BOOKING A RESERVATION (ATTENDEE)

Delta Meeting Network® Offers New Online Booking Option

- delta.com has been enhanced to accept a Delta Meeting Network (DMN) meeting code for discounts when booking online. Meeting organizers, who secure a DMN program, can offer their attendees a convenient booking option with no service fee.
- This functionality applies for customers traveling worldwide to attend a contracted meeting or event. It now makes the DMN product available to a broader spectrum of travelers and gives them the flexibility to originate practically anywhere in the world.
- The meeting code field appears in all search displays, including round-trip, one-way, and multi-city searches for up to nine travelers in a single reservation.
- Whether planning a single meeting or multiple meetings, the enhanced DMN program offers speed, convenience and flexibility.
- Travel agencies may book and ticket via their GDS after receiving the meeting file number. For more information, call your Delta Meeting Network Specialist.
- Call 1-800-328-1111 for Delta Meeting Network Delegates, Mon-Fri 7:00am - 7:30pm CT and refer to the Meeting File Number. A \$25 service fee will apply for travelers who wish to call and book discounted meeting travel through Delta Meeting Reservations.
