

CALL FOR ART

2020-2022

Sculpture Walk - Rockford, IL

The mission of the Rockford Area Convention & Visitors Bureau Charitable Foundation Arts Fund is to encourage and enhance cultural life and public art in the Rockford region through facilitation, recognition, and financial support. The Arts Fund, an initiative of Forest City Beautiful, is a sculpture walk consisting of a two-year installation of sculptors' work for which each artist will receive an honorarium of \$2,000. The RACVB Charitable Foundation Arts Fund is soliciting artists for the 2020-2022 Sculpture Biennial.

1. Location

The River District is located along Rockford's active riverfront. This area is home to parks, docks, local cultural amenities and events, an urban residential development, sports facilities, local businesses, restaurants and Rockford's historic business and municipal district. An existing pedestrian esplanade meanders along the east and west sides of the Rock River, providing brilliant views of the river front and various amenities of the area. The sculpture walk adds to the scenic walk offering residents and visitors a pleasant, cultural experience. The art sculptures are enjoyed by thousands and provide varying views of the landscape throughout the four seasons. The Sculpture Walk in the River District allows opportunities for artists to exhibit their work in a unique setting year-round.

2. Project Scope and Requirements

PUBLIC ART SCULPTURES

The River District is located within an urban downtown area within Rockford's city center.

- Artists will be commissioned to exhibit original sculptures from their existing collections.
- Works are required to be created in any durable media.
- Sculptures must withstand weather elements of the upper Midwest climate and abuse of an outdoor display.
- Sculptures should not have sharp edges or be an endangerment to the public and content must be appropriate for all ages. The review committee reserves the right to inspect all pieces and instruct the removal of a sculpture, if the committee feels it presents any hazards.

Rockford's River District offers the opportunity for the placement and display of a variety of sculptures. Life size and/or monumental sculptures of varying sizes are recommended. The piece must be structured so that a concrete slab is capable of supporting the art. Selection of sculptures and sizes may be dependent on the available sizes of foundation slabs. Sculptures must be ready for outdoor installation with a minimum mounting system of no less than 3/8" bolts and no greater than 3/4" bolts. A minimum 3-point bolting system is required. A template board with exact bolt locations is required and must accompany sculptures. Please indicate if you cannot provide your own drill equipment or power tools for installing and de-installing the sculptures – assistance may be available. Crane equipment for lifting and setting sculptures will be provided during installation and de-installation.

To accommodate interested parties, all pieces must be available for sale. The RACVB Charitable Foundation Arts Fund will collect a 20% commission on sculptures sold during the period of the exhibit. The artist's name, title of sculpture, material of piece, year the sculpture was created, and sponsor of the sculpture will appear on a recognition plaque mounted on or near the base of the concrete foundation slab.
