Avenue, that were conditionally approved in June of 2020 are now being represented in our total Rebuild fund. These deals would need to be presented to the Board for official approval.
14. Commitment term is 20% longer than eligibility term.
15. Wavemaker fellowship cohort was awarded for 2 years (2 service periods) with no extension granted.
16. A Wavemaker fellow may be deemed ineligible to claim an award for reasons including, but not limited to the following: not maintaining full-time employment, leaving the State of Rhode Island, or paying off student debt.
17. Certifications for 2018 and 2019 Cohorts are ongoing. If and where a certification occurs (in a relevant quarter), a value will be represented in the service period column. Any differences between the original conditional award amount and the calculated certification amount will be reflected in the modification's column.
18. Lending Organization is the outside lending organization as defined by R.I.G.L. § 42-64.25-4.
19. Commerce Funds are funds awarded through the Small Business Assistance Program to the lending organizations, including disbursement to reserve accounts at lending institutions.
20. Commerce funds are used to cover loans and micro-loans by Small Business Assistance Program lending partners as well as support technical assistance conducted by lending partners for businesses.

21. The December 2021 Network Matching Grant awards are partially funded with Commerce Corporation funds.
22. These deals are considered Super TIF deals. A special TIF package was approved at the Board meetings allowing them to receive larger than usual TIF amounts.
23. 111 Westminster Superman Building First Wave grant amount has not been finalized as of 03/31/2023. The committed amount is subject to change.
24. Qualified Job projects, Aretec, Inc., Boston Energy Wind Power Services, Inc., Change Healthcare, GEV Wind Power US, LLC, smartShift Technologies, Inc., and Whiting & Davis, LLC have failed to participate in the program in relation to the Award approved by the Corporation and have never entered into an incentive agreement with respect to the Award. The Corporation has withdrawn these awards.
25. Quarter 1 2024 revision - South Eastern Economic Development Corporation's (SEED) Total Value of Loans Originated and the Total Commerce Funds included two loans in "pending" status and not closed. The revised Quarter 1, 2024 numbers are as follows – Total Value of Loans Originated: \$5,915,143; Total Commerce Funds: \$2,126,400.

Program Descriptions

Air Service Development Fund

The Air Service Development Fund provides funding for marketing expenditures for new domestic and foreign air service routes when the service will have an aggregate economic impact equal to or in excess of the aggregate amount to be provided. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff will undertake the review and approval of awards.

First Wave Closing Fund

The First Wave Closing Fund enables Rhode Island to stimulate business development; retain and attract new business and industry to the state; create good-paying jobs for its residents; assist with business, commercial, and industrial real estate development; and generate revenues for necessary state and local governmental services. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation will undertake the review and granting of awards. Risk analysis is undertaken at various risk thresholds around Execution, Achievability, and Ability to Return Capital. Rules and Regulations promulgated by the Corporation detail application guidelines and agreement procedures to be followed by the Corporation to further ensure program integrity and transparency.

P-TECH

Rhode Island's P-TECH (Pathways in Technology Early College High School) program awards grants on a competitive basis. P-TECH initiative forges long-term partnerships between high schools, colleges, industry associations, and businesses. Students enrolled in P-TECH programs take college-level courses while in high school, benefit from internships and mentoring, and graduate with a high school diploma and an industry-approved associate degree. The P-TECH initiative creates the opportunity for Rhode Island's students and a steady stream of talented, trained workers for its businesses. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff will undertake the review and granting of awards.

Innovate Rhode Island Small Business Fund

In 2013, to foster job creation, facilitate small business development and enhance the workforce pipeline, the Rhode Island General Assembly created the Innovate Rhode Island Small Business Fund (IRISBF). Eligible Rhode Island small businesses may apply for grants to defray the cost of applying for SBIR/STTR awards, match SBIR/STTR Phase I and Phase II awards, and hire interns.

Innovation Voucher Program & Network Matching Grant Program

The Innovation Voucher program: The Board of the Rhode Island Commerce Corporation has adopted application review and evaluation Principles to further grant program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff and Committee will undertake the review and granting of awards. Rules and Regulations promulgated by the Corporation detail application guidelines and Voucher Agreement procedures to be followed by Corporation staff to further ensure program integrity and transparency.

