The Calendar of Events has a recurrence model built in. You can make your event a one-time event, daily, weekly, monthly, or yearly. If it is not a one day event, you can choose your recurring days of the event. Depending upon if it is daily, weekly, monthly, or yearly, your recurrence may change. At the bottom of the recurrence section, you can choose to end your event after a certain number of occurrences or on a specified date.

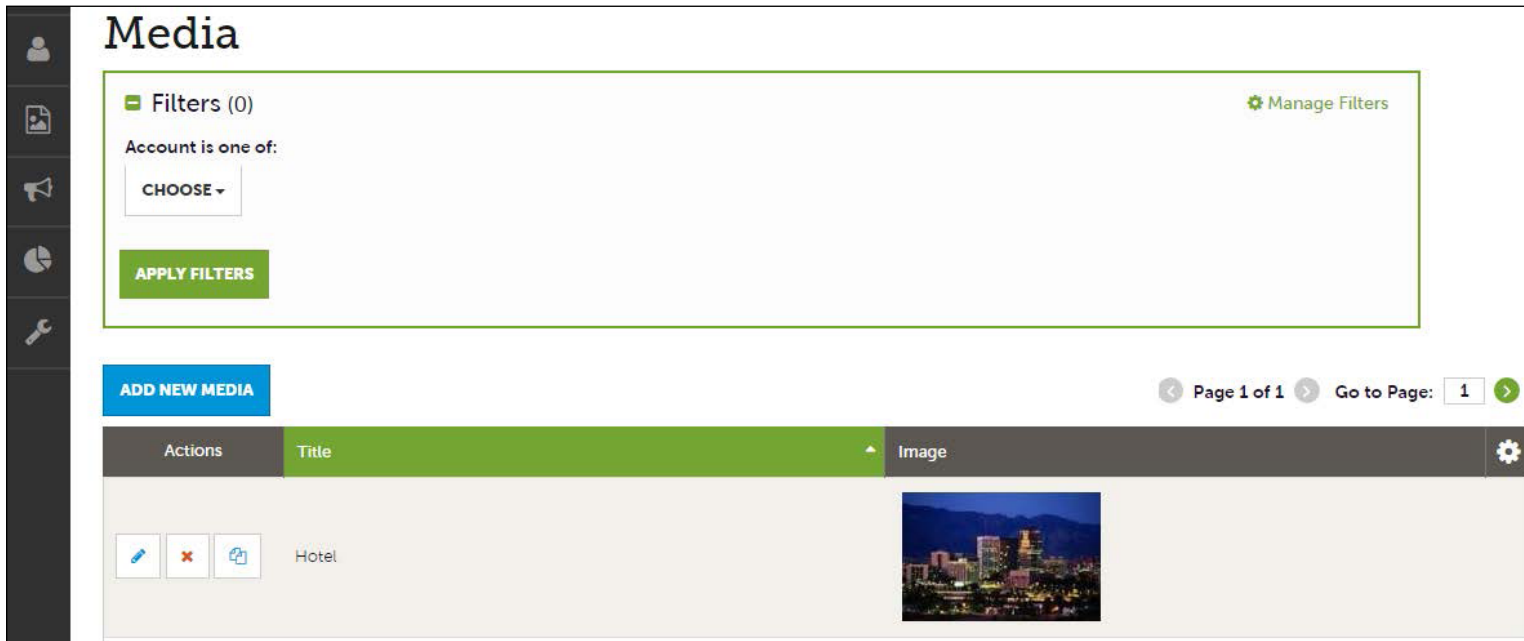

PRO TIP: Images tell the story, load up to 5 images for an event and if there is a special menu, don't forget to add a PDF of the menu as well.

As with Listings and Special Offers you can add images to your event. Adding images to an event is a little different though. In the Image Gallery section on the event, you can drag and drop an image or click the Browse button to search your computer for an image.

Any edits or adding of events will require approval from Visit SLO CAL. All new events require up to 24-48 business hours for approval before displaying on SLOCAL.com

