VIRGINIA IS FOR LOVERS

Welcome to Virginia.

Whether it's your first time in Virginia or you are a local looking to explore someplace new, this year's guide highlights plenty of exciting adventures, historic experiences and memorable places to discover during your Virginia travels.

You can immerse yourself in history and experience the spirit of Virginia through a myriad of sites, from the first permanent English settlement at Jamestown to the birthplaces of U.S. presidents and everything in between. And while Virginia's past includes some of the best and worst chapters in our American history, these sites illuminate our past and provide an important lens that expands our education and knowledge of Virginia and our country.

For the outdoor lovers, Virginia's adventures are easily accessible and truly unforgettable. Virginia has an unsurpassed topography, with beautiful beaches, accessible waterways and majestic mountains. And as you travel through Virginia, you will meet our greatest resource, our innovative and resilient people.

We are home to 41 state parks and 22 national parks, including scenic trails and recreational waterfronts. We even offer 544 miles of the Appalachian Trail - more than any other state!

Wherever your travels take you, don't forget to look for the spirit of Virginia along the way, which is embodied through our more than 300 life-sized LOVE signs. LOVEworks are special places for commemorative photos and may even provide the inspiration for that bucket list road trip that fulfills your wanderLOVE.

We hope this guide will inspire you to embark on a Virginia vacation, and we wish you safe and fun travels as you explore all the Commonwealth has to offer. From relaxing beaches to storied mountains and quaint small towns to bustling urban hubs, the hard-working Virginians who live and work here are eager to welcome you.

We can't wait for you to experience the spirit of Virginia as you discover for yourself why *Virginia is for Lovers*.

Sincerely,

Glenn Youngkin
GOVERNOR OF VIRGINIA
