Welcome to Huntington Beach, CA, where adventure, relaxation, and natural beauty come together in one ultimate Southern California experience. Also known as Surf City USA®, Huntington Beach is known for its world-class surf and more than a century of surfing culture under our belt. This is where the legacy of surf legends like Duke Kahanamoku and George Freeth continues to inspire residents and visitors alike. Surfing is our favorite sport, but it's much more than just that—it's a way of life that fuels our active, outdoor culture and helps shape our beachside community.

Surfing is only the beginning of what makes Huntington Beach special. Nestled along 10 miles of pristine coastline, each of our five stunning beaches offers its own unique charm-gather with family and friends for a sunset bonfire around one of 500+ free firepits, work on your zen during beach yoga, or watch delighted pups frolic in the waves at Huntington Dog Beach. Adventure awaits beyond the beach too. With over 70 parks, eight miles of paved bike path, a serene harbour, and the largest saltwater marsh in coastal California, there is always something to keep you moving and exploring.

Downtown HB is brimming with lively shops, restaurants, and weekly farmers markets and artisan fairs. The "Times Square of Surfing" calls back to our rich surf history with the Surfers' Hall of Fame, the Surfing Walk of Fame, and the International Surfing Museum. For those eager to learn more, a guided walking tour is a perfect way to delve into the heart of our surf culture and history.

Huntington Beach is a place that welcomes everyone, and our annual events are often how firsttime visitors immerse themselves in what our destination has to offer. We're thrilled to welcome back our favorite events each year such as the US Open of Surfing, Surf City Marathon, Corgi Beach Day, Oktoberfest at Old World Village, A Great Day in the Stoke, and the Pacific Airshow.

Whether you're here for business, pleasure, or a little mix of both, we hope your visit inspires you to ride your own wave and experience everything that makes Huntington Beach unique.

AUTHENTIC Beach Life

The Party's at the Pier

Nothing captures the spirit of Surf City USA® like the Huntington Beach Pier.

HE ICONIC Huntington Beach Pier is a vibrant hub for locals and visitors alike. There's something for everyone, whether you're looking to play, eat, or shop. Stroll along the 1,850-foot pier (one of the longest on the West Coast) and you'll encounter blissed-out sunbathers, local fishermen, and enthusiastic surfers making the most of the waves.

The pier dates all the way back to 1904, and is listed on the National Register of Historic Places! After a lashing from a pair of winter superstorms in the 1980s, the pier was rebuilt and entered a new era.

Hungry? Make your way to Duke's or Sandy's Beach Shack, restaurants at the base of the pier that offer beach casual atmospheres atmospheres, beautiful views, and a variety of California-inspired dishes. Or venture out to the

end of the pier for fresh lobster rolls, oysters, and a killer view at Broad Street Oyster Co.

Afterward, check out Surf City Store and Kite Connection for beach toys and accessories.

In addition, there are more than a dozen beach volleyball courts nearby. Free weekend summer concerts, a weekly arts & crafts fair, and other special events are held at the Pier Plaza Amphitheater.

International sporting competitions are also held near the pier, drawing thousands of spectators and national television coverage. The most famous is the US Open of Surfing, the world's largest surf competition, where spectators can enjoy elite surfing, product demos, and samples from action sports industry brands with no admission fee.

The Huntington Beach Pier is open daily from 5 a.m. to midnight.

HUNTINGTON BEACH PIER THROUGH THE YEARS

1912

A winter storm knocked a large chunk of the pier into

1914

The pier was rebuilt using concrete to a recordbreaking length of 1350 feet.

1930

Another extension was made to the pier that included the addition of The End Café

1933

A repair was needed after an earthquake disconnected the new end of the pier from the origina length.

1939

The café and the entire end of the pier plunged into the ocean after a rare hurricane hit Huntington Beach.

1940

The pier addition was quickly reconstructed and remained intact for four lecades while serving as a ubmarine lookout post for the U.S. Navy during World War II.

