## THE TRIFECTA: BEAUTY, CLIMATE AND ACCESS

**VIRGINIA'S IDEAL LOCATION** in the Southern Mid-Atlantic makes it a perfect golf destination. The state is within a day's drive of 60% of the U.S. population – and much of southeastern Canada; the nation's capital, Atlantic beaches and mile-high mountains are all in close proximity. Major Interstates and U.S. highways connect a variety of golf experiences near bustling cities and quaint small towns – in a climate that's just right.

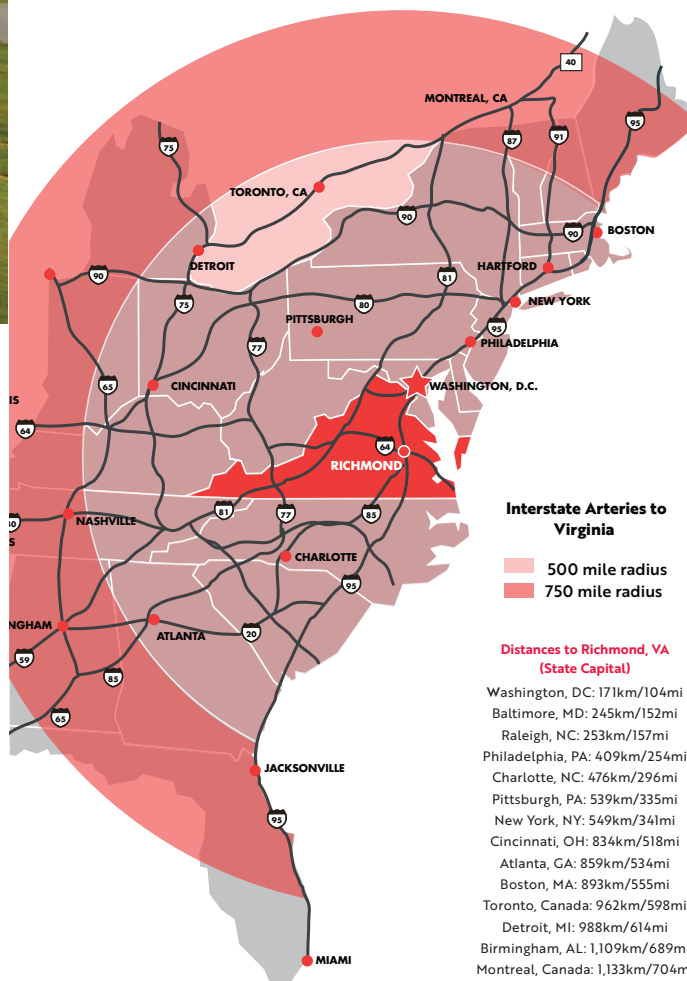

**VIRGINIA'S GREAT WEATHER**, combined with its scenic landscape that ranges from Atlantic Coast to rolling piedmont to mile-high mountains, creates a golf destination that is as alluring and accessible as anywhere in eastern North America. Even at its most mountainous reaches, Virginia has a temperate, inviting climate for most of the year, with all regions averaging more than 200 days of sun per year!

**VIRGINIA'S DIVERSE TERRAIN**, from sea-level coastal areas to mile-high mountains (1,600 meters-plus), offers a wide range of playing challenges, not to mention breathtaking views.

**THIS DIRECTORY** provides regional lists of Virginia golf courses open to the public. Each region offers a map with numbers, for general location reference, that correspond to the listed courses.

**VISITORS ARE WELCOME** at these listed courses; all are either fully public, semi-private (daily rates for play), military (play with a service member) or offer resort play.

*All course information was verified in October 2022; please call ahead to confirm, as specific details may change.*

## The ultimate golf getaway is our Stay and Play package.\*

Tee off on The Omni Homestead's historic Old Course, which debuted in 1892 as a 6-hole course. As the game gained in popularity, the Old Course was expanded to 18 holes and 6,000 yards in 1901. In 1913, renowned architect Donald Ross redesigned the course adding his distinctive saucer-shape greens and contoured fairways. The course was refined in 1994 by Rees Jones. Abundant fairway contouring gives most shots a side hill, uphill, or downhill lie to smallish greens, making approach shots interesting.
