Willamette Valley
**COLLECTORS'
AUCTION**

POWERED BY
zachys[®]

Elk Cove's Five Mountain Vineyard

WELCOME

We are delighted to announce the second annual “Collectors’ Auction” in partnership with the Willamette Valley! This is a live-streamed “Studio Sale” on April 6, open as usual for absentee bidding prior, beginning on March 28.

A few special notes about this auction, and how it differs from our usual sales...

1. No Buyer’s Premium. Yay!
2. Zachys isn’t fulfilling the lots. By bidding, you recognize that we’re going to give your name, should you win a lot, to the donating winery to fulfill your lot directly. Shipping arrangements and expense are the responsibility of the buyer.

Other than that, this is an amazing opportunity to pick up some very cool wines and experiences from a dynamic region that is putting the Pacific Northwest on the map, wine wise. The Willamette Valley is a top US location for cool-climate grape growing, and you’re sure to find something interesting here.

We’re delighted to be a part of it. Any questions, email us at auction@zachys.com

Sincerely,

Charles Antin

Located in the Yamhill-Carlton AVA of Oregon's Willamette Valley, Abbott Claim speaks to the original land claim steward. The Abbott Claim vineyard has a particularly interesting geography, perched atop the Savannah Ridge in Carlton, Oregon. Its 170-acre boundary supports an east-west rise of 200-400 feet, showcasing unique attributes.

As stewards of this land, the team has implemented organic and regenerative farming practices in the vineyard and its surrounding habitat since 2018. Abbott Claim is focused on treading lightly, allowing the ancient soils to inform all aspects of winegrowing and be expressed in the wines produced.

We are pleased to offer this trio of rare magnums from our inaugural Pinot Noir vintage. These bottlings bring to life the story of our estate vineyard, with a density and vibrancy characteristic of the site.

Vidon Vineyard was founded in 2000 by Vicki Lewis and Don Hagge, with the dream of building a boutique vineyard. In 2020, Erin and Dru Allen purchased the property with the vision to continue the legacy of Vidon, while establishing their own traditions. In 2022, Vidon Vineyard was renamed Compris Vineyard. Compris, meaning included or understood in French, encapsulates their mission. Landlines Estates is proud to produce small, distinct lots of Pinot Noir from the Tidalstar Vineyard in the Yamhill-Carlton AVA. Planted in 1999, the vineyard has been farmed organic and biodynamically since 2017 and was certified biodynamic in 2020. The clones planted are Dijon 777, 113, 114, 115, Wadenswil and Pommard, which all exhibit character and flavor from their areas of the vineyard. The 2018 vintage ripened early in the season, and all of the fruit was brought in by late September. Each vintage, the fruit from each block of Tidalstar vineyard is individually fermented and a barrel program is determined for that block based on the characteristics of the wine. As the wine ages, every single barrel is tasted to determine which will be selected for each clonal blend of Pinot Noir. The end products are three unique Pinot Noirs with complexity and balance which represent their respective terroir.

Included Experience:

Please enjoy a virtual or in-person educational session on biodynamic agriculture with Rudy Marchesi, the chairman of Demeter. This will also include an additional bottle of Landlines Estates to be tasted with Rudy at the end of the session.

LANGE ESTATE WINERY & VINEYARDS

Pinot Noir Vertical Collection

Variety: Pinot Noir

6 Bottles (750ml)

6-bottle vertical Pinot Noir collection from the Lange Estate Vineyard, 2014-2019

Includes VIP Experience

DETAILS

The Lange Estate Vertical Collection spans 6 consecutive vintages and highlights our Estate Pinot Noir. Celebrating the 2014-2019 vintages, this is a collection you will not want to miss! The Lange's three estate vineyards are located in Northern Willamette Valley's prestigious Dundee Hills Appellation. The AVA is known for its rust-red volcanic soils formed by Columbia River Basalts more than 14 million years ago. These rich clay-loam soils, predominantly Jory and Nekia, are deep and well-drained.

Our vineyard blocks are farmed individually and possess natural variances in climate, elevation, and aspect. By keeping our yields low, and harvesting at peak ripeness, we use a minimalist approach in the cellar, and our wines speak for themselves. We respect our land and have always farmed sustainably. Dry farming is another method we use to encourage grapes to express their full potential.

Included Experience:

The winning bidder also receives an in-person Vineyard Tour and Elevated Seated Tasting with one of our knowledgeable Wine Educators to explore the terroir of our portfolio. Immerse yourself in the heart of wine country and enjoy a day in the vines as well as a complimentary charcuterie platter.