The Network Matching Grant program: The Board of the Rhode Island Commerce Corporation adopted application review and evaluation Principles to further grant program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff and Committee will undertake the review and granting of awards. Rules and Regulations promulgated by the Corporation detail application guidelines and Grant Agreement procedures to be followed by Corporation staff to further ensure program integrity and transparency.

Main Street Rhode Island Streetscape Improvement Fund

The Main Street Rhode Island Streetscape Improvement Fund awards grants or loans on a competitive basis for improvements to commercial districts, such as enhanced sidewalks, new street furniture, new way-finding signage, upgraded building facades, and improved street lighting. Projects can receive up to \$300,000 in funding. Applicants must have matching funds of at least 30% of the total project cost. The Board of the Rhode Island Commerce Corporation has adopted application review and evaluation Principles to further grant program integrity by establishing accountability standards to be used by the Corporation in evaluating and selecting recipients.

Qualified Jobs Incentive Tax Credit

The Qualified Jobs Incentive Tax Credit program assists companies to expand their workforce in Rhode Island or relocate jobs from out of state, by receiving annual, redeemable tax credits for up to 10 years. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation will undertake the review and granting of awards. Rules and Regulations promulgated by the Corporation detail application guidelines and agreement procedures to be followed by Corporation staff to further ensure program integrity and transparency.

Rebuild Rhode Island Tax Credit

The Rebuild Rhode Island Tax Credit program provides gap financing for real estate projects with redeemable tax credits in amounts up to 20% – and, under specific circumstances, 30% – of project costs. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff will undertake the review and granting of awards. Risk analysis considering the following categories: Execution, Achievability, Ability to Return Capital, and Ability to Repay Loans. Rules and Regulations promulgated by the Corporation detail application guidelines and agreement procedures to be followed by Corporation staff to further ensure program integrity and transparency.

Tax Increment Financing

Tax increment financing provides capital for eligible project by rebating a portion of the new state tax revenue generated by the project. An eligible project must demonstrate need through a “financing gap.” The tax revenue rebate may not exceed 30% of total project costs or 75% of incremental revenue generated, except for infrastructure projects, in which case the rebate goes up to 100% of project costs. The Board of the Rhode Island Commerce Corporation adopted Principles to further grant program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation will undertake the review and granting of awards. Rules and Regulations promulgated by the Corporation detail application guidelines and agreement procedures to be followed by the Corporation to further ensure program integrity and transparency.

Tax Stabilization Incentive Program

The Tax Stabilization Incentive program assists qualified and Hope Communities in the state of Rhode Island that grant qualifying tax stabilization agreements, subject to the provisions of § 44-3-9 of the Rhode Island general laws, in connection with a qualifying project, may apply to the Commerce Corporation for certification for partial reimbursement of the amount of real estate taxes and/or personal property taxes that would have otherwise been paid had the qualified and/or hope communities not granted said tax stabilization agreement. The Board of the Rhode Island Commerce Corporation adopted Principles to further program integrity by establishing accountability standards, risk analysis standards and outcome measurement procedures and reporting standards by which the Corporation staff will undertake the review and granting of awards. Rules and Regulations promulgated by the Corporation detail application guidelines and agreement procedures to be followed by the Corporation to further ensure program integrity and transparency.

Wavemaker Fellowship Program

The Wavemaker Fellowship provides a financial incentive for graduates pursuing a career or starting a business in Rhode Island in technology, engineering, design, healthcare, and other key sectors, by defraying student loan payments for up to four years. The Board of the Rhode Island Commerce Corporation has adopted application review and evaluation Principles to further grant program integrity by establishing accountability standards to be used by the Wavemaker Fellowship Committee and staff in evaluating and selecting recipients. Rules and Regulations promulgated

by the Corporation detail application guidelines and certification procedures to be followed by Corporation staff to further ensure program integrity and transparency.

