Welcome

Watkins Glen and Schuyler County can best be described as the place where Mother Nature meets Main Street. The Village of Watkins Glen in particular is home to some of the most scenic and iconic sights you could ask for, with Watkins Glen State Park on one end and Seneca Lake on the other. From vineyard-covered hillsides to peaceful hiking trails; from bustling shops to a world-renowned race track. Whether you are planning a relaxing vacation, seeking adrenaline pumping excitement, or something in between, you won't find a better place to make memories than right here!

If you are looking for visitor information or some guidance on making the most of your stay, be sure to stop by one of our Visitor Centers. Our main Visitor Center is located at 214 N. Franklin Street in downtown Watkins Glen. We also welcome guests at our Satellite Visitor Center at the Main Entrance of the Watkins Glen State Park. You may arrive as a stranger, but you will leave as a friend. We invite you to explore our beautiful slice of paradise. There is something special at every turn.

Come and see for yourself!

Schuyler County and Watkins Glen are a Four Season Destination!

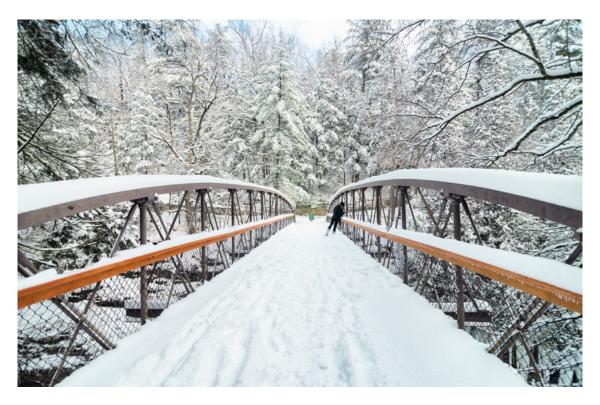

🔭 istorically the Finger Lakes were always seasonal. Our late springs, full of blooming plants, then our summers with busy tasting rooms and roaring engines at Watkins Glen International, and finally vibrant autumn and harvest. While it's true that summer is still our busiest season, our region is a fun place to visit all year. Each season is unique, and regardless of the season, there are plenty of fun things to see, taste, and experience here in Schuyler County and Watkins Glen!

Winter

Though nobody swims in the frigid lake and places like the race track are closed, there is still much to explore during the winter season. Our villages are quieter, our lodging facilities less crowded, and the pace gentler. But many formerly seasonal destinations are now year-round, having crafted experiences only available in winter. Wine trails like the Seneca Lake Wine Trail and Cayuga Wine Trail, host many food and wine pairing events. And while Watkins Glen State Park's main path in the gorge is closed, their newly renovated North Rim Trail is open year-round, only closing infrequently if the footing is sketchy. Sledding, ice skating on our smaller lakes and ponds, exploring our frozen waterfalls, cross-country skiing, and hiking in our public forests are just some of our amazing winter activities!

Spring

While Seneca Lake is still too nippy for swimming, and the gorge at Watkins Glen State Park isn't yet open, spring is a beautiful time of year to visit our communities. Lakeside, spring flowers like crocuses will start popping early, while higher elevations might still be blanketed in late winter snow. But soon all plants wake, flowers bloom, and our area transforms into a verdant wonderland! Our craft beverage tasting rooms- wine, beer, cider, and spirits- still host unique events now, while our museums, retail shops, and other indoor destinations are open and ready for you.

Summer

If you've only glanced through this booklet, you already know summer is the most popular time to visit! Seneca Lake is festooned with swimmers, kayaks, paddleboards, and boats, as visitors and residents both enjoy our magnificent lake. Our region's thousands of acres of vineyards are lush, with baby grape clusters showing. Watkins Glen International hosts several races this time of year, and some massive festivals including the Finger Lakes Wine Festival. And not only are our villages' Farmers Markets in full operation, boasting a variety of seasonal produce, but our best restaurants leverage this bounty, using many locally-sourced products.

