VISIT WAUSAU DATA PACKAGES

Visit Wausau is layering NEAR, GPS, Affinity, STR, AirDNA, Google Analytics, PHQ, Social Media, and PredictHQ on the Zaritco platform.

Data benefits

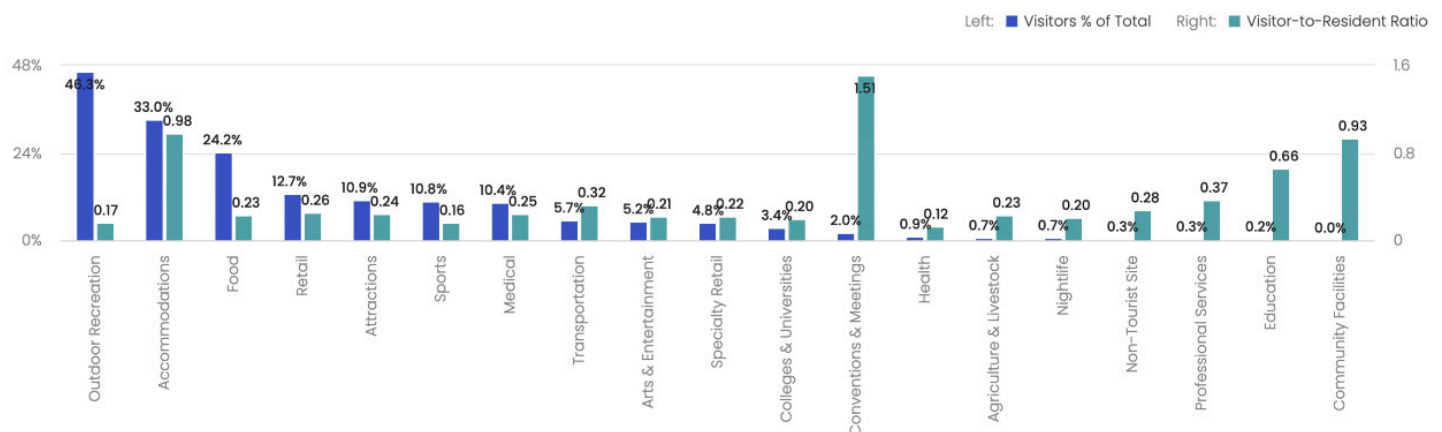

- Reinforces your marketing efforts
- Data brings your true customer in focus
- Shows where customers are coming from (down to zip code)
- Know where, when and how to promote to your customers
- Shows where customers are going and spending in destination
- With online advertising, you can accurately show your ROI

This includes weekly data from a variety of sources, including:

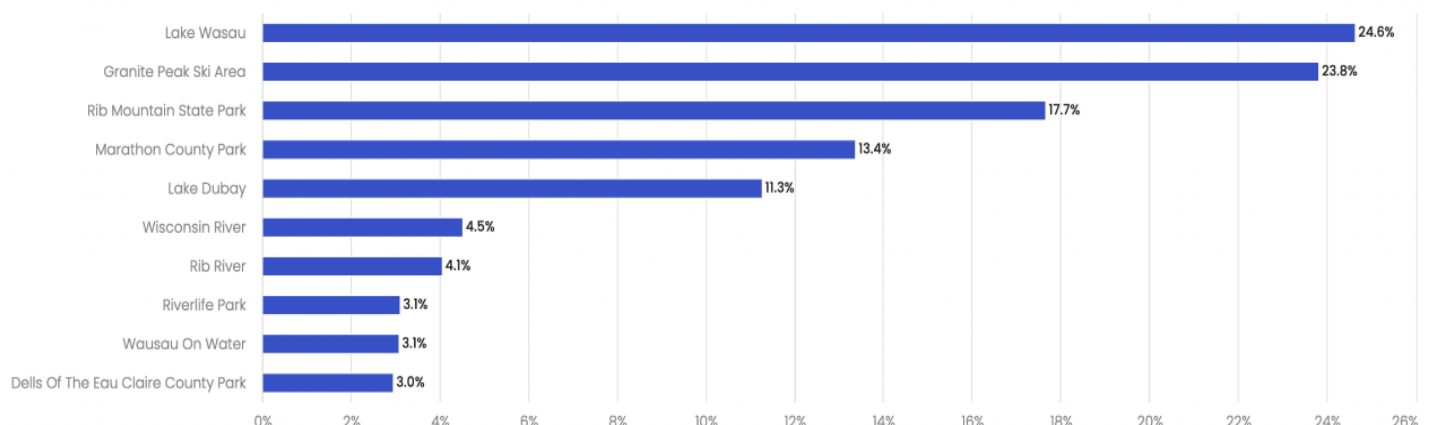

- NEAR data: Powerful tourism data for destinations to analyze tourist profiles, build audience segments and prove ROI on media spend, includes visitor flow and seasons.
- GPS shows origin of visitors, visitor-to-resident ratio, POI (Points of Interest) they are visiting, overnight visitation.
- Affinity Data: Affinity's proprietary datasets that can be leveraged to gain additional insights on people and organizations in your network, including credit card spend.
- Credit Card Spend
- Smith Travel Research: STR report lodging data.
- AirDNA: Short Term Rental Data of Entire Place Only.
- Google Analytics: Paid and Organic Search Traffic is an indicator of how prominently our site appears in Search Engine ranking, like Google, and how much of our total website traffic results from search engines.
- PHQ: School Breaks and holidays
- Social Media: Facebook, Instagram, Twitter, Tik Tok
- PredictHQ: Future Events include Conferences, Expos, Festivals, Concerts, Sports and Performing-Arts only
