SAVE MORE

PASSPORT

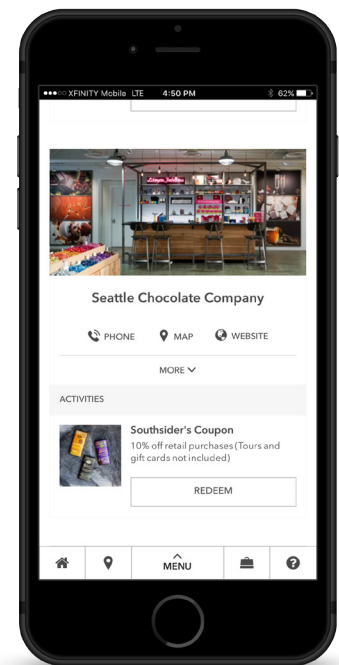

Seattle Southside's **Do More - Save More Passport** is a mobile exclusive program designed to drive more traffic to your business. Partners provide deals/ discounts which are added to the savings passport. You can provide an already existing deal, no need to create a new offer. The passport targets individual and group customer segments based on demographics, interest, duration of visit, and other factors. There are no apps to download and the passport is instantly delivered via email and text.

Because this is a mobile-exclusive program, redemptions occur directly through the customer's phone. There are no print-vouchers to deal with. The technology is very flexible on how it can work with your business process. You have the option to supply a promo code, barcode, a simple voucher, or a link for the customer to make a purchase. And best of all, this program is available to you at **no cost** beyond the discount offer!