Small Business Assistance Program (Small Business Capital Access Fund)

The Small Business Capital Access Fund Program provides greater access to capital to enable the formation and expansion of small business across the state and provide job opportunities to the state's citizens. The purpose of this program is to assist small businesses that encounter difficulty in obtaining adequate credit or adequate terms for such credit. The program focuses on women- and minority-owned enterprises, as well as those in Rhode Island's underserved communities. The Commerce Corporation is authorized, within available appropriations, to provide direct assistance and/or partner with lending organizations to provide funding for loans to small businesses located in Rhode Island. The Commerce Corporation is authorized, from time to time, to establish rules and regulations for the administration of the program.

Economic Impact Analyses for Q4
2024 (10/01/2024 – 12/31/2024)

Streamlined Rebuild Rhode Island Tax Credits

Economic and tax revenue impacts of redevelopment of 36 Exchange Terrace, Providence

Impact of construction

Edmund Restivo and William Scampoli (“the Sponsors”) are proposing to redevelop 36 Exchange Terrace (one of several buildings that were part of the former Union Station complex), with the ground floor continuing to be used as a restaurant and two upper floors converted into 16 apartments. The Sponsors estimates that the project would cost a total of approximately \$5.25 million.

After excluding certain expenditures (such as property acquisition costs and interest paid during construction) that do not directly affect Rhode Island’s economy, Appleseed estimates that (as shown in Table 1) spending approximately \$2.80 million on development and construction of 36 Exchange Terrace will directly and indirectly support:

- 20 jobs in Rhode Island in construction and related industries;
- \$1.317 million in earnings (in 2025 dollars);
- \$3.222 million in statewide economic output; and
- A one-time increase of \$1.588 million in Rhode Island’s GDP.

Table 1: Direct, indirect and total impact of construction (income, value-added and output in millions of 2025 dollars)¹

	Jobs	Earnings	Value added	Output
Direct	16	\$1.050	\$1.128	\$2.368
Indirect	4	\$0.267	\$460	\$0.854
Total	20	\$1.317	\$1.588	\$3.222

Construction spending would directly and indirectly generate approximately \$91,000 in state tax revenue, including:

- \$57,000 in sales and use taxes paid on purchases of materials and other goods used in construction
- \$16,000 in state personal income taxes paid by workers directly employed on the project, or by Rhode Island workers whose jobs are indirectly attributable to the project;
- \$16,000 in state sales taxes paid on those workers’ taxable household spending; and
- \$2,000 in state business taxes.

¹ Estimates of the impact of construction spending shown in Table 1 were derived using an IMPLAN input-output model for Rhode Island. In estimating the number of direct jobs and earnings supported by a given level of construction spending, IMPLAN uses statewide average earnings per worker in each relevant industry segment, without distinguishing between union and non-union jobs. The earnings shown here thus reflect a blend of both union and non-union wages.

Impact of operations

The Sponsor estimates that in its first stabilized year of operation, 36 Exchange Terrace's operating expenditures (excluding real property taxes) will total approximately \$129,000.² Using IMPLAN, Appleseed estimates that these expenditures will directly and indirectly account for:

- 1 new full-time-equivalent job in Rhode Island;
- \$50,248 in new earnings (in 2028 dollars);
- \$176,000 in new economic output statewide; and
- An increase of \$108,000 in Rhode Island's annual GDP.

Table 2: Annual impact (direct, indirect and induced) of ongoing food hall operations (income, value-added and output in thousands of 2025 dollars)

	Jobs	Earnings	Value added	Output
Direct	1	\$36.7	\$80.2	\$125.9
Indirect	0	\$13.5	\$25.5	\$50.4
Total	1	\$50.2	\$105.7	\$176.3

Ongoing operations would directly and indirectly generate approximately \$1,400 annually in state tax revenue, including:

- \$600 in state personal income taxes paid by workers directly employed in management and maintenance of the property, or by Rhode Island workers whose jobs are indirectly attributable to those operations;
- \$700 in state sales taxes paid on those workers' taxable household spending;
- \$100 in state business taxes.

During the construction period and the twelve-year period following construction, the proposed project would generate approximately \$108,000 in state tax revenues.

