*Mohegan Bluffs, New Shoreham, RI 02807,
USA*

The three-by-seven-mile [Block Island](#) is Rhode Island's summer playground where beach-goers come to kayak, sunbathe, and watch "[blockbusters on the beach](#)" once the sun sets. Towering 200 feet above the shore, the clay Mohegan Bluffs make a perfect perch to get away from throngs of vacationers and take in panoramic views of the Atlantic Ocean. Visitors can also climb down a 141-step staircase to the secluded, rocky beach area and take a swim or roll out a towel on the sand. A plaque on the overlook commemorates the history of the bluffs, which was the stage of a Native American battle in the late 1500s.
