HISTORY TOUR #1

Visit Topeka

The story of Brown v. Board of Education, which ended legal segregation in public schools, is one of hope and courage. Tour the former home of Charles Curtis and marvel in the intricate decor and memorabilia from his political career. When Charles Curtis was selected by President Herbert Hoover to serve as his Vice President, Curtis became the first Native American to hold the office, the first Vice President to come from west of the Mississippi, and the first Vice President from the state of Kansas. The award winning Kansas Museum of History tells the store of the people of Kansas. See the Santa Fe's oldest surviving locomotive and a 1914 version of the plane which made the first successful flight of a Kansas built plane in 1911.
