MESSAGE FROM THE PRESIDENT & CEO

It has been said that destination branding is about understanding who you are, while destination marketing is how your brand promise is communicated.

As Huntington Beach's official destination brand marketers and managers, Visit Huntington Beach understands this subtle, yet important distinction. If our annual and long-term strategic thinking, and related tactics are savvy and spot on, we can positively affect visitor brand experiences and perceptions.

Effectively doing our jobs and delivering the right marketing messages means more target audience visitors will come, stay longer, spend more money, return more often, and tell others about their wonderful experiences in Surf City USA.

For the past 30 years, VHB has been honored to serve as a leader in this role. And, we are now more excited than ever about the future of HB's destination brand!

New and improved hotel products, better shopping and dining options, and more unique activities combine to position Surf City USA as a must see, must experience destination for years to come.

Further, the SoCal region will be hosting more world-class events in the next decade than ever. From the 2028 Summer Olympic Games to the 2026 FIFA World Cup to the NFL's 2022 Super Bowl, all eyes will be on this region.

So, buckle up. The timing is perfect. We are setting the stage to ensure Huntington Beach is The Beach Town for new and returning visitors the for next 30 years!

KELLY MILLER
President & CEO, Visit Huntington Beach
MESSAGE FROM THE CHAIRMAN

I am privileged and honored to once again be this year’s Visit Huntington Beach Board Chair. There are many proud accomplishments to highlight over this past fiscal year, including the unforgettable California Beach Festival that hosted 1,200 global IPW buyers and media at the Pier, the launch of the HB Collection brand for group sales, production of the Surf City Women campaign, record numbers across the board in major key metrics, and the hosting of the inaugural VISSLA ISA World Junior Surfing Championships.

VHB is a return-on-investment, laser-focused organization. Their disciplined approach to sales and marketing helped total visitation to HB and related spending expand 7.0% and 13.3% respectively in 2018. Additionally, over $736 million in total business sales was generated with nearly 7,000 local jobs supported, and over $18 million of revenue added to the City of Huntington Beach’s general fund.

The VHB Board is proud of the hard work the team continues to display, ensuring the Surf City USA brand is front and center in the hearts and minds of future and current visitors and customers.

Knowing our competitive landscape, I’m confident that Visit Huntington Beach is poised to continue marching forward in our efforts in global destination branding!

Build a place where people want to VISIT and you build a place where people want to LIVE; build a place where people want to LIVE and you build a place where people want to WORK; build a place where people want to WORK and you build a place where people want to DO BUSINESS. — Maura Gast, former Chair, Destinations International
Visit Huntington Beach is the official accredited destination marketing organization (DMO) for the City of Huntington Beach. We partner with other DMOs at regional, state, national and global levels to share industry best practices and research data, proactively train and educate our growing workforce, cooperatively market travel and tourism, engage in industry planning and product management, and measure our performance at each level through uniform standards and metrics. Collaborative partnerships are a key way that our DMO leverages limited resources to bring a world-class program of work to reach our goals with the Huntington Beach tourism community.

Adding these three impact levels together shows the economic impact of travel and tourism in a community.

VHB FUNDING SOURCES

VHB’s funding does not come from taxes paid by local residents, including local property taxes paid by home and business owners. Funding is derived through a Tourism Business Improvement District (TBID) self-assessment paid by Huntington Beach hotels who collect the assessment from overnight hotel guests choosing to stay in one of Huntington Beach’s 24 hotels (2,600 total available rooms):

- Tourism Business Improvement District (TBID) = 100%
- Transient Occupancy Tax (TOT) = 0%
- Other = <1%

**Tourism Business Improvement District (TBID):**
Huntington Beach’s overnight hotel guests pay an additional 4% assessment fee for each occupied hotel room per night during their stay. The TBID assessment is not a tax, but a self-assessment, which the 24 local hoteliers place upon themselves for occupied rooms, and is paid by overnight visitors. TBID assessment revenues provide a more dependable, long-term, sustainable revenue source to market Surf City USA globally without any tax burden on local residents.*

**How much TBID assessment revenue is dedicated to VHB?**
On February 1, 2019, a new TBID management district plan went into effect that changes the self-assessment rate at check-out of hotels paid by overnight visitors from 3% to 4%. This change will result in total estimated TBID annual revenues of $5.2 million to fund Visit Huntington Beach’s program of work. It also allowed the City of Huntington Beach to now receive over $1 million in new revenues for the general fund that were previously allocated to Visit Huntington Beach through Transient Occupancy Taxes (TOT).

IPW is the leading international inbound travel trade show in the US bringing 1,300+ top global wholesalers, receptives and tour operators and over 500 media from around the world.

Over seven days during IPW 2019, held this year in Anaheim, Visit Huntington Beach hosted three groups of VIP trade clients and journalists for pre-familiarization tour (FAMs), three different sightseeing tours which brought in a total of 100 IPW delegates, attended the three-day tradeshow to host appointments with buyers and media, and threw one epic, legendary private event right at the Huntington Beach Pier.

It was a whirlwind week in Huntington Beach, with over 1,300 global buyers and media descending into the destination to experience the true California Dream: surf lessons, live music, cruises down PCH in vintage VWs, delectable food and drinks, and sunshine. The California Beach Festival was a massive success, with the entire IPW trade show floor buzzing about Huntington Beach on the Tuesday afterward. Not only was it called the best event in decades, but HB was buzzed about solidifying its place on the map.

One prominent buyer stopped by the Visit HB booth after the event to specifically mention that upon walking through Pier Plaza during the California Beach Festival and seeing the HB Pier, the ocean, the sand, and the festival grounds, they thought, “This is exactly what I think of when I think ‘California.’ That’s the California Dream. This is what we’ll be selling now to our clients.”

NIGHTTIME AMBASSADORS

The Nighttime Ambassador program is operated by Visit Huntington Beach in partnership with the HB Downtown Business Improvement District. These Hospitality Ambassadors can be found in Downtown HB on busy summer evenings. Trained staff provide visitor information, promote a safe nightlife experience for our visitors, assist local businesses by escorting employees to their vehicle after hours, and supporting local police efforts by de-escalating unwanted situations and re-directing traffic around police business.

“As always, the nighttime ambassadors do an excellent job. They have good communication with me and the officers and are a much-needed assistance during summer nights. I hope the program continues indefinitely.” — Sgt. Juan Munoz, HBPD

SURF CITY USA SHUTTLE

The Surf City USA Shuttle kicked off the 2019 summer season with a partnership with the National Cartoonist Society for its first NCSFest. Featuring a redesigned shuttle wrap, the shuttle connected festival attendees between the event’s headquarters at the Hyatt Regency Resort and Spa, the downtown festival on Main Street, workshops at the Main Street Library, and complimentary parking at the Huntington Beach Civic Center.

2019 shuttle service continued on weekends through Labor Day Weekend and also for Huntington Beach’s 4th of July Celebration, US Open of Surfing weekends, and The Great Pacific Airshow.