6 Bottles (750ml)

Chestnut Hill Vineyard Pinot Noir 2009, 2010, 2012, 2013, 2014, 2015

Includes VIP Experience

DETAILS

"You'll never ripen Pinot that high up!" were the words that many said to Eric Lemelson when he planted his first vineyard, Chestnut Hill, in 1995.

On the far east side of the Chehalem Mountains AVA, grown in volcanic soil, Chestnut Hill Vineyard crests at 1,050 feet. To this day it is one of the highest plantings in the Willamette Valley and produces some of the most compelling wines.

With an Eastern aspect, the vines enjoy beautiful Mt. Hood views in addition to the generous morning light. A rapid evening cooldown gives Chestnut Hill naturally high levels of acidity perfect for aging.

We present the Chestnut Hill vertical to those who thought the elevation was too high for Pinot Noir.

Included Experience:

Enjoy a behind-the-scenes tour of our innovative, gravity-flow winery. Visit with Winemaker Matt Wengel and learn about our approach to Pinot noir. Tour for up to four guests, artisanal cheese plate included.

MATZINGER DAVIES

1.5L Pinot Noir Vertical

Variety: Pinot Noir

3 Magnums (1.5L)

Eola-Amity Hills Pinot Noir magnum vertical: 2015, 2016, 2017 from Poco and Three Trees Vineyards. Bottles signed by winemakers Anna Matzinger & Michael Davies.

Includes VIP Experience

DETAILS

Our intention is to craft wines reflective of where they are grown and to nurture their expression of place. Our Eola-Amity Hills Pinot Noir comes from two small high elevation family farmed vineyards on the northern end of the Eola-Amity Hills AVA called Poco and Three Trees Vineyard. Each site is smaller than two acres and sustainably farmed by the families who call them home (the Wheelers at Three Trees and the Hudsons at Poco). Although less than a mile distant from one another, each site expresses a very different notion of Pinot Noir grown in the Willamette Valley's Eola-Amity Hills. Three Trees Vineyard with a mountaintop view towards the southwest out to the Coast Range and Pacific Ocean beyond has a high tensile nervous energy, full of spice and plums and tacity. Poco Vineyard in contrast, sits hilltop with a slight camber to the north. Deeper soils here bring a velvety plushness, juicy boysenberry and brambly fruit and silky succulence. Together we think they have something spectacular to say about Oregon, Pinot Noir and the Eola-Amity Hills.

Taste for yourself through the lens of three vintages 2015, 2016 and 2017.

Included Experience:

Lot includes a private tasting with owner/winemaker Anna Matzinger in our McMinnville tasting room. Travel and lodging are not included.

2 - 1.5L 2017 Graham's Block 7 Pinot Noir

2 - 1.5L 2018 Graham's Block 7 Pinot Noir

Includes VIP Experience

DETAILS

Planted in 1982, Graham's Block 7 was one of the earliest blocks of Pinot Noir to be planted on the Montinore Estate Vineyard. The first block to be planted with narrow spacing and low trellising allowed each vine to do less work and focus on fruit development and intense flavors. This arrangement allowed the fruit to ripen slower, leading to lower sugar accumulation and higher natural acidity retention. The wines made from this area show tightly focused dark fruit, blackberry, black currant, and powerful tannins. The Grahams Block was the first used in Montinore's single block program started by Rudy Marchesi in 1998. Since then, the wine has been produced in 21 of the past 23 vintages, making it a staple of the Montinore portfolio. They develop slowly and show nuances at every stage of their development. Enjoy now, or cellar for a unique experience years down the road.

Included Experience:

Join us for a virtual or in-person tasting with winemaker, Stephen Webber, as he takes you through each vintage of the Graham's Block 7 single block designates produced in his three vintages as head winemaker of Montinore Estate.

DETAILS

Since its inception in 1995, Raptor Ridge Winery has been focused on crafting more interesting wines from the unique sub-regions and vineyard sites found within the broader Willamette Valley. To preserve and promote these parcels and places that make the region so diverse, the winery made a concerted choice to source only from vineyard sites that employ certified sustainable, organic, or biodynamic farming practices. We take our vow of sustainability even further than farming by sourcing low-weight recycled glass bottles to curb carbon emissions. We believe that great wines begin with healthy soils and healthy vines and that protecting and preserving our natural environment is not only preferred, but also necessary to create the wines we most enjoy. This horizontal collection from Raptor Ridge Winery curates wines from the 2019 vintage from single vineyard sites that are certified LIVE Sustainable, Oregon Tilth Organic, or Demeter Biodynamic.