Autumn

After the Labor Day weekend our busy summer tourist season settles down as kids go back to school. But things are still hopping! Harvest season, largely coinciding with colorful fall foliage, begins in very early September, continuing through Columbus Day and beyond. Need help estimating when our autumn colors will be most vibrant? Give our Visitor Center a call and our trained professionals will help! Not only are grapes harvested this time of year, giving visitors a peek inside the intense process of picking, crushing, and fermenting the grapes, but apples and many other fruits are also harvested this time of year, with numerous harvest-themed events crowding our always busy calendar.

When asked which season is best, we answer "All of them!" We hope you enjoy your next visit and continue to visit us year after year during different seasons, enjoying the bountiful experiences unique to each season.

Our Villages

Tatkins Glen and Schuyler County can best be described as the place where Mother Nature meets Main Street. Tourists have flocked to our beautiful area for many, many years. Watkins Glen State Park has been open to the public as an attraction since the mid-1800s, but it officially became Watkins Glen State Park in 1906. On October 6, 1948, the village became the host of the first post-World War II road race in the United States, forever cementing our small village's place in race history. The Watkins Glen Sports Car Grand Prix, organized by local resident Cameron Argetsinger is heralded as the revival of American road racing. From the state park and racing, tourism continued to grow steadily. The Farm Winery Act was passed in 1976, opening the door for commercial wine production and the ability of wineries to sell their wines to the public. The first few wineries appeared on Seneca Lake shortly thereafter. In the decades since, the wine industry has been booming and there are now nearly 70 wineries on Seneca Lake alone.

The Village of Watkins Glen in particular is home to some of the most scenic and iconic sights you could ask for, with Watkins Glen State Park on one end and Seneca Lake on the other. From

vineyard-covered hillsides to peaceful hiking trails; from bustling shops to a world-renowned race track. Whether you are planning a relaxing vacation, seeking adrenaline pumping excitement, or something in between, you won't find a better place to make memories than right here!

Watkins Glen is home to two salt operations—

Quite likely the salt on your table came from the Watkins Glen wells

Cargill Salt located at the southern end of Seneca Lake and U.S. Salt located on Salt Point Road. Both refineries have wells and through the introduction of water into the wells, the salt is turned into brine and then processed into various products including granulated salt for food, water conditioning pellets, and agricultural salt. The first salt well drilled in the area was in 1882 to a depth of 1,513 feet (461 m). Today's operations mine salt from wells that are between 1.750 and 2.600 feet (533 and 792 m) in depth. There are no tours offered at either plant.

BURDETT Home to the Finger Lakes National Forest, the only national forest in New York State and one of only three in the northeast! Covering over 16,000 acres (6,475 ha), this beautifully diverse outdoor haven offers hiking, biking, cross-country skiing, snowshoeing, horseback riding, and more.

HECTOR Located just a few miles north of the Village of Watkins Glen, Hector's most notable feature is the iconic Hector Falls. This roadside waterfall attracts many a passing motorist. Be sure to put it on your list of stops!

MONTOUR FALLS Listed on the National Historic Register in 1978, the Village of Montour Falls features a beautiful mix of architectural styles, quaint shops and restaurants, and even its own waterfall! Where West Main Street meets Genesee Street, the town's Glorious T is the crowning jewel of its history. Places of particular interest include the Montour Falls Library, the domed Montour Falls City Hall, and Shequaga Falls, or as it is sometimes known "Hallmark Falls", as popularized by a Hallmark Channel Mystery Series.

The Glorious T Historic District represents a diverse collection of historical architecture and sites. The "T" references the intersection at the heart of this district. The Montour Falls Library even boasts Tiffany windows—a sight to see!

ODESSA Odessa plays host to the Finger Lakes Cheese Festival each July. This family-friendly event includes a host of activities: hayrides, wine and beer tasting, arts and crafts vendors, a petting zoo, live music, and of course, plenty of cheese sampling!

Whether you are planning a relaxing vacation, seeking adrenaline pumping excitement, or something in between, you won't find a better place to make memories than right here!

Lodging

rom romantic getaways to family-friendly excursions, there are a variety of options for an affordable vacation on any budget.

