

Responsible Traveller Pledge

To ensure that the places I visit are enjoyed by myself and future generations, I promise to...

1. Be aware of my social, environmental, and economic impact while travelling.

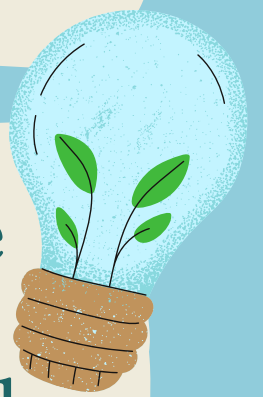

2. Educate myself about destinations before, during, and after my visit then share that knowledge with others.

3. Choose to buy local so my purchases directly benefit the communities I visit.

4. Be attentive of the waste and carbon footprint produced from my travels.

5. Leave all destinations in a better state than when I originally arrived!