RÉSONANCE

Vintage Magnum Collection

Variety: Pinot Noir

6 Magnums (1.5L)

Two magnums each of 2013 Résonance Vineyard Pinot Noir, 2014 Résonance Vineyard Pinot Noir, and 2015 Résonance Vineyard Pinot Noir

Includes VIP Experience

DETAILS

Résonance is our signature estate vineyard and produces the benchmark single-vineyard Résonance Pinot Noir. Planted in 1981, the 20-acre vineyard is organically dry-farmed and situated in the Yamhill Carlton AVA on south-facing slopes between 262 and 492 feet in elevation. The nearby Coast Range breaks apart rain clouds as they come from the Pacific Ocean, an effect that has earned the nickname, the Carlton rip, forming a rain shadow that protects the grapes in the weeks before harvest.

This special magnum vertical showcases beautiful vintages from this site. Résonance is comprised of a massal selection of Pommard, Dijon 777, and Wädenswil Pinot Noir, the soils are ancient, submarine basaltic sediment—shallow and particularly fine. Extruded many years ago, the marine basalts form some of the oldest soils in Willamette Valley. We believe they are one of the reasons the Résonance Vineyard is capable of producing grapes of immense character.

Included Experience:

WHAT GROWS TOGETHER GOES TOGETHER TASTING

A common anecdote among sommeliers and chefs when pairing wine with food is ‘what grows together, goes together,’ meaning that the traditional foods from a particular region pair extremely well with the wines native to that region. In essence, not only wine but even food make claims to terroir, expressing the soil, climate and topography of a region. This unique terroir tasting highlights six single vineyard wines, both current and past vintages, along with locally sourced seasonal provisions representing a sense of place.

This immersive seated experience is hosted in the communal, yet intimate setting of our Résonance Room.

DETAILS

The Jacob-Hart Vineyard, purchased in 1987, is named after REX HILL's founders, Jan Jacobsen & Paul Hart. An old turkey farm, the land was well suited to growing grapes and soil studies have determined there are at least 13 soil types on the property. In places, the earth is so rocky that the vines were planted using a pickaxe instead of a shovel and it cannot be farmed with a tractor. These prized blocks produce the exceptional fruit that comprises our Jacob-Hart Estate Vineyard Pinot Noir.

As winner of this lot, you will have 5 vintages to explore. From the ample ripe fruit flavors of 2012 and 2014 to the more reserved 2010 and 2011, and the 2013 that defies simple characterization, REX HILL proudly presents the Jacob-Hart Estate Pinot Noir.

Included Experience:

Join us for a private tour of our historic tasting room, barrel cellar & production area with one of our wine educators. Learn how we craft our wines each vintage, and taste the results of different winemaking approaches straight from the barrel. Return to our newly remodeled tasting room for a flight of single-vineyard Pinot Noirs paired with small bites from our kitchen.

Since 2010, ROCO has produced some of our juiciest and fresh-fruited Pinot Noirs from this low-elevation jewel estate, located in the eastern portion of the Yamhill-Carlton AVA. Tucked just west of the Dundee Hills, Marsh Estate Vineyard starts at a 250ft elevation and ascends steeply to a peak elevation of 320ft at the end of an exposed ridge line. A collectible wine that is drinkable now, but can lay down for a number of years.

Signed by winemaker Andrew Kirkland and proprietor Steve Hendricks

DETAILS

The Steve's Reserve Pinot Noir consists of a barrel selection of our estate vineyard which proprietor Steve Hendricks believes best expresses the character of our Laurelwood soil. Every year this results in delicate negotiations with winemaker Andrew Kirkland, as he also has interest in these rare barrels for our other reserve lots. The vineyard was planted in 1973 and 1979, making it one of the oldest continually produced vineyards in the state of Oregon. At that time, it was one of the highest-elevation vineyards in the region at 400ft. The vineyard is self-rooted, which we think showcases the best expression of Pinot Noir from the Laurelwood District of the Willamette Valley. Our winemaking style is driven by the site; we use minimal intervention in the wines to show its true expression of each vintage. Consistently elegant and immensely perfumed, our Steve's Reserve Pinot Noir is an impressive example of artisan winemaking in Oregon.