² Because the property's ground-floor space has been occupied by a restaurant, and would continue to be used for that purpose after the redevelopment of the building, we assume that occupancy of that space by the same or any other similar restaurant would not represent any "net new" operating impact in Rhode Island.

Organogenesis Inc. Application

Introduction

The Rhode Island Commerce Corporation (the “Corporation”) may issue Rebuild Rhode Island and Qualified Jobs Incentive tax credits in conjunction with a project being proposed by Organogenesis Inc., a Massachusetts-based company (“the Company”), that specializes in the development and manufacture of a variety of therapeutic products derived from living tissue. The Company is considering the redevelopment of an existing industrial building in Smithfield for use in the manufacture and distribution of several types of would care products.

The Company has requested Rebuild Rhode Island tax credits totaling \$13,653,500 and an exemption from payment of state sales and use taxes on purchases of equipment and materials used in construction, valued at \$3,150,000 million.

The Company would also be eligible to claim Qualified Jobs Incentive credits as of January 1, 2025 for new full-time employees in Rhode Island hired during 2024 and in subsequent years. The Company estimates that by the end of 2025 it would employ at least 15 full-time employees in Rhode Island, 63 by the end of 2027, and 103 by the end of 2029. Based on these projections, the Company estimates that from 2025 through 2034 it could qualify for approximately \$3,240,000 in Qualified Jobs Incentive credits.

This analysis was prepared by Appleseed, a consulting firm with twenty-five years’ experience in economic impact analysis.

Jobs Analysis

Initial capital costs

Starting in 2024, the Company, in collaboration with a private developer, would redevelop, fit out and equip an existing 122,500 square-foot industrial building in Smithfield, at an estimated total project cost of \$97,525,000. After excluding costs for certain items likely to be procured from out-of-state sources, or that otherwise do not directly benefit Rhode Island’s economy, Appleseed estimates that (as shown in Table 1) direct spending of \$76.95 million would directly and indirectly account for:

- 391 job-years¹ of employment in Rhode Island in construction and related industries, with nearly \$44.91 million in earnings (in 2026 dollars);²

¹ A job-year is equivalent to a job lasting one year. It could for example represent the work of two people who are each employed for six months; or the work of one person who is employed half-time for two years.

² This estimate assumes that workers in the building trades and certain other industries who are directly employed in the development and construction of Project Maple will be paid in accord with Rhode Island’s prevailing wage standards.

- \$104.49 million in statewide economic output; and
- A one-time increase of \$51.80 million in Rhode Island's GDP.

These impacts are summarized below in Table 2. The project's *direct impact* is the impact of the company's direct spending on design and construction. Its *indirect impact* is the effect of spending by contractors for goods and services (insurance, construction materials, etc.) purchased from other Rhode Island businesses.

Table 1: Direct, indirect and total impact of development and construction (income, value-added and output in millions of 2026 dollars)

	Job-years	Earnings	Value added	Output
Direct	277	\$36.76	\$37.75	\$78.75
Indirect	114	\$8.15	\$14.05	\$25.74
Total	391	\$44.91	\$51.80	\$104.49

We further estimate that the projected direct expenditures of \$76.95 million on development and construction would directly and indirectly generate approximately \$1.232 million in State tax revenues, including:

- \$691,000 in state personal income taxes paid by Rhode Island workers employed on the project, or whose jobs are indirectly attributable to the project
- \$454,000 in state sales taxes paid on those workers' taxable household spending
- \$87,000 in state business taxes.

Most of the activity reflected in Table 1 will occur between 2025 and 2027.

Annual operations

As noted above, the Company plans to employ a minimum of 15 new full-time workers at its Rhode Island location in 2025, rising to at least 25 in 2026, at least 73 in 2027, at least 101 in 2028 and at least 103 in 2029. Table 3 summarizes the occupational categories in which the Company expects to create these jobs.

The Company estimates the median annual wage for the 103 new jobs it proposes to create at its new Smithfield facility will be \$110,000.