Take in the view of Seneca Lake from a luxurious award-winning hotel, tuck in at a cozy bed and breakfast, kick your feet up at a carefree country inn, unwind at a secluded campsite, cabin, or glamping facility, or bring the family and rent your own lakefront vacation home on any of our Finger Lakes.

Our lodgers are highly rated and offer unique and varied experiences. So whether you are looking for a romantic couples' trip, a fun-filled outdoor

adventure, a girls' weekend, or a family-focused visit, you will find just the right fit.

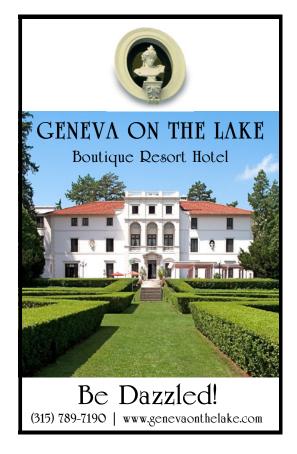

Traveling with your pet? We have a number of accommodations who are pet-friendly! In the event you'd like to enjoy a little time without Fido in tow, be sure to check in with one of our reputable and caring kennels or dog walkers—they'll take great care of your furry family member!

When it comes to lodging, we have a wide variety of options and styles, and you can choose the right fit for you, your traveling companions, and your budget.

Long known for our hospitality and friendly residents, our offered amenities are as varied as the region itself.

Dining

We pack a powerful punch when it comes to flavor and great restaurants in the area, and we prove this meal after meal! There is a saying in the culinary world, "What grows together, goes together." Local chefs utilize local ingredients whenever possible to craft the freshest and most delicious dishes. So, when you dine in our restaurants and cafés, you are experiencing more than just our food. You are experiencing the tradition of our family farms, the dedication of our local chefs, and the passion of our communities.

The farm-to-table movement is huge in the Finger Lakes, and Watkins Glen and Schuyler County are no exception. Our local farmers produce everything from standard produce such as lettuce and tomatoes to more exotic items such as bok choi and woodland mushrooms. You can find these items yourself at farm stands and farmers markets throughout the region, where you can pick them up and craft your very own fresh, local meal. Or look for them on menus at our local eateries.

Generations of our family farms have long provided regional restaurants and farmers markets alike with the freshest ingredients.

Tucked away in the Finger Lakes is the world's first Executive Chef to achieve the exalted rank of Master Sommelier in 2013?

Christopher Bates, MS, and his beloved wife Isabel, juggle several innovative restaurants in our region reflecting our increasing focus on superb culinary experiences.

Gather at Blue Point Grille for classic American cuisine in a fun and welcoming setting. Choose from an impressive selection of Finger Lake wines, local craft brews, and specialty cocktails. Grab a seat in the dining room, bar or outdoors on the patio overlooking Seneca Lake. Serving breakfast, lunch & dinner.

Wine, Beer, Cider, and Spirits

Wine and Craft Beer

The Finger Lakes has an international reputation when it comes to wine. The hills surrounding Seneca Lake are dotted with dozens of wineries. In fact, Seneca Lake is more heavily populated with wineries than any other lake in the statealmost 70... and counting! The diversity of offerings and experiences at each winery vary as widely as your personal taste, so we're sure you'll find the perfect wine for you! Over 30 wineries have come together over the years to form the Seneca Lake Wine Trail, which plays host to unique and fun year-round events.

The Finger Lakes Beer Trail also winds its way through Schuyler County and the Finger Lakes. Craft beer enthusiasts can try hand-crafted pale ale, amber lager, stout, sour, or any number of specialty offerings at one of the many microbreweries in the region.

Best of all, Watkins Glen and Schuyler County are ideally located at the base of Seneca Lake, which makes for easy access to not only Seneca Lake, but also Keuka Lake to the west and Cayuga Lake to the east, both of which have wineries, distilleries, and craft breweries to explore!

Spirits and Cider

Watkins Glen and Schuyler County are also home to the region's first standalone distillery (Finger Lakes Distilling, opened in 2009) and recently, hard cider production has also taken off. From whiskey to bourbon, grappa to gin; sweet cider, dry cider, or something in the middle—the diversity of our offerings speaks for itself. Tasting your way through the Finger Lakes has never been more delicious!