1983

Once again, The End Café crumbled into the Pacific during a spring storm but was rebuilt to include a two story café within the year.

1988

Winter storms damage the pier for the last time in its history, sending a large portion of the pier into the ocean.

1992

Nearly \$200,000 was raised to reconstruct the entire pier, 13 feet higher nd 20 feet longer than its predecessor.

SURF CITY ORIGINS

How Huntington Beach Became a Coastal Icon

Surf music didn't ease its way into the spotlight - it made waves. In 1963, Jan and Dean's infectious hit "Surf City," co-written with Beach Boys legend Brian Wilson, soared to the top of the Billboard charts, becoming the first surf song to ever claim the No. 1 spot. Though the song's idyllic beach town was fictional, the spirit it captured was very real—and Huntington Beach embodied it perfectly.

By 1991, the city made it official, adopting the title Surf City USA® and solidifying its place as the definitive surf destination in Orange County.

SUNSET BEACH

Sunset Beach is still one of the best-kept secrets in Southern California, and it's a wonderful place to wander and soak up some vintage beach vibes. Positioned along Pacific Coast Highway south of Seal Beach, you'll find antique stores with nautical themes, great local establishments that have been popular for decades, and interesting shops that reflect the

neighborhood's folksy, small-town personality. Make some time to explore this wonderful little stretch of classic California.

NEARBY LUXURY

Venture down Pacific Coast Highway about 10 miles south of Huntington Beach and you'll find yourself at Fashion Island (fashionisland. com), one of the largest open-air shopping centers in the U.S. Boasting nearly 200 exquisite stores and restaurants and perched on a hill overlooking the ocean, the views are as amazing as the shopping. Head inland, about 10 miles east, to South Coast Plaza (southcoastplaza.com) and you'll hit the largest shopping center on the West Coast. Most of its 275 retailers, from charming boutiques to major department stores, specialize in luxury offers such as Louis Vuitton, Hermès, Chanel,

and Bottega Veneta. (And keep an eye out-you never know what celebrity you might see here!)

SURF SHOPS

Don't miss the surf shops in Huntington Beach—we've got some of the world's best. Local favorites like Huntington Surf & Sport and Jack's Surfboards are the anchors of the "Times Square of Surfing" at the cross-section of Main Street and Pacific Coast Highway. These two have been Southern California icons since the 60's and 70's. Rip Curl is another must-stop shop right across the street from Huntington City Beach, and Katin Surf Shop holds its own up in Sunset Beach as the first brand in California to make surf trunks.

FUN Outdoor

Make the most of the sunshine in Surf City USA® by spending the day outdoors. Explore a lush Secret Garden, play a round on an 18-hole disc golf course, or drop a fishing line into Huntington Lake in search of a lucky catch. Ready to play? We've got a list of the best adventures under the SoCal sun.

Huntington Central Park is 356 acres, making it the largest city-owned green space in Orange County. It's divided into two major sections: Central Park West and Central Park East. Central Park East is home to the Huntington Beach Central Library, which was designed by Richard Neutra, a modernist Austrian-American architect who lived in Southern California. Neutra and his son, Dion, completed the cutting-edge project in 1975. Outside the library, take a meditative walk along the Secret Garden, which was built to showcase drought-tolerant plants and provide a moment of serenity for those who visit. (It's also a great spot for bird watching.) In the summer, theatergoers can enjoy a free outdoor concert series at the amphitheater while kids play in Adventure Playground.

MORE ADVENTURE AWAITS in Central Park West. Here, you'll find a popular dog park and an 18-hole disc golf course, set on 25 acres just two miles from the beach. The Equestrian Center is home to nearly 400 horses

and hosts a variety of annual horse shows. At Huntington Lake, one of two lakes located in the park, fishing is permitted for those 16 years or older with a valid license. Lucky anglers might hook bluegill, carp, channel catfish, crappie, largemouth bass (catch and release suggested), and rainbow trout. No boats or rafts are permitted on either lake. Grab lunch at the popular Kathy May's Lakeview Cafe, then head over to the Central Park West Playground, where kids can frolic on three-dimensional climbing structures, rope bridges, and zip lines. For younger children, there's a toddler playground with baby swings and see-saws with a nice view of the lake.

