GELS

The Civic Center has on hand a supply of Lee and Roscolux gels in basic colors. We strongly advise that you travel with your own gels if possible, as we cannot guarantee that we have the colors or quantities your production may require.

Gels should be pre-cut to these specifications (an adequate number of gel frames are available for use).

- Lekolights: 7 ½" x 7 ½"
- 6' Fresnels: 7 ½" x 7 ½"
- 8" Fresnels: 10" x 10"

➤ Cyclorama: 12" x 15 ½ "
