

The Mount Washington Cog Railway is one of the world's great rail adventures, and an exhilarating journey through history, technology and nature. The Cog is also an excellent year-round destination for group tours & excursions of 20 or more guests.

During the Summer and Fall, the three hour round trip includes a one-hour layover at the 6288' summit of the highest mountain in the Northeast. After Columbus Day until early May, we operate shorter Winter trips to Skyline (5300') or Waumbek (4000').

Discount rates may be available for your bus tour, company outing, wedding party or school and camp field trip (off-peak dates only—see below).

October 1–11

Groups Sales policies and pricing subject to change

RESERVATIONS, DEPOSIT AND PAYMENT: Group reservations must be made in advance and will be confirmed upon receipt of a signed contract and \$250 deposit. Payment in full must then be received no later than 14 days prior to scheduled departure; late payment may result in tickets being forfeited and resold.

STEAM TRAINS: Primary motive power on the Cog Railway is provided by a fleet of 7 custom designed biodiesel locomotives, but we also operate 2 vintage steam locomotives in the Summer and Fall. If you are specifically interested in a steam train excursion, make sure to indicate that, otherwise, your group will be assigned to a biodiesel train. Discounted group rates are not available for steam excursions.

We look forward to welcoming your group to Mount Washington!