Table 3: Projected minimum employment, 2029

Job category	New positions (as of 2029)
Operations	24
Facility and process engineering	32
Quality control	44
Shipping and distribution	2
IT project management	1
Total	103

Based on data provided by the Company, Appleseed estimates that in 2029, its ongoing operations in Rhode Island would directly and indirectly account for:

- 167 jobs in Rhode Island;
- \$15.75 million in annual earnings (in 2029 dollars);
- \$59.81 million in statewide economic output; and
- An increase of \$30.38 million in Rhode Island's annual GDP.

These impacts are summarized below in Table 4. The *direct impact* of the Company's operations reflects its direct employment, its direct spending on wages and salaries, the value its operations add to Rhode Island's GDP, and the total value of the goods and services it produces. Its *indirect impact* is the effect of the Company's spending on purchases of goods and services from other in-state businesses on employment, earnings, value-added and output in Rhode Island.

Table 4: Direct, indirect and total annual impact of ongoing operations (income, value-added and output in millions of 2029 dollars)

	Jobs	Earnings	Value added	Output
Direct	103	\$11.69	\$22.40	\$44.85
Indirect	64	\$4.06	\$7.98	\$14.96
Total	167	\$15.75	\$30.38	\$59.81

In addition to the impacts on employment, earnings, output and state GDP cited above, the Company's new operations in Rhode Island would by 2029 result in a projected increase of approximately \$642,000 in annual state tax revenues, including:

- \$376,000 in state personal income taxes paid by workers newly employed by the Company in its expanded Rhode Island operations; or by Rhode Island workers whose jobs are indirectly attributable to the Company's expanded Rhode Island operations;

- \$219,000 in state sales taxes paid on those workers' taxable household spending; and
- \$47,000 in state business taxes.

Hiring

The Company posts all job openings, and receives applications on its own website, and on sites such as LinkedIn and Indeed. Candidates may also be referred by local educational institutions and employment agencies, and by current employees, who are eligible for referral bonuses.

Benefits

Benefits available to new employees include:

- Comprehensive health care, dental and vision plans
- Health savings accounts and flexible spending accounts
- A 401k retirement plan with an employer match and immediate vesting
- Company-paid life, AD&D, and disability insurance
- Paid time off and paid family leave
- Adoption assistance
- Tuition reimbursement
- Employee discounts at collaborating local businesses

Impact

The state fiscal impact of the requested tax credits and sales and use tax exemption is estimated to be approximately \$16.89 million in forgone state revenue. Direct and indirect economic and fiscal benefits of the proposed project include the estimated increase in annual state GDP of \$30.38 million in 2029, the estimated associated job creation, and a gross increase of approximately \$7.72 million in personal income, sales and business tax revenues during construction and during the twelve-year commitment period beginning in 2025. These benefits are detailed in the foregoing analysis.

In addition to the economic and tax revenue impacts cited above, development and operation of the Company's new manufacturing facility in Smithfield would benefit Rhode Island in other ways, including:

- Re-activating a currently vacant industrial property in Smithfield.
- Creating a foundation for the Company's possible future growth beyond the 103 direct jobs to be added by 2029, and creating new opportunities for Rhode Island-based businesses that are part of the Company's supply chain
- Attracting highly-skilled engineers, managers and manufacturing workers to Rhode Island

- Highlighting Rhode Island's attractiveness as a location for life science and biomedical businesses
- Creating opportunities for collaboration between the Company and Rhode Island's educational and community institutions

Beyond the fiscal impact noted above, there is no anticipated financial exposure to the state. Various features of the Rebuild Rhode Island and Qualified Jobs Incentive programs mitigate risk to the state; and the value of Qualified Jobs Incentive tax credits would be determined on the basis of the number of workers actually employed and the wages actually paid by the Company.

