

Pat's Mexican Cornbread

Serves 6

Use 8" square baking dish or Mexican ovenware of similar size

1 can creamed corn

5 T. Melted Butter (I melt butter in baking dish to be used)

1/2 c. Cornmeal

1/4 c. Flour

1 1/2 t. Baking Powder

T. Sugar (optional)

Dash Salt

1/4 c. Milk (to rinse out can)

Mix all above ingredients together - pour 1/2 in buttered baking dish, add layer of grated cheese and layer of whole Anaheim green chilis (with seeds removed), add remaining batter on top. Bake in 350 degree oven for 1 hour. Cool slightly before cutting into squares to serve.

Double or triple recipe and use larger baking dish for more people.