IF YOU'RE FEELING LIKE a swashbuckling adventure, head to the pirate-themed All-Inclusive Playground at the Beach, located just north of the pier. It's designed to promote interactive play for children of all abilities. Kids love the soft rubber ground cover and those who use wheelchairs will find plenty of adaptive equipment. The playground can be accessed from parking areas as well as the beach path.

FUN Outdoor

Lace up your skates for some of the best people-watching HB has to offer.

KATING ALONG the beach under the warm SoCal sun is a pretty great way to spend an afternoon. Huntington Beach's 8-mile oceanfront paved path stretches

from the Santa Ana River up to Sunset Beach, so there's plenty of beach to explore.

Surf City Skates (surfcityskates.com) is a lifestyle brand and skate shop founded by SoCal native and veteran skater Toni Edwards. Created to inspire and educate skate enthusiasts of any skill level, Surf City Skates offers rentals, tips, training, and skating meetups. Style-forward skaters will love the shop's collection of custom models adorned with everything from leopard prints to LED wheels. Want to create your own look? Simply bring a pair of your favorite shoes to the shop and the knowledgeable and friendly staff will build the skates of your dreams.

HERE'S A REASON pickleball is the hottest sport in the country: It's easy to learn, and a ton of fun to play. HB locals have embraced the game, so whether you're looking for pickleball lessons, new gear, or the perfect court, you'll find it here.

If you enjoy sports, there's a good chance that you've heard of pickleball, the fastest-growing sport in America. The game, a sort of mashup of tennis, badminton, and ping-pong, is gaining popularity for one simple reason: It's a blast to play. If you're curious, you can book private or group lessons with the **Surf City Pickleball Society**, founded by Diana Abruscato in 2013 (surfcitypickleballsociety.com).

Or check out the 24 lighted courts at **Golden West College**, run by **Huntington Beach Pickleball**. Enroll in lessons, join a league, or just play with friends. Courts are open Monday to Sunday from 8 a.m. to 12:30 p.m. and 6 p.m. to 10 p.m. (huntingtonbeachpickleball.com). **Worthy Park** on 17th and Main Street also has permanent outdoor courts that are free to the public and lighted daily until 10 p.m. Stop by on Saturdays from 9 a.m. to noon for drop-in play—just remember to bring court shoes.

EASY, BREEZY BOATING

Yearning for a day on the water? Take advantage of the Duffy Electric Boats available for rent from **Huntington**

Harbour Boat Rentals

(huntingtonharborboatrentals. com). Choose between an 8-or 12-passenger boat stocked with coolers and ice, perfect for a scenic picnic on the calm waters. The boats are easy to navigate, and the quiet electric engine means you can enjoy

the tranquility around you. The cost for two hours is \$190 for the 8-person option and \$200 for the 12-person boat, and you must be at least 25 years old to rent a Duffy Boat.

If you want to explore on your own or with a friend, you can also rent stand-up paddleboards and kayaks on-site. Guests can park along Pacific Coast Highway, or in the free lot across PCH, next to Sunset Beach.

If being behind the wheel isn't your thing, you can leave the driving to one of the experienced boat captains at **Prince**

Charters (princechartersllc. com). Rent a piloted Duffy Boat for an excursion or opt for a beautifully restored classic wood boat or a luxury yacht. Your private boat cruise is guided by a licensed captain and offers beer, wine, and more.

Surf City USA® has miles of coastline to enjoy, which makes it a cyclist's dream.

