

Discover the “Trails within the Trail”

Traveling through the region, you'll discover that our covered bridges, waterfalls, historic sites, and railroads constitute their own itineraries; you can follow these “Trails within the Trail” by making use of the icons that relate to each specific theme.

The History Trail

The White Mountains region is rich in historical fact, legend, and lore; with a nudge in the right direction, you can learn about everything from the ancestry of the View-Master, to the origins of skiing in America, to the surroundings required to spur the creative juices of one of America's Poet Laureate, Robert Frost.

The Covered Bridge Trail

Covered bridges are an integral part of both the history and landscape of the White Mountains, as well as providing an excellent place to wait out a summer shower, watch a rushing river swollen by the melting winter snows, or steal a kiss.

The Steel Rail Trail

You'll find all kinds of trains in the White Mountains that appeal to a wide variety of interests and tastes. From vintage streamlined restorations, to mountain-climbing cogs, to scenic railroads and elegant dining cars. If it rides on a ribbon of steel, you'll find it here.

The Waterfall Trail

The White Mountains boasts more than 100 waterfalls, some visible from the road, others that may require a hike. If you choose to hike in, be sure to wear proper footwear (specifically *not* leather-soled shoes, which can be very slippery when wet), and be especially careful when traversing the wet rocks around the falls.

THE WHITE MOUNTAIN NATIONAL FOREST RECREATION PASS

The White Mountain National Forest is one of the most heavily used National Forests in the country. With that use comes a large workload to maintain the recreation facilities. As a result, a program is in place to collect fees for recreational use.

All unattended vehicles parked on National Forest land must display a Recreation Pass where signed. There are three pass options: a \$5 day pass available on site, a \$30 (single vehicle) or \$40 (two-vehicle) annual pass for those who use the Forest year-round. Recreation passes are available at area businesses, USFS Information Centers, and the White Mountains Visitors Center. For those holding the *America the Beautiful Pass*, *AccessPass*, and *Senior Pass*, parking is free.

Note: prices current for 2019; information and rates subject to change.

NATIONAL Scenic Byways

“Where can I see a MOOSE?”

Look Inside!

The White Mountains Trail and Kancamagus Highway Scenic Byways are located in the White Mountains Region of New Hampshire, approximately two hours north of Boston, Massachusetts and three hours south of Montreal, Quebec.

To learn more about New Hampshire's Scenic Byways, visit www.whitemountainstrail.com and www.crvtravelt.net. For information about the National Scenic Byways Program, visit www.byways.org

An audio tour CD is available for purchase at the White Mountains Attractions Visitor Center. The tour is also available as a free download online at www.visitwhitemountains.com

Explore the White Mountains Trail—one of America's most spectacular scenic drives!

and Mt. Washington. A bit farther on (62.8) is a side road to the Saco Covered Bridge; the bridge can be seen from Rte. 16 (63.4). At the junction of Routes 16 and 113 (63.6), bear right and go through the lights south through Conway Village, past the Conway Village Information Center (64.1), and over the railroad tracks. Turn right at the light onto Rte. 112, the Kancamagus Highway (64.4).

MILE 64-100 THE KANCAMAGUS HIGHWAY; CONWAY TO LINCOLN
One of the most spectacular sections of the White Mountains Trail is the Kancamagus Highway (a National Scenic Byway). “The Kanc” runs for 34.5 miles from Conway in the east to Lincoln in the west, traversing the White Mountain National Forest, crossing the flank of Mt. Kancamagus, and climbing to nearly 3,000 feet and providing dramatic views on the way. Along its length are hiking trails, federally-designated Scenic Areas, and numerous stunning overlooks. For more information about the highway, stop at the Saco Ranger Station (64.5).

The highway was named for an early Indian Chief of the Penacook Confederacy, Kancamagus, who tried to keep the peace between his people and the settlers, with little success. In the early 1690's the Confederacy tribes scattered, and Kancamagus and his followers moved on, either to northern New Hampshire or Canada.

Passaconaway, grandfather of Kancamagus united more than 17 central New England Indian tribes into the Penacook Confederacy in 1627; the rich flat land 12 miles from Conway is named for him. This community was first settled about 1790. Today the Russell-Colbath House is the only remaining 19th century homestead in the area, and is open as an historic home and US Forest Service Information Center.

There are campgrounds along the Kancamagus, including one by the Albany Covered Bridge (70.6), which also has displays about building covered bridges: wonderful places to swim such as Frog Rock Swimming Hole (66.6), Lower Falls Scenic Area (71.3) and Rocky Gorge (73.1), and waterfalls to visit, such as Champney Falls (75.0), and Sabbaday Falls (79.9). At the Russell-Colbath House Historic Site (77.1), see how 19th century settlers lived, and explore the Rail n' River nature trail. Just past the historic site is a major moose wallow (77.7), followed by Jigger Johnson Campground (78.7), Sabbaday Falls, the Sugar Hill scenic overlook (81.9), and Lily Pond (83.8).

For the next few miles there are numerous scenic overlooks (beginning at 85.1), including the C.L. Graham Wangan Ground scenic overlook (86.3) and those with views of the Pemigewasset (86.7), the Osceola Range (88.5), and Mt. Hancock (89.1). The views are due in part to the fact that you've reached the crest of the Kancamagus Pass (86.5), with its 2,855 foot elevation. From here, the road descends past the Greeley Ponds trailhead (90.0), Otter Rocks rest area (91.5) and Lincoln Woods trailhead (94.6), a rest area with information provided by the US Forest Service.

At the opposite end of the Kancamagus—near where this tour begins—is the Lincoln-Woodstock area, a major summer resort from as early as 1870. Today it is a busy resort area year round whose appeal is easy to see. Golfers, tennis players, bicyclists and hikers find ample opportunity to enjoy their favorite sports, as will anglers, kayakers and motorsports fans. The area is also known for its fine little shops and numerous restaurants.

Lincoln offers easy access to the National Forest, as well as many quality family attractions, including **Loon Mountain Resort** (97.1) with its gondola, Zipline over the river, glacial caves, mountain biking, hiking, climbing walls, and more.

Located on Main Street, **Alpine Adventures** (99) offers high-flying fun for altitude enthusiasts at the “Thrillville” Aerial Fun Park as well as year-round Zipline and Off-Road Tour adventures. Also on Main Street, it's all aboard at the **Hobo Railroad** (99.6). The round trip train excursions cross back and forth along the Pemigewasset River, offering a variety of open vistas along the way. Most trips are narrated and a car attendant serves Hobo Picnic Lunches and ice cream. The station Gift Shop offers a good selection of gifts for the whole family—especially

the railroad enthusiast. Also a hit with train lovers is the **Cafe Lafayette Dinner Train**, which starts its nearly 2 1/2 hour route in North Woodstock.

Lincoln's diverse past as both a vacation and manufacturing center is evident throughout the town: the former J.E. Henry paper mill today houses stores, restaurants and a resort.

SIDE TRIP: Turn south on Interstate 93 to find **Polar Caves Park** along Rte. 25 in Rumney, with its boulder caves, beautiful walkways and exotic birds. It's a favorite of young and old.
