FOR IMMEDIATE RELEASE

Explore The Coastal Nature of South Padre Island During The 29th Annual Winter Wildlife Expo

SOUTH PADRE ISLAND, Texas, January 30, 2025 – South Padre Island is thrilled to announce the 29th Annual Winter Wildlife Expo taking place February 6-8, 2025, at the South Padre Island Birding, Nature Center & Alligator Sanctuary.

“South Padre Island is surrounded by some of the most incredible coastal nature,” said Blake Henry, Visit South Padre Island Executive Director. “The Winter Wildlife Expo is great because it not only offers the chance to learn about the area and coastal ecosystem but also offers the chance to get out and explore these areas yourself with guides and field experts.”

Unlike any other event in the Rio Grande Valley, the Winter Wildlife Expo offers three captivating days of educational presentations, engaging exhibits, and hands-on experiences, all designed to highlight the natural treasures of South Padre Island and the surrounding Laguna Madre region. Guest speakers are set to weigh in on topics ranging from coastal research and conservation efforts to sustainable fishing practices, the local flora and fauna, and much more.

For those looking to get a head start on the wildlife adventure, there will be guided field trips available February 3-5. These excursions explore the wildest and most secluded places in the Laguna Madre area, granting participants access to unique and often inaccessible environments. Whether you’re a seasoned birder or a first-time explorer, these pre-expo trips are your gateway to the unparalleled beauty of the region’s wildlife. Family Day will be on Saturday, February 8, providing free admission for kids 15 and under. Don’t miss this opportunity to connect with South Padre Island’s extraordinary wildlife and conservation efforts at the 29th Annual Winter Wildlife Expo.

For more information on the Expo and guided field trips, head to www.spibirding.org/www. To learn more about South Padre Island, visit www.sopadre.com.
