COMBAT AIR MUSEUM

SOAR THROUGH HISTORY

Located on the former Forbes Air Force Base at the Topeka Regional Airport, the Combat Air Museum has an extensive collection of aircraft and artifacts. There are 39 planes, ranging from the earliest aviation period to present day. You can peer in the window of a bomber or stand inside other planes and helicopters. Knowledgeable docents, many with a military background, are available for guided tours. Don't leave without testing your skills on the flight simulator. The museum is conveniently located near Heartland Park and the Museum of the Kansas National Guard off Highway 75 and Topeka Blvd.