HETHER YOU'RE INTO beach cruising or serious road cycling, you'll find a perfect ride in Huntington Beach. Ride your own cycle or rent one along the beach and ride into the sunset

on our smooth, paved trails. If you're looking for a more relaxing trip, electric bikes are available for rent as well. If you're into road cycling (an advanced style of riding that requires multiple gears), you can also enjoy a scenic ride on our relatively flat roadways. Be sure to say hello to fellow road cyclists and safely follow the dedicated lanes throughout the city.

FRIENDLY Corgi Beach Day

HE FIRST Corgi Beach Day was founded in 2012 by Kelly McLemore. It's since grown into one of the largest annual gatherings of its kind on the West Coast. We got the scoop on the furry festival-and what makes HB the perfect place to host it.

Dogs are extremely popular across California, yet there are very few public beaches where they are welcome. How important is Huntington Dog Beach to local pet owners?

Huntington Dog Beach is truly something special. No leashes, no restrictions—just pure joy as they run, dig, chase waves, and make new friends. And let's be real-Huntington Beach is the quintessential SoCal beach. With its wide stretches of sand, iconic pier, and perfect surf, it represents everything people love about California beach culture. That's why we're so happy to call it the Home of Corgi Beach Day since 2012!

What is it about Corgis that draws people to them?

There's something about corgis that just makes people smile. Their short legs, fluffy butts, and expressive faces are undeniably adorable, but they also have big personalities packed into their compact frames. They're smart-sometimes too smart for their own good-and they have this mischievous, playful energy that makes them so fun to be around.

What inspired you to start Corgi Beach Day?

SoCal Corgi Nation all started with Mr. Pickles, our own corgi. After he recovered from several ACL surgeries, we organized an impromptu meet-up at his favorite place-Huntington Beach Dog Beach-to celebrate. We never expected it to be anything more than a fun afternoon at the beach, but word spread fast, and before we knew it, our little gathering exploded into a full-blown community, with thousands of corgis and their humans coming together to celebrate these amazing dogs.

We've grown exponentially over the years,

and while Corgi Beach Day is our original signature event, now held twice a year in the Spring and Fall, we've expanded beyond just one beach meetup. We also produce Corgi Nationals—our high-energy corgi racing event twice a year, along with other pop-up events throughout the year as well!

Can you describe the scene at a Corgi Beach Day?

Corgi Beach Day is pure, joyful chaos—in the best possible way. Imagine thousands of corgis bouncing across the sand, dressed in everything from Hawaiian shirts to superhero capes. We have thousands of people and over 1,000 corgis taking over Huntington Dog Beach. At the heart of it all is our Main Arena, where the crowds gather, the music pumps, and

corgis take center stage to compete in contests like Corgi Limbo, the Eating Contest, Fetch Fanatic, and our most beloved event—the Costume Contest. It's nonstop fun, laughs, and unforgettable moments.

We also have a Vendor Village featuring more than 40 pet-centric brands, where attendees can shop for dog products, corgi-themed merch, and more. There are also photo op stations scattered throughout the event to capture the perfect memory, food trucks, and of course, the beautiful surf and sand of Huntington Beach.

You're now celebrating 13 years of Corgi Beach Days. Are you surprised by the incredible growth of the event? Do you expect it will continue to grow?

It's honestly mind-blowing. When we started,

it was just a few friends with corgis meeting up at the beach. Now? It's a massive event that people road trip across country for and even fly and travel from overseas. We've seen it grow year after year, and what keeps it going is the energy of the community.

Your events aren't just fun-they also raise funds for corgi rescue and rehabilitation. How does that fit into your mission?

Giving back is a huge part of what we do. We've been partnered with Queens Best Stumpy Dog Rescue since 2013. Their mission is to help corgis in need-whether it's rescuing, rehabilitating, or rehoming them. There are so many corgis out there who need medical care, foster homes, or just a second chance, and these organizations do incredible work making that happen.

