Providence

Founded in 1877 with the idea that art, artists and the institutions that support them play vital roles in promoting civic engagement and creating open societies, the [RISD Museum](#) highlights diverse art from cultures around the world. The collection, which is part of the esteemed Rhode Island School of Design, spans from antiquity to the present with a permanent collection of more than 86,000 works. Give your guests private access by renting out one of its event spaces. Most couples who seal the deal here choose to perform their nuptial rites in the presence of greats in the dramatic Grand Gallery. With warm blue walls and plenty of gold frames, the modern-yet-antique space can accommodate up to 200 guests.