Rhode Island Commerce Corporation
Qualified Jobs Incentive Tax Credits – Economic Impact Analysis
Saab, Inc. Application

Introduction

The Rhode Island Commerce Corporation (the “Corporation”) may issue Qualified Jobs Incentive tax credits to Saab, Inc. (“the Company”), a U.S.-based, wholly owned subsidiary of Saab SA. Saab, Inc. is a developer and manufacturer of advanced defense and security systems, such as aeronautics, command and control systems, weapons, autonomous underwater systems and other technologies. The Company has been seeking a new location for its Autonomous and Underwater Systems Division (currently based in Quincy, Massachusetts, with a small research and manufacturing facility in Cranston, RI), and recently selected a historic building at Unity Park in Bristol, RI as its first choice. Saab Inc.’s newly-developed facility will house its AUS divisional headquarters, research and development and manufacturing activities.

The Company is seeking to move into its new 45,000 square-foot facility in 2026 with 5 employees, rising to 20 in 2027, 28 in 2028, 37 in 2029 and 45 in 2030. Its employees would include engineers, manufacturing and operations staff, and management, with a total payroll of \$5,166 million in 2030 (an average of more than \$114,00 per employee). Saab would be committed to maintaining at least 45 full-time employees at the site through 2037.

Based on these commitments, Rhode Island Commerce estimates that the Company would be eligible for Qualified Job Incentive credits totaling \$1,023,000.

This analysis was prepared by Appleseed, a consulting firm with more than twenty-five years’ experience in economic impact analysis.

Jobs Analysis

Annual operations

As noted above, the Company plans to employ a minimum of 45 new full-time workers at its new Rhode Island location in 2030, with median annual wages of \$74,396. Table 1 summarizes the categories in which the Company expects to create these jobs.

Table 1: Projected minimum employment, 2030

Job category	New positions (as of 2027)
Engineers	10
Manufacturing/operations	30
Managers	5
Total	45

Based on data provided by the Company, Appleseed estimates that in 2030, its ongoing operations in Rhode Island would directly and indirectly account for:

- 67 jobs in Rhode Island;
- \$7.738 million in annual earnings (in 2030 dollars);
- \$22.709 million in statewide economic output; and
- An increase of \$9.621 million in Rhode Island’s annual GDP.

These impacts are summarized below in Table 4. The *direct impact* of the Company’s operations reflects its direct employment, its direct spending on wages and salaries, the value its operations add to Rhode Island’s GDP, and the total value of the goods and services it produces. Its *indirect impact* is the effect of the Company’s spending on purchases of goods and services from other in-state businesses on employment, earnings, value-added and output in Rhode Island.

Table 4: Direct, indirect and total annual impact of ongoing operations (income, value-added and output in millions of 2030 dollars)

	Jobs	Earnings	Value added	Output
Direct	45	\$5.119	\$6.394	\$16.900
Indirect	22	\$2.219	\$3,227	\$5.809
Total	67	\$7.738	\$9.621	\$22.709

In addition to the impacts on employment, earnings, output and state GDP cited above, the Company’s new operations in Rhode Island would by 2030 result in a projected increase of approximately \$328,000 in annual state tax revenues, including:

- \$213,000 in state personal income taxes paid by workers newly employed by the Company in its expanded Rhode Island operations; or by Rhode Island workers whose jobs are indirectly attributable to the Company’s expanded Rhode Island operations;
- \$88,000 in state sales taxes paid on those workers’ taxable household spending; and
- \$27,000 in state business taxes.

As noted above, the 45 new direct jobs cited in Table 4 represent the minimum number of jobs the Company would be committed to adding in Rhode Island by 2030 and maintaining through 2037. If the Company succeeds in achieving its future sales potential, the number of workers employed at its Bristol facility could increase.

Hiring

The Company's hiring process typically involves posting available positions online, seeking referrals from recruiters, and participating in college and university recruitment events; initial screening and interviews; and extending job offers to selected candidates.

Benefits

The Company's employee benefits include medical, dental and vision coverage, a retirement plan, life and disability insurance, tuition reimbursement and student loan assistance, an employee assistance program and paid time off.

Impact

The state fiscal impact of the requested tax credits is estimated to be approximately \$1.023 million in forgone state revenue. Direct and indirect economic and fiscal benefits of the proposed project include the estimated increase in annual state GDP of \$9.621 million in 2030, the estimated associated job creation, and a gross increase of approximately \$2.959 million in personal income, sales and business tax revenues during construction and during the twelve-year commitment period beginning in 2025. These benefits are detailed in the foregoing analysis.