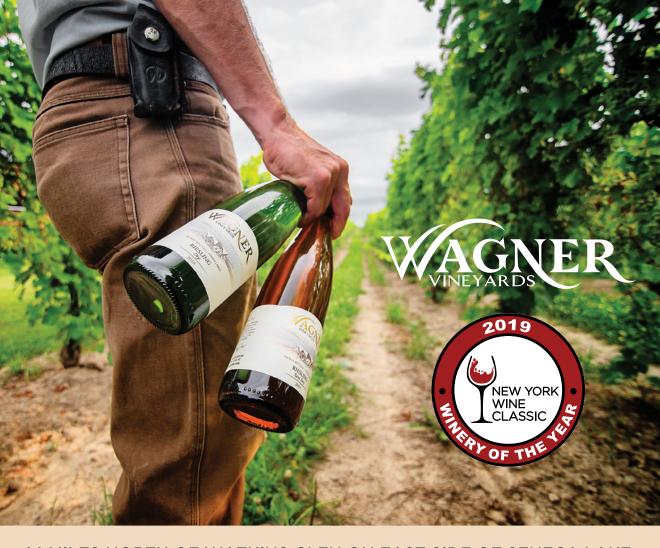

Transportation

With so many wineries, breweries, craft spirits, and hard ciders available to sample and savor, be sure to taste responsibly! Hire one of our local transportation companies to take you from tasting room to tasting room. If you're looking for a full-service experience, we have wine and craft beverage experts who are ready and waiting to plan your perfect day!

Hiking and Outdoor Recreation

Watkins Glen State Park

Watkins Glen State Park is one of the top attractions in New York State. Considered a flagship park by the State of New York, this incredible destination has been leaving visitors spellbound for generations. The Gorge Trail features 19 waterfalls in less than 2 miles (3 km). The gorge path winds over and under waterfalls and through the cascading spray of caverns. The primary Gorge Trail is open seasonally—usually from mid-May through the end of October.

The North Rim Trail overlooks the gorge and is open year-round. Dogs are allowed on the Rim Trail. There is also tent and trailer camping, a playground, an Olympic-size swimming pool, and picnic facilities.

Be sure to visit the Watkins Glen Area Chamber of Commerce's Visitor Center at Watkins Glen State Park—stop by and say hello!

Finger Lakes National Forest

The only national forest in New York State and one of only three in the northeast, this diverse wilderness area offers over 16,000 acres (6,475 ha) to explore. With miles of interconnecting trails, hiking experiences vary widely including gorges, ravines, pastures, and woodlands. Roads are maintained and drivable in the summer and a few are even open in the winter. There are five acres of maintained blueberry bushes which are available for picking when the time is right. Of course the opportunities for hiking, crosscountry skiing, horseback riding, and snowmobiling are endless, as are birding and wildlife watching.

Start your visit at the Hector Ranger Station (5218 NY 414, Hector, NY 14841) for maps and helpful information.

Sugar Hill State Forest

Just a short drive west of the Village of Watkins Glen, Sugar Hill State Forest boasts over 9,000 acres (3,642 ha) for camping (RV, tent, and a few lean-tos), hiking, picnicking, pavilions, horseback riding, hunting, and trapping. There is also fishing at Spencer Pond, cross-country skiing, and birding. Plus, the incredible, 15 mile (24 km) views from the 75 foot (23 m) Fire Tower. This tower was erected in 1941 by the Civilian Conservation Corps. It is one of the last fire towers in New York that is readily accessible to the public, and is listed on the National Historic Lookout Register.

Finger Lakes Trail

A footpath for hikers which stretches 560 miles (900 km) from the PA/NY border in Allegany State Park to the Catskill Forest Preserve. 48 miles (77 km) wind through Schuyler County, traversing Sugar Hill State Forest, Watkins Glen State Park, Finger Lakes National Forest, Texas Hollow Wildlife Management Area, and the Connecticut Hill Wildlife Management Area, among others. Not looking for quite so long a hike? The Queen Catharine Marsh Trail portion of the Finger Lakes Trail offers a 9 mile (15 km) loop, starting at the entrance to Watkins Glen State Park.

