PET SAFETY TIPS

People love South Padre Island's soft sandy beaches, and so will your pooch! Just keep in mind that the poolicy on the Island requires all pets on a leash – it's for the safety of your furry friends and others – and make sure you have a way to pick up after them.

Bring plenty of fresh water for your pets to drink, even during cooler months, as saltwater cabn upset their stomachs.

During hot summer months, the mornig and evening are the best time to visit the beach and keep risk of overheating. Being mindful of peak sun times will also reduce the risk of them burning their paws on the hot sand and pavement.
