Sacramento Convention Center and Community Center Theater

At the end of 2018, the much-anticipated Sacramento Convention Center Expansion and Renovation Project will get a head start. During the last two weeks of December, the City of Sacramento will begin demolition of its Convention Center Administration Offices at the corner of 15th and K Streets to make way for the expansion. This important step in the construction process has been scheduled during a period when the convention center will be unoccupied, mitigating any potential disruption to clients or events during the demolition. Full construction and expansion of the convention center is set to begin in July 2019.

On Mon., Oct. 22, the City will be holding a community meeting to provide an overview of the Sacramento Convention Center Expansion and Renovation Project and the Community Center Theater Renovation Project. The project team and City staff from parking and traffic will be in attendance to address any questions on impacts. The meeting will be held at the Sacramento Convention Center in Room 202 at 6 p.m. This meeting is open to all who are interested in learning more about the projects.