Catharine Valley Trail

Experience the glacially carved valley south of Seneca Lake on this year-round, pedestrian friendly, easy path. It offers walking, bicycling, cross-country skiing, and snowshoeing. This easy-going trail is accessible at various points throughout Schuyler County.

nhere are dozens of waterfalls within a stone's throw of one another! Of course, Watkins Glen State lacksquare Park is home to 19, but beyond the park, there are many others to seek out and explore. To provide some inspiration, here is a Waterfall Bucket List! Addresses have been provided where they exist, or we've provided GPS coordinates for those that do not have a formal street address.

Aunt Sarah's Falls

There are several roadside waterfalls that are easily accessible. This is one of them, but can be easy to miss, depending upon the water flow that day. There is literally no hiking required, just park in the parking area and (using caution—this is a busy highway) cross Route 14 to get up close.

Address: No formal address.

GPS coordinates: N 42.35185 / W 76.85597

Directions from Watkins Glen: Follow Route 14 South toward the Village of Montour Falls. You'll see Aunt Sarah's Falls on the right hand side, just before rounding a bend in the road. The parking area is directly across the road. This waterfall is heavily weather-dependent. It is best to visit in spring or after a rainstorm. At other times, the water flow might be very little or even nonexistent.

Deckertown Falls

Visible from just beyond the parking area, this waterfall is located on the outskirts of the Village of Montour Falls. What you can see from the path is three chute-like cascades, a total of more than 50 feet (15 m) high. These falls are very easy to find and see!

Address: 117 East Catlin Street, Montour Falls, NY 14865

Eagle Cliff Falls

Located in Havana Glen Park in the Village of Montour Falls, Eagle Cliff Falls has a moderate, consistent flow, visible after a short and easy walk from the parking area. You'll enjoy a number of smaller, cascading falls along the path, too! There is a \$2 vehicle entrance fee to this municipal park.

Address: 135 Havana Glen Road, Montour Falls, NY 14865

Excelsior Glen

This particular waterfall is somewhat hidden in plain sight. The trailhead is located right alongside Route 414, just as it bends around the south end of Seneca Lake. There is a small parking area and it's easy to miss, so be sure to keep your eyes open! Excelsior Glen is actually home to five waterfalls, all relatively narrow cascades. This is a completely undeveloped glen, so please use caution. The first waterfall is located a short distance from the road, but the rest will require creek walking over slippery rocks and uneven surfaces.

Address: No formal address.

GPS coordinates: N 42.39112 / W 76.85559

Hector Falls

A very easily accessed waterfall, located directly along Route 414 on the east side of Seneca Lake, a short drive from downtown Watkins Glen. This large, broad waterfall is actually composed of several drops. Use caution, as you'll be pulling onto the shoulder of a busy, 55 mile per hour (88 km/hour) highway. Use your turn signals, pull as far onto the shoulder as possible, and use caution when exiting your vehicle. The beauty and location of this waterfall make it a wonderful roadside stop.

Address: No formal address.

GPS coordinates: N 42.41801 / W 76.86677

Shequaga Falls

Another very easily accessible waterfall, Shequaga Falls is located in the heart of the Village of Montour Falls, amidst historic homes and a quaint park. There is parking for a couple of cars right next to the park, but you may also park along Main Street and take the short (and beautiful) walk to the waterfall. This exceptional waterfall is sometimes known "Hallmark Falls", as popularized by a Hallmark Channel Mystery Series.

Address: No formal address.

