HISTORY TOUR #2

Visit Topeka

Step back in time to the 1800s with a visit to Old Prairie Town/Ward-Meade Historic Site. The 1800s village features a replica of the 1854 Log Cabin in which pioneer and wheelwright Anthony Ward raised his family while constructing the Ward-Meade mansion which is now on the National Register of Historic Places. Cedar Crest is the official residence for Kansas governors. It is the second home in Topeka to hold this distinction. From 1901 to 1962 the Erasmus Bennett house at 8th and Buchanan served as the governor's residence. The Kansas State Capitol is located on a 20-acre tract in downtown Topeka. Its distinctive copper dome with Ad Astra statue is a prominent feature of the city skyline.