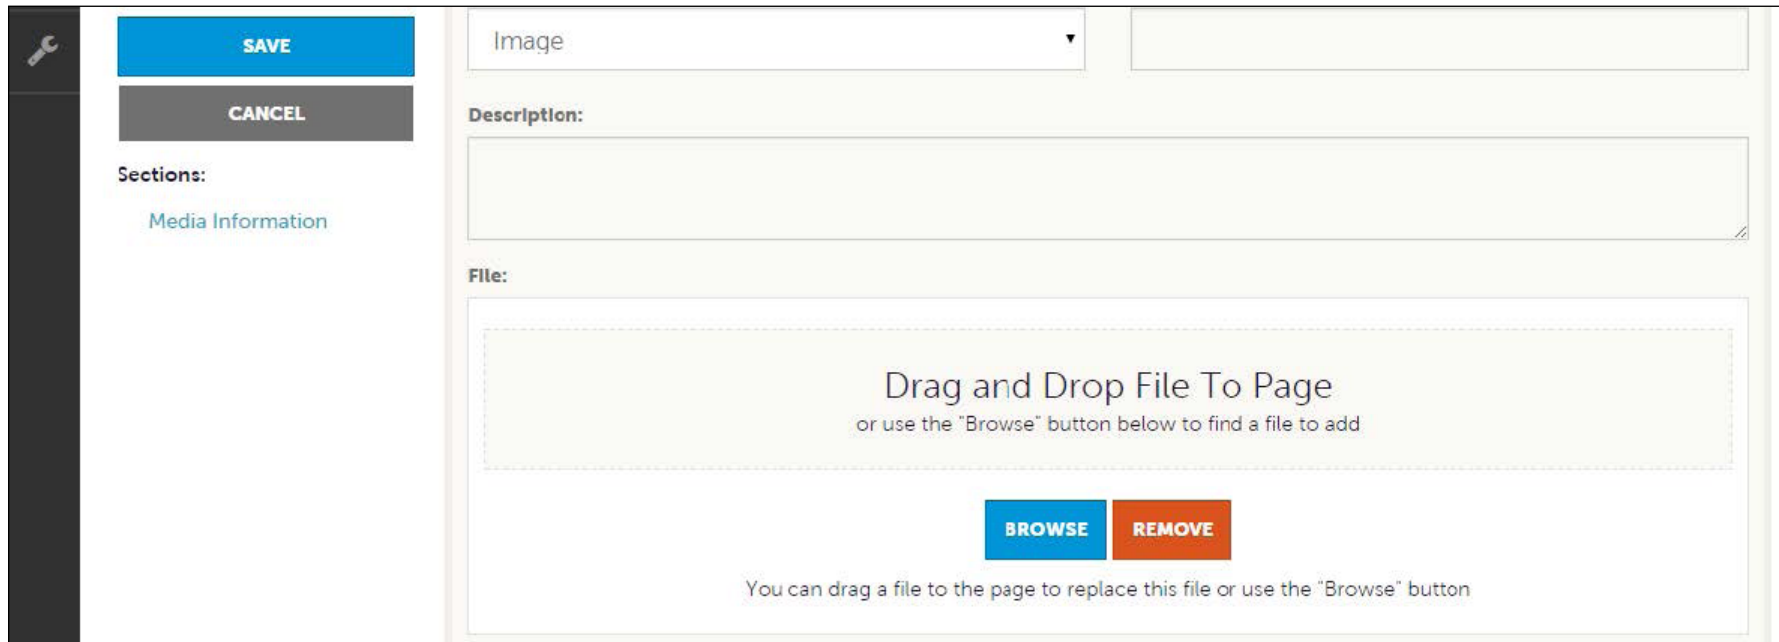

Event Guidelines: Events being submitted must be open to the public, take place in San Luis Obispo County and be of interest to tourists and/or expand tourism. Event descriptions should follow the same guidelines as listings.

Event Images: Only submit images that you have express permission or rights to use for this purpose. Preferred image size is 800 x 500 pixels. Event images must be descriptive of the event or host organization, help the user get a better idea about the event and be text-free. Please refrain from using fliers. Visit SLO CAL reserves the right to refuse inclusion of any event that does not align with the above SLO CAL guidelines.

Having an up-to-date image gallery is a great asset to promote your business. SLO CAL Connection can host several images to display on and your listings, events and special offers, each telling your unique story.

After you click the Collateral icon and then Media, you will be presented with your account's images available for use on listings and special offers. The pencil icon will allow you to edit an existing image. By clicking the red x icon, you can delete an existing image. The clone icon will allow you to duplicate an image. You can also add a new image by clicking the Add New Media button.

The screenshot shows a web interface for uploading media. On the left is a dark sidebar with a wrench icon. The main content area has a top bar with a blue 'SAVE' button and a grey 'CANCEL' button. Below these are 'Sections:' with a link for 'Media Information'. The main form area has a dropdown menu currently set to 'Image'. Below the dropdown is a 'Description:' text area. Underneath is a 'File:' section containing a large dashed box with the text 'Drag and Drop File To Page' and 'or use the "Browse" button below to find a file to add'. At the bottom of this section are two buttons: a blue 'BROWSE' button and an orange 'REMOVE' button. A footer note states: 'You can drag a file to the page to replace this file or use the "Browse" button'.

As with Calendar of Events you can browse your hard drive or drag and drop an image. Once you upload a new image or edit an existing one you can attach the image to one or multiple listings by selecting the Listings pull down menu.

Image Guidelines: The ideal image size is 800 x 500 pixels (width x height). The preferred image format is JPG. You are encouraged to compress your images before uploading them to our website to improve the load speed of your listing page and to upload them faster. Listing images must be text-free. When you receive a lead email from Visit SLO CAL, you can easily respond in SLO CAL Connection. Responding to the RFPs in SLO CAL Connection will ensure that you, the meeting planner or tour operator and the sales team here at Visit SLO CAL are all connected.

After you click the RFP icon and then RFPs, you will be presented with your property's Sales and Tour Leads. The filters in this grid determine what Leads are presented. You can change your filters to narrow your results. This is done by editing the filter fields and clicking the Apply Filters button. By default, you will see all of your Open Leads and Opens Leads you have already bid on. For more on Lead statuses and their definitions see the next slide.

LEAD STATUS DEFINITIONS

On the extranet you will see 10 different statuses in which a Lead can be in. These statuses are:

- 2. Open:** These are Leads in a tentative status that your property has not bid on and the response due date has not passed.

- 4. Turned Down:** These Leads can be Tentative, Definite, Lost, or Cancelled. The Turned Down status signifies you responded to the Lead, but stated you are not pursuing the business.
- 5. Closed / Decision Pending:** These are Leads in a tentative status that your property has placed a bid on, but the response due date has passed thus you cannot edit your response.
- 6. Closed / Lost to Another City:** These are Leads you were pursuing, but the business has been lost.