GPS coordinates: N 42.34453 / W 76.85136

Twin Falls

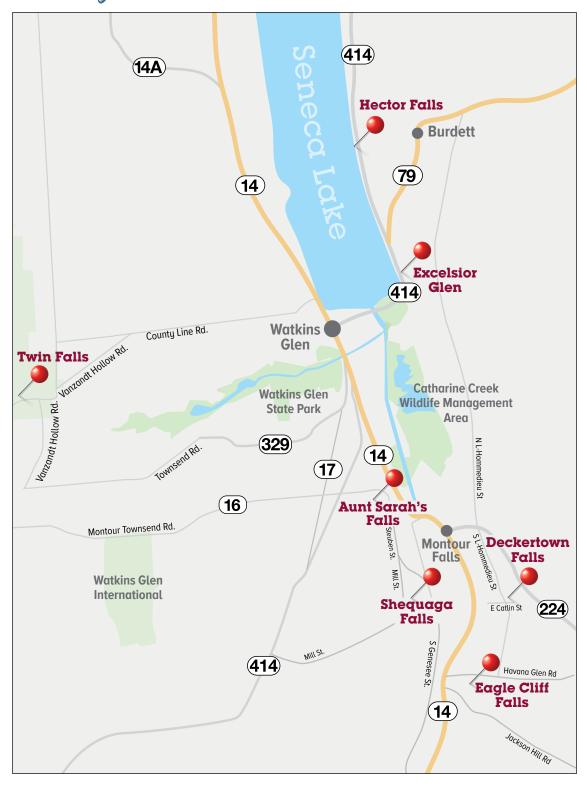

Located in Sugar Hill State Forest, why not visit this waterfall and take advantage of the great hiking nearby? Twin Falls is among the smallest waterfalls in the area, but it is easy to reach. Its somewhat off-the-beaten-path location makes it a tranquil spot. The water flowing over this waterfall is actually Glen Creek, the very same waterway that makes its way to and through Watkins Glen State Park.

Address: No formal address.

GPS coordinates: N 42.36880 / W 76.958697

Sightseeing Cruises

Come relax with us aboard the Stroller IV. This historic vessel was built in 1934 and sails hourly for narrated sightseeing cruises.

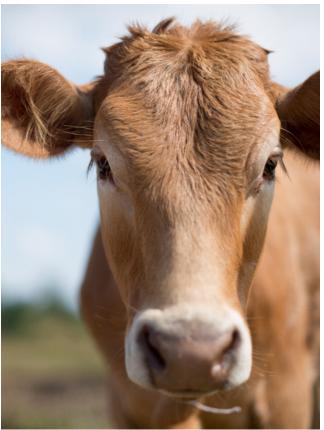

Agritourism

7hat is agritourism? In short, it is the place where agriculture and tourism meet! It could be plucking an apple from a u-pick orchard, touring a creamery where you can meet cows then taste the cheese made from their milk, or horseback riding amongst beautiful forests and rolling pastures.

If you are looking to explore the outdoors, enjoy the country air, and stretch your legs, we have an experience to fit your interest!

Creameries

Our local creameries boast unique, artisan cheeses. From aged cheddars to mozzarella, and seemingly everything in between, sampling Finger Lakes cheeses is one fine way to get through a day! The Finger Lakes Cheese Festival is held at Sunset View Creamery each July. It welcomes creameries from across New York State but also boasts a farmer's market atmosphere, the opportunity to meet farm animals, tour a working dairy farm and creamery, plus sample and purchase local products.

Orchards and U-pick **Opportunities**

Here in Watkins Glen and Schuyler County, we are lucky to be surrounded by rich, fertile farmland. Our local farmers open their doors and welcome you to experience the beauty and bounty of the Finger Lakes! Pluck an apple from a tree at a u-pick orchard, pick the perfect pumpkin from a local patch, or even tour a woodland mushroom farm. You will love experiencing the tradition of our family farms and the passion of our communities.

Horseback Riding

If you'd rather take in the sights from atop a horse, we have just the place for you! Painted Bar Stables in Burdett offers unique horseback riding experiences. They will pair you with the proper horse based upon your experience level and their talented staff will ensure a fun and enjoyable ride.

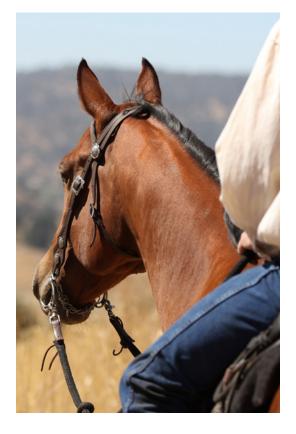

Farm Sanctuary

Nestled in the rolling hills west of Watkins Glen, Farm Sanctuary is home to more than 800 rescued farm animals. Take a guided tour, browse their gift shop, learn more about farm animals and the vegan lifestyle in the Visitor Center, or enjoy a snack on their scenic deck. You can even stay right at the Sanctuary, in their cabins or tiny houses. Farm Sanctuary is open May through October.