In addition to the economic and tax revenue impacts cited above, the location of the Company's AUS Division headquarters, research and development and manufacturing operations in Bristol would benefit Rhode Island in other ways, including:

- Highlighting the state's attractiveness as a location for the U.S. operations of global businesses
- Highlighting Rhode Island's attractiveness as a location for businesses that are actively engaged in the development and deployment of autonomous undersea technologies – one of the most rapidly-developing areas of national security technologies.
- Highlighting the state's role as a leader in development of the broader "blue economy"
- Creating a foundation for the Company's possible future growth beyond the 45 direct jobs to be added by 2030.
- Attracting highly-skilled designers, engineers, managers and manufacturing workers to Rhode Island
- Creating opportunities for collaboration between the Company and Rhode Island's engineering, design and technical schools

Beyond the fiscal impact noted above, there is no anticipated financial exposure to the state. Various features of the Qualified Jobs Incentive program mitigate risk to the state. The value of Qualified Jobs Incentive tax credits would be determined on the basis of the number of workers actually employed and the wages actually paid by the Company.

Rhode Island Commerce Corporation
Rebuild Rhode Island Tax Credits – Economic Impact Analysis
Unity Park LLC Application

Introduction

The Rhode Island Commerce Corporation (the “Corporation”) may provide Rebuild Rhode Island tax credits to Unity Park LLC (the “Sponsor”) in connection with the Sponsor’s proposed investment in redevelopment of approximately 45,000 square feet of manufacturing space in an historic industrial complex at 500 Wood Street in Bristol. When completed in 2026, the renovated building would be used by its anticipated tenant, Saab Inc., for development and manufacture of autonomous underwater vessels and associated technologies.

The Sponsor estimates the total cost of the project to be \$8,933,609. The Sponsor is seeking \$2,680,082 in Rebuild Rhode Island tax credits (30 percent of total project cost). Other sources of funds will include historic tax credits, bank financing and developer equity. The Sponsor also intends to seek a Tax Stabilization Agreement from the City of Providence.

This analysis was prepared by Appleseed, a consulting firm with more than 25 years’ experience in economic impact analysis.

Jobs Analysis

Construction

As shown in Table 1, the Sponsor’s estimate of total project cost is approximately \$8.934 million.

Table 1: Estimated total project cost (\$ millions)

Component	Estimated cost
Property acquisition	\$0.125
Construction (hard costs)	\$8.458
Soft costs	0.351
Total	\$8.934

After excluding certain costs that do not have a direct, current impact on Rhode Island’s economy (such as property acquisition) Appleseed estimates that spending on development of the proposed project would total approximately \$8.809 million.

Using the IMPLAN input-output modeling system (a modeling tool commonly used in economic impact studies), Appleseed estimates that direct expenditures of \$8.809 million would directly and indirectly generate:

- 55 jobs in Rhode Island, with \$3.833 million in earnings (in 2023 dollars);
- Approximately \$12.309 million in statewide economic output¹; and
- A one-time increase of \$5.403 million in Rhode Island’s GDP.

These impacts are summarized below in Table 2. The project’s *direct impact* is the impact of the Sponsor’s direct spending on construction, including both hard and soft costs. Its *indirect impact* is the effect of spending by contractors for goods and services (insurance, construction materials, etc.) purchased from other Rhode Island businesses.

Table 2: Direct and indirect impact of construction and related spending (income, value-added and output in millions of 2023 dollars)

	Employment	Earnings	Value added	Output
Direct Effect	39	\$2.766	\$3.413	\$8.809
Indirect Effect	16	\$1.067	\$1.990	\$3.500
Total Effect	55	\$3.833	\$5.403	\$12.309

In addition to the impacts on employment, earnings, output and state GDP cited in Table 2, direct spending of \$8.809 million would generate a projected one-time increase of approximately \$346,000 in taxes paid to the State during construction, including:

- \$237,000 in state sales and use taxes paid on the purchase of construction materials, fixtures and equipment;
- \$52,000 in state personal income taxes paid by Rhode Island workers employed on the project, or whose jobs are indirectly attributable to the project;
- \$50,000 in state sales taxes paid on those workers’ taxable household spending; and
- \$7,000 in state business taxes.

