Date completed: ____ / ____ / ____

By: _____ (Make note where improvements made)

Completed and implemented a COVID-19 Preparedness Plan in alignment with State of Minnesota requirements and guidelines. Preparedness Plans must describe how your business will implement the following, in compliance with the general industry guidance or the specific industry guidance applicable to your business:

- Policies and procedures that assist in identifying sick workers and ensuring sick workers stay home
- Implementation of engineering and administrative protocols for physical distancing
- Worker hygiene and source controls
- Workplace building and ventilation protocols
- Workplace cleaning and disinfecting protocols
- Drop-off, pickup and delivery protections and protocols
- Communications and training practices and protocols

Make COVID-19 Preparedness Plan available at customers' request