Visit our website ExploreWatkinsGlen.com for tours that provide an inside look at our farms!

Fishing and Hunting

Fishing and hunting are longtime traditions and a great way to experience the outdoors. Our lakes, streams, and forests promise to provide the perfect backdrop for creating memories and passing down lore that will last for generations to come.

Hunting is allowed during certain times of the year in the Finger Lakes National Forest, Sugar Hill State Forest, and other wilderness areas.

If you're looking to fish, there are a number of options available! You can fish at Clute Park, Catharine Creek, or on Seneca, Waneta, Lamoka, or Cayuta Lakes. Charters are available, and we have a number of local experts who will make your excursion loads of fun! If you'd like to stay on dry land or perhaps you're lacking a fishing license but still want to cast a line, check out Finger Lakes Preserve. This rainbow trout fishing preserve offers a secluded but accessible location, with fishing equipment available—no fishing license required.

If you're interested in hunting or fishing, you should research the required licenses and permits on the New York State Department of Environmental Conservation (DEC) website: dec.ny.gov. All firsttime hunters must complete at least one course in education and safety before they can obtain a license. Those details are available on the DEC website.

> For more information, visit: dec.ny.gov/outdoor/fishing.html or dec.ny.gov/outdoor/hunting.html

The NYS Fish Hatchery in the nearby village of Bath produces close to 1,000,000 fish each year, specializing in brown trout, rainbow trout, and lake trout.

Camping

Campgrounds

There are a number of campgrounds available throughout Watkins Glen and Schuyler County, including Cool-Lea Camp, Clute Memorial Park, Smith Park, the Watkins Corning KOA Resort, and Watkins Glen State Park. These facilities offer a wide array of amenities that vary from park to park, but some include swimming (pool and lake) camp stores, zip lining, bumper boats, arcades/game rooms, showers, dump stations, and more. Contact each individual campground for additional information.

Rustic Camping

More rustic camping (mostly tent) is available off trail at the Finger Lakes National Forest and Sugar Hill State Forest. You'll find few people and essentially your pick of site at either of these outdoor havens, so if you're willing to forego the creature comforts you're in for a real treat! In some instances, permits and fees are required, so be sure to check in with the respective offices for complete details. There are also group camping options, making Watkins Glen and Schuyler County a great getaway for your next team building, scout, or 4-H trip.

Glamping

If camping isn't quite your thing, but you wouldn't mind it with a bit of a luxurious twist. you should try glamping! That's right—glamorous camping = glamping. At Seneca Sol you'll find safari tents on raised wooden platforms, set in a beautiful, wooded setting. Inside each tent, you'll find essentially everything you'd expect from a standard hotel room including king or queen beds, comfortable furniture, rugs, rechargeable lanterns (with USB plugs to recharge your phone), and even a writing desk. Their modern bathhouse features private showers and toilets, plus fresh towels and toiletries. The property also boasts a lounge tent where guests can gather, unwind, and enjoy one another's company.

Stretch your legs and enjoy the fresh air. Watkins Glen and Schuyler County offer a number of camping experiences for the outdoor adventurer in all of us!

Art and Culture

Chuyler County and the surrounding area are Prich in arts and culture. Take a tour through an historic museum or historical society. Arrange a tour of a one-room school house. Attend an art opening. Listen to live music on a lakefront deck. Take in works by local as well as nationally renowned artists at one of several art galleries. Watch artists blow glass or spin fiber, right before your eyes.

The Franklin Street Art Gallery and Gift Shop in downtown Watkins Glen features more than 50 local artists. They host themed exhibits and open receptions. You can even take a class!

The Brick Tavern Museum of the Schuyler County Historical Society offers a great opportunity to explore local, regional, and New York State history. With rotating exhibits and a unique gift shop, all housed in one of the most historic buildings in the area, you will feel as if you've stepped back in time when you walk through their doors.