Included Experience:

Hosted by winemaker Andrew Kirkland and greeted with a glass of his favorite grower Champagne, you will begin a tour of our Old Vine Estate Vineyard. Followed by a private seated tasting of our library and reserve wines including our coveted Flora's Reserve, hailing from our vineyard block planted in 1973. Paired with local artisan cheese and charcuterie, this experience will impress any seasoned wine connoisseur.

Sokol Blosser has survived, grown and prospered as a family-owned and run operation, and we are proud to have been part of developing and shaping Oregon's now prominent wine industry.

Sparkling wine has become one of the most sought-after wines in the Willamette Valley, and our LaRue's Brut Rosé and Blanc de Blancs are no exception. Crafted in the traditional méthode champenoise style and tiraged for almost four years, these wines are built for longevity with bright acidity and gentle bubbles, only perfecting with age.

Vibrant rose gold in color, our LaRue's Brut Rosé is an assemblage of Pinot Noir, Chardonnay, and Pinot Meunier from higher elevation sections of our estate. This wine exhibits aromatic notes of ripe white cherry, orange blossom, and honeysuckle with subtle hints of brioche.

Our LaRue's Blanc de Blancs showcases the elegance of our higher elevation old-vine Chardonnay from the Stoller estate. Glowing pale straw color in the glass, the delicate aromatics of brioche, white blossoms, and lemon curd lead to a rich, creamy, textured palate.

Included Experience:

Included with this dazzling lot is a genuinely unique sparkling wine trial that winemakers know well, but few wine lovers get the chance to experience for themselves. The winner of this lot will receive a dosage trial tasting for six at Stoller Family Estate. In sparkling wine production, the dosage is one of the most important elements as it controls how much sugar ends up in the final product of the wine. The winners of this lot will enjoy a private tasting to see how different dosage levels affect the wine and get a behind-the-scenes look at one of the most crucial steps in the sparkling winemaking process.

A block of the original Pommard remains on the property, with younger plantings of Pommard, 777 and 667 clones of pinot noir as well as sauvignon blanc rounding out the remaining planted acres of Adams Vineyard.

In 2008 they launched the Trout Lily Ranch label, named after a flower that grows wild on the property.

WALTER SCOTT

Temperance Hill Vineyard 5-Year Vertical

Variety: Pinot Noir

10 Bottles (750ml)

Iconic Temperance Hill Vineyard North Block Pinot Noir Vertical - Two bottles of each vintage: 2016, 2017, 2018, 2019, 2021

Includes VIP Experience

DETAILS

Temperance Hill Vineyard was planted in 1978, situated along the spine of the Eola-Amity Hills along a finger of ancient volcanic basalt. The organically farmed 100-acre site sits at 850 feet in elevation and in the direct path of Van Duzer winds. Exposure to these intense winds each evening extends the ripening period and challenges the vines; this, coupled with extremely rocky clay soils, produces tiny clusters of thick-skinned fruit. We source one acre from the North Block, producing just over 100 cases each vintage.

Temperance Hill consistently boasts savory qualities of sage, thyme, huckleberry, and orange peel, perfectly balanced with chocolate, black cherries, coffee beans and lavender. Wines from the North Block are pure finesse with dark-toned fruit, elegant tannins, lively acidity, and a complex finish resulting from the old vines in this block.

Included Experience:

Includes a private tasting in our cellar leading guests through a selection of our limited production single vineyard wines, while sharing first-hand knowledge of our special vineyard sites and our winemaking philosophy, the history of the Willamette Valley and the story of Walter Scott. Can be scheduled from April through August, based on winery availability.

The Dusschee's planted the iconic Freedom Hill Vineyard in 1981. Their son, Dustin, took over the farming responsibility in 2017 in yet another generation of sustainable stewardship. The vineyard is tucked into the foothills of the Coastal range on a gentle southeast slope, protected from the coastal winds. The soils here are a sedimentary, uplifted seabed, and are thought to be among the oldest in the region. These ancient soils, combined with the vineyard's microclimate are now recognized as part of a new sub-appellation within the Willamette Valley called Mt. Pisgah, Polk County AVA.

Freedom Hill Chardonnays are ELECTRIC. They consistently erupt with aromas of tangerine blossom, Meyer lemon, lemon balm and ginger. Their palate a balance of density and elegance, with a razor-sharp acidity, limestone texture, and an intense saline in the finish. This is one of the great Chardonnay vineyards in the valley.
