SOLÉNA ESTATE  
2016 PINOT NOIR  
A L'EST

LOT SIZE: 10 CASES

**VINEYARD:** SOLÉNA ESTATE

**BLOCK:** 15

**CLONES:** POMMARD, DIJON 114

**AVA:** YAMHILL-CARLTON

**WINEMAKER:** LAURENT MONTALIEU

**HARVEST DATES:** SEPTEMBER 27–OCTOBER 31, 2016

**BOTTLING DATE:** OCTOBER 1, 2017

**ALCOHOL:** 14.2%

## THE WINE

Nestled in the rolling foothills of the Yamhill-Carlton AVA, Block 15 is the unique child rooted in Soléna's biodynamic vineyard. It doesn't look south; it looks east toward the rising sun. Laurent Montalieu planted this block to a field blend of Pommard and Dijon 114 as an experiment, hoping to bring structure to future blends. However, these vines had a different idea. They thrive in the cool morning rays and are always the last block to be picked, giving them the full growing season to build their personality. Let's raise a glass to marching to a different beat, facing a different direction, and growing amazing wine.

## THE WINERY

After successful careers in the Oregon wine industry, Laurent Montalieu and Danielle Andrus-Montalieu purchased an 80-acre estate to commemorate their marriage in 2000. In May 2002, they launched Soléna by bottling their first vintage of Domaine Danielle Laurent Pinot noir and opening a tasting room in Carlton. Soléna is the combination of the Spanish and French words *Solana* and *Soleil*, celebrating the sun and the moon, and the name that Laurent and Danielle gave to their daughter. In May 2007, Danielle and Laurent added the spectacular 100-acre Hyland Vineyard in the McMinnville AVA to their estate vineyard holdings.

**MARJORIE'S LONG GOODBYE**

LOT SIZE: 5 CASES

**VINEYARD:** MARJORIE  
**CLONES:** POMMARD, WÄDENSWIL  
**AVA:** EOLA-AMITY HILLS  
**WINEMAKERS:** STEVE DOERNER and TOM GERRIE  
**HARVEST DATES:** SEPTEMBER 11–13, 2016  
**BOTTLING DATE:** MARCH 1, 2018  
**ALCOHOL:** 13.5%

**THE WINE**

A remarkable piece of Willamette Valley wine history, Cristom Vineyards 2016 Marjorie's Long Goodbye Pinot noir is composed entirely of the precious few own-rooted vines remaining in our Marjorie Vineyard—the oldest planting on the Cristom estate, dating back to 1982. So few of these Pommard and Wädenswil vines remain that 2016 was the final vintage they produced enough to fill one small fermenter with 100% own-rooted fruit—yielding just three final barrels from the old vines. Marjorie's Long Goodbye is a 66% Pommard, 34% Wädenswil blend from these three barrels, fermented with 55% whole clusters and aged 17 months in 66% new French oak.

**THE WINERY**

Cristom Vineyards began over a quarter of a century ago as a collaboration between an engineer and a biochemist who each possessed a deep-rooted respect for the land, the natural winemaking process, and Pinot noir. 26 years later, second-generation winegrower and owner Tom Gerrie leads winemaker Steve Doerner and our tenured viticulture team in tending our estate vineyards and producing elegant, dynamic wines, recognizable by our hallmark style of whole-cluster fermentation by native yeasts.

**WINEMAKER:** JIM PROSSER

**HARVEST DATE:** SEPTEMBER 4, 2016

**BOTTLING DATE:** MARCH 6, 2018

**ALCOHOL:** 13.5%

## THE WINE

J.K. Carriere's signature move is to build Pinot noirs of "power and grace" that age. We balance substantial wines on the back of some of the highest natural acidities found amongst domestic Pinot noir. "The Choice from St. Dolores" is once again the highest choice from our estate vineyard in 2016. Our mountainous, dry-land-farmed, organic vineyard has a duality about it, yielding wines that are both structured and juicy. Here, the wine's cherry backbone crackles with energy, projecting potency, vibrancy. This is pure, young and piercing stuff. Anything less might not otherwise attain sainthood.

**AVA:** YAMHILL-CARLTON

**WINEMAKER:** BLAIR TRATHEN

**HARVEST DATES:** SEPTEMBER 11–20, 2016

**BOTTLING DATE:** AUGUST 21, 2017

**ALCOHOL:** 14.5%

### THE WINE

This special barrel selection is sourced from two blocks of Shea Vineyard planted to Wädenswil and Dijon 777 clones. Red and blue fruit on the nose lead to a juicy palate that is big and lush with soft, well-integrated tannins. This is a great example of the best of Shea Vineyard in the 2016 vintage.

### THE WINERY

Shea Wine Cellars is an offshoot of Shea Vineyard, a 200-acre property with 140 acres planted to vines in the Yamhill-Carlton AVA. We began as growers with our first plantings back in 1989, selling our fruit to other wineries. The passion of the winemakers we worked with rubbed off and instilled in us a desire to produce world-class wines in addition to farming grapes. In 1996, Shea Wine Cellars began with one barrel of Pinot noir. Our production is now 5,500 cases of Pinot noir and 350 cases of Chardonnay, roughly 25% of Shea Vineyard's annual crop production.