The Glorious "T" Historic District in the Village of Montour Falls represents a diverse collection of historic architecture and sites. The "T" references the intersection at the heart of this district. Genesee and Main Streets. The Montour Falls Library even boasts Tiffany windows—truly a sight to see!

If you are looking to go a little further, the Points of Inspiration Driving Trails offer selfguided opportunities to explore Watkins Glen and beyond. Take in the incredible history and scenery that we are so lucky to have here in the Finger Lakes. Scenic Views (marked by orange flags) and Architecture (marked by blue flags) are two driving trails to explore. For more information, visit: pointsofinspiration.net.

Beyond Watkins Glen and Schuyler County, you'll find a number of other museums, galleries, and points of interest, too!

Montour Falls' Glorious T district features diverse architectural styles from the clean lines of the craftsman to the ornate designs of Greek Rival and Victorian.

Racing

atkins Glen will forever have a place in racing history. On October 2, 1948, the first post-World War II road race in America was hosted right on our village streets. The 6.6-mile (10.6 km) circuit ran through the village streets, starting and ending in front of the Schuyler County Courthouse. This tradition continues annually with the Grand Prix Festival, when classic racecars take to the streets in Watkins Glen. This downtown street festival features a number of events including a Walk of Fame ceremony, car shows, the Watkins Glen Grand Prix Tribute (a reenactment of the original road races), and much more!

You can drive the original 6.6-mile Grand Prix course (it's all on public roads!) in your own vehicle any time. Just stop by the Schuyler County Visitor Center (214 N. Franklin Street, Watkins Glen, NY 14891) to pick up a map and head on your way!

Today, Watkins Glen International is one of the premier road racing facilities in the world. Located just 4 miles (6.4 km) from downtown Watkins Glen, fans can experience NASCAR, IMSA, and US Vintage Grand Prix racing, among other exciting events and festivals throughout the season. Visitors can even drive their own vehicle around the race circuit thanks to the Drive the Glen program.

For the story behind the speed, be sure to stop by the International Motor Racing Research Center in downtown Watkins Glen. It provides 5,000 square feet (464 sq. m) of racing history to explore. This includes a reading room, film room, exhibits, and worldwide racing archives. Even if you're not a devotee of race history or racing, we strongly encourage you to swing by this incredible facility. Their short video is fascinating and visitors of all ages enjoy seeing the latest vintage car on display (which changes periodically).

Shopping

nwind with a little retail therapy! Our unique boutiques, great gift shops, quaint antique shops, and even a brand name outlet offer plenty of opportunities to shop 'til you drop, all while supporting our many wonderful, local businesses.

Downtown Watkins Glen offers a completely walkable village, with the lakefront on one end and Watkins Glen State Park at the other. Buttressed by two beautiful destinations, inbetween features a great diversity of shops. Friendly store owners and knowledgeable staff are here to serve you! As you walk, keep an eye out for our famous public murals, painted by Robert Gillespie, in honor of the racing history of our village.

The Village of Montour Falls is lined with stunning architecture. With a number of properties on the National Historic Register, the best place to begin your visit is at the Glorious T Historic District featuring over 20 buildings ranging in architectural styles. Along idyllic Main Street you'll find a pharmacy/gift shop, a bakery, a café, a coffee shop, a public library, a flower shop, and more!

But that's not all! Remember that Watkins Glen and Schuyler County is in the center of it all—with many other cities, towns, and villages of interest within a short 30 minute drive! And the bonus is that the drive will be scenic—from rolling hills to vineyards to lake views. No matter where you venture from here, your drive will be chock-full of photo opportunities!

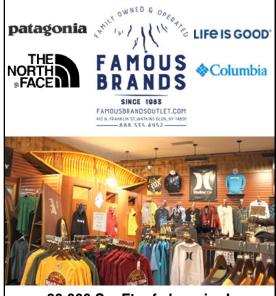

Schuyler County's bucolic communities feature surprisingly few national chain stores, and are instead primarily populated

by locally-owned shops with unusual and even unique inventories, enabling shoppers to find that exceptional gift that is rarely found elsewhere!