Hope Through Horses

At-risk youth are finding solace thanks to the Free Rein Foundation, which connects young people with rehabilitated horses.

T'S NOT NEWS that animals give their human companions both joy and a sense of comfort. The professionals at the

Free Rein Foundation have harnessed the connection between horses and young people to create an innovative-and effectivetherapy center, Through Equine-Assisted Psychotherapy, participants learn effective methods to help them manage anxiety, depression, and more.

Free Rein's programs provide benefits for children and teenagers suffering from anxiety, depression, anger management issues, drug addiction, grief and loss, and trauma. During EAP sessions, mental health treatment issues are addressed through activities that aim to reflect real-life situations. Because counseling and therapy are part of the process, their EAP professionals follow a strict code of ethics.

In each 8-week EAL program, kids learn about themselves, their relationships with other people and how they interact with the world around them. The proprietary curriculum, developed by Free Rein's founder, Dr. Carole Harris specifically addresses issues that children and teenagers face, including peer pressure, bullying, drugs, gangs, leadership, and self-confidence.

By nature, horses communicate primarily through body language, as do humans. When a student enters the pasture for an EAP/ EAL session, their body language impacts the horse's behavior. When a horse senses a change in body language, the animal will begin to act differently. In this scenario, students are given an immediate response to a change in their actions, and they can compare their experiences with the horses to interactions with people in their lives. Once this occurs, mental health professionals prompt the students with questions that help them draw their conclusions about their behavior. Since the solutions are personally experienced in conjunction with intellectual understanding, they tend to be deeper, more profound, and longer lasting. 18381 Goldenwest St., Huntington Beach; 714-328-9923; freereinfoundation.org

At the Senior Center in Central Park, residents enjoy a vibrant social scene filled with activities, lively conversation, and a sense of community.

OU WON'T FIND anyone lonely at the Senior Center in Central Park. Here, they take pride in creating community. Friendly staff

and attendees enjoy classes, activities, and workshops, but it's the social interaction that draws repeat visits. At the Hoag Health and Wellness Pavilion, you'll find an array of stateof-the-art gym equipment as well as fitness classes and personal trainers. There's also an emphasis on helping seniors stay in their homes as long as possible—a concept coined "aging in place." Care managers and resource specialists are on hand to coordinate services such as home-delivered meals and free transportation. If you're just looking for a bit of fun, they've got you covered there, too. What makes a Huntington Beach wedding so special? We asked wellness and fashion entrepreneur Katrina Garibeh to share the details about her recent nuptials.

Why did you both want to get married here?

We love Huntington Beach, and we knew we would get lucky with the weather. Plus, the location of the hotel is perfect.

How did the two of you meet?

Ryan and I met at a bar in Long Beach. We went the old-school way, rather than Tinder or another online dating app. After our first night out, we didn't get the chance to exchange phone numbers but we did share our snap chats, and boy was he persistent in trying to hold a conversation with me. Although I wasn't having it, I eventually agreed to go out another time. As soon as we saw each other, we quickly knew this was something pretty special, and I left that date swooning over him. We had our first date on November 1st and by Thanksgiving I introduced him to my entire family. Being Middle Eastern, that was a huge deal! We were inseparable and we still are.

Why did you choose to hold the wedding at The Waterfront Beach Resort, a Hilton Hotel?

It was important to us that everything was all in one place. What really sold us was the beautiful lawn area where we had the ceremony and the seamless flow of the Breakwater Ballroom. Our guests really loved that they were able to party past 11 o'clock. We wanted to keep the fun going all night long.

So, how was the actual wedding?

We wanted everything to be clean, chic, and classy, so we chose a white-and-black theme. We sprinkled in some traditional Middle Eastern aspects: our priest, the Zaffe drummers who brought us into our reception, and a latenight Middle Eastern snack selection that our guests still talk about. Later, we brought out light-up cowboy hatsthat really jump-started the party all over again!
