OVERARCHING MARKETING TRENDS

- Influencers & Micro influencers will be used to reach expansive audiences readily available to them via their own existing platforms. Third-party influencers are currently the best story tellers in the digital marketing and communications space, and they can share the message of our destination authentically and organically.
- Simplicity in hotel booking creates a desirable visitor experience by making their stay seamless and enjoyable from start to finish. Allowing them to book in the same place they are searching for things to do and places to eat, makes our website a one stop destination for all things Rowan County.
- Promoting the destination experience through storytelling, rather than the benefits, provides an emotional connection with visitors. Telling them the story of our destination forecasts lasting memories visitors can have with their loved ones.
- Promoting original experiences, rather than suggesting Rowan County has something for everyone, allows us to appeal most deeply to our target audience. We strive to attract visitors that will enjoy their visit and return to the area. Showing them authentic, real-life experiences helps them picture themselves, in the destination.

- Family travel is our most important focus due to our target market's heavy emphasis on families. Our destination provides countless, original experiences for families. This can include parents and children, grandparents and grandchildren, or any type of family dynamic.
- Destination engagement is important to our overall communication plan for our destination to appear united and engaged with one another. A destination where it's neighbors, businesses and attractions come together provides community and is appealing to visitors and locals alike.
- Storytelling and positive branding elicit emotional responses from visitors striving for experiences like what Rowan County has to offer. Telling the story of our destination helps visitors picture themselves here and portraying a positive view of the destination gives them incentive to come visit and learn more for themselves.