The activity reflected in Table 2 will occur primarily 2025.

The anticipated wage rates for construction jobs are shown below in Table 3. Anticipated wage rates are the median hourly wage for these occupations in Rhode Island, as of May 2023.

¹ Output is a measure of the total sales by Rhode Island companies (including the “sale” of labor by Rhode Island households) generated by the project.

Table 3: Anticipated wages during construction

Occupation	RI median hourly wage ²
Architect	\$36.97
Construction manager	\$48.94
Carpenter	\$29.34
Electrician	\$31.85
Plumber	\$36.34
Operating engineer	\$36.74
Painter	\$29.74
Laborer	\$23.87

Fringe benefits associated with these jobs are expected to be in accordance with industry norms, with the cost of such benefits generally ranging between 22 and 28 percent of wages. Workers who fill these jobs are expected to be drawn primarily from the Providence-Warwick RI-MA New England City and Town Area (NECTA).

Annual operations

Construction is expected to begin late in 2024, and to be completed in the spring of 2026. For purposes of this analysis, Appleseed has focused solely on the impact of building management, operations and maintenance; the impact of Saab Inc.'s operations at the site will be addressed in a separate report.

Using information provided by the Sponsor, Appleseed estimates (as shown in Table 4) that upon stabilization in 2026, ongoing operation of the newly-renovated space would directly and indirectly support:

- 1.5 jobs in building operations, maintenance and management, with \$96,200 in wages (in 2026 dollars)
- An increase of \$292,500 in the state's annual economic output
- An increase of \$154,300 in the state's annual GDP

Table 4: Direct, indirect and total impact of building and tenant business operations, 2026 (earnings, value-added and output in thousands of 2026 dollars)

	Jobs	Earnings	Value added	Output
Direct Effect	1.	\$64.9	\$103.0	\$187.3
Indirect Effect	0.5	\$31.3	\$51.3	\$105.2
Total Effect	1.5	\$96.2	\$154.3	\$292.5

² Rhode Island Department of Labor and Training, Occupational Employment Statistics, as of May 2023

In addition to the impacts on employment, earnings, output and state GDP cited in Table 4, building operations and maintenance at 500 Wood Street would generate a projected gross increase of approximately \$3,300 in new taxes paid to the state in 2026, including:

- \$1,700 in state personal income taxes paid by Rhode Island workers employed in building operations and maintenance of the renovated space at 500 Wood Street, or whose jobs are indirectly attributable to those operations
- \$1,400 in state sales taxes paid on those workers' taxable household spending
- \$200 in state business taxes

Impact

The Sponsor has requested Rebuild Rhode Island tax credits totaling \$2.68 million. Direct and indirect economic and fiscal benefits of the proposed project include an estimated increase in annual state GDP (in 2030) of approximately \$154,000, the associated job creation; and an increase of approximately \$346,000 in personal income, sales, and business tax revenues directly and indirectly generated by the project during the construction phase; and \$40,000 generated by ongoing building operations and maintenance during the twelve years from 2026 through 2037.

In addition to the economic and tax revenue impacts cited above, the proposed project would benefit Rhode Island in several other ways:

- By preserving and returning to productive use a long-vacant historic building
- By stimulating the redevelopment of other spaces that can helping Rhode Island attract and develop a wide range of high-value, high-wage industries in growth sectors such as the "blue economy."

Beyond the fiscal impact noted above, there is no anticipated financial exposure to the state. Various features of the Rebuild Rhode Island program (such as the certification of tax credits only after construction is completed) mitigate potential risk to the state.

I-195 Redevelopment Project Fund

R.I.G.L. § 42-64.24-5(d)

Applicant Name	Recipient Local Address	Award Date	Project Location	Project Cost	Amount Committed	Amount Disbursed	Award Type	Use of Funds	Modifications within the Quarter
