Canada

## Saskatoon is the perfect mix of natural beauty and urban amenities.

A city on the edge of nature. Hike along the winding river and then visit the world's largest collection of Picasso linocuts. Snowshoe through forested parks and then eat at an internationally-acclaimed restaurant. From Indigenous history to modern art, prairie fresh ingredients to contemporary cuisine, kilometers of riverside trails to storied city streets, you'll make memories and meaningful connections in Saskatoon.

## Culinary & Agriculture

With an abundance of independent restaurants, this city has a food scene to make any foodie jealous. At every corner, you'll find soul-satisfying food, great coffee, and live music. Not only will you experience culinary delights, but you will also get to hear the stories and of the farmers and producers whose passion for agriculture is what makes Saskatoon so unique.
