

# UPPER JAMES RIVER WATER TRAIL

The Upper James River Water Trail is comprised of the first 64 miles of the iconic James River in Virginia. The first 61 miles of the trail is designated as Virginia Scenic River. These headwaters provide some of the finest recreational paddling and fishing available in Virginia. The river is ideally suited for canoeing or kayaking with great scenery, Blue Ridge mountain views, miles of undeveloped shorelines, and plenty of fun and exciting class I & II rapids.
