

Good Morning,

We have anxiously awaited word from the State in response to the County's request to move into Safer at Home Level 1. State approved Routt County moving to Level 1. I hope most of you received Heather's email below. I am sending through to further this update.

Quick reminder that the restaurant industry work group continues to meet and is focused on winter operations. Please let Nick, Mark or I know if you have thoughts, ideas, questions, etc.

Additionally, "to-go" alcohol sales have also been extended to midnight per Governor Polis' [Executive Order](#).

Thank you,  
Kara