## THE WINE

On May 27, 1860, New York stage coacher and entrepreneur John F. Abbott filed Donation Land Claim #945 in Oregon. Abbott was awarded 320 acres in the Yamhill-Carlton AVA in Oregon's Willamette Valley. The apex of that original parcel is now known as the Abbott Claim Vineyard. We bottled five cases from the two most distinctive barrels from Abbott Claim's Pommard block. These vines, planted by Ken Wright in 2000, crest the Savannah Ridge, digging their roots deep into 50-million-year-old fractured sandstone. The natural balance and poised power of this limited bottling display the pedigree of a long-storied land.

## THE WINERY

**BOTTLING DATE:** FEBRUARY 8, 2018

**ALCOHOL:** 13.3%

## THE WINE

Viagem, meaning “journey” in Portuguese, celebrates the fearless journey of the Coelhos in packing up their young family and moving to Oregon to plant a vineyard, the epic journey along the Oregon Trail that led to the formation of this beautiful state, and the long journey in getting approval for the pending Van Duzer Corridor AVA. This special unfinned and unfiltered cuvée represents a journey through our vineyards in the northern Willamette Valley and is an equal blend of the best barrels from Delfina Vineyard (McMinnville), Zeitoun Vineyard (Eola-Amity Hills), and Coelho Estate Vineyard (Van Duzer Corridor).

## THE WINERY

Located in and anchoring the town of Amity since 2004, Coelho Family Wines focuses on handcrafting Pinot noir from four estate vineyards: Delfina (McMinnville), Zeitoun (Eola-Amity Hills) and Coelho and Perrydale Hills (Van Duzer Corridor). Every single-vineyard wine is crafted using a single yeast in the cellar and a single cooper for the élevage. This allows our range of Pinot noir, Chardonnay, and Pinot gris to speak for their soil and for themselves. To honor our Portuguese heritage, we also make a vintage Port-style wine from six Iberian varietals.

**THE WINE**

An explosion of berry-driven savory flavor paired with silky tannins framed around a lively acidity, this wine highlights the nearly perfect vintage and the racy Willamette Valley. The grapes were selected from the oldest blocks on the Van Duzer Estate, planted in 1983. We hand-picked and sorted the finest fruit to craft this Pinot noir to create a most memorable wine for the 2018 Willamette Pinot Noir Auction. It was aged in the finest French oak for 15 months.

**THE WINERY**

Proprietors Carl and Marilyn Thoma were among the first to choose the foothills at the mouth of the Van Duzer Corridor to create their family estate in 1998, intrigued by the potential of the microclimate and its ability to produce evocative Pinot noir. Perched atop a knoll surrounded by vines on three sides, the site is situated in the gateway of the Corridor, a deep gap in the Oregon Coast Range that draws brisk air from the Pacific Ocean into the Willamette Valley. The flagship estate's 83.7 planted acres are in the direct path of marine winds, and benefit from the cooling gusts that moderate the temperatures over the vineyard, guaranteeing a long, beneficial growing season year after year.

### THE WINE

"When I first stepped foot on what is now our Revana Estate Vineyard, I was taken aback by the property's dramatic range of slope and elevation. I immediately sensed a great opportunity and challenge to cultivate a world-class vineyard on its diverse mix of soil types and microclimates. Over the past 14 years we have continued to refine our farming practices, block by block, and have learned a great deal about the property's unique personalities. For this wine we selected three blocks from our original plantings: Block 4 (Dijon 115), Block 7 (Pommard), Block 8 (777)." – Dr. Madaiah Revana

### THE WINERY

In 2005, vintner Dr. Madaiah Revana acquired our 80-acre estate located on the northwestern edge of the Dundee Hills AVA, where iron-rich volcanic soils converge with ancient marine sedimentary soils of the Pacific Ocean. With a total of 18 soil types, each vineyard block of Pinot noir, Chardonnay, Riesling and Pinot gris is individually cultivated in celebration of the property's diverse soils, clonal selections, and microclimates. In the cellar, winemaker Bryan Weil carries out a minimalist approach to winemaking by focusing on small lot fermentations and native yeasts to produce wines that express a distinct sense of time and place.

Our Founders Pinot noir is crafted with grapes picked from our Old Vineyard Block, our original vineyard site planted by founders Susan Sokol Blosser and Bill Blosser back in 1971. Phylloxera took those own-rooted vines back in 2003, and this site was replanted in 2004. We took cuttings from the original vines before we pulled them out, which became the "bud wood" for the current planting, all grafted onto rootstock. The wine has power coming from Pommard, nice berry notes from the Pinot droit, and some wonderful acid from the Wädenswil.

### THE WINERY

For nearly 50 years, the Sokol Blosser family has been perfecting Pinot noir. Since founders Susan Sokol Blosser and Bill Blosser planted their first vines in 1971, the family has pursued winemaking excellence through environmentally friendly techniques. Today, situated on a certified organic 85-acre property in the Dundee Hills appellation, and farming another 43 acres of vineyards in Dundee Hills and Eola-Amity Hills, B Corp–certified Sokol Blosser remains committed to a sustainable approach. The winery has entered a new millennium of winemaking under the guidance of CEO and Co-President Alison Sokol Blosser and winemaker and Co-President Alex Sokol Blosser.

Surprisingly generous today, this wine will age beautifully in the years to come.

## THE WINERY

Nicolas-Jay is the story of a three-decade friendship between famed Burgundian winemaker Jean-Nicolas Méo and visionary music entrepreneur Jay Boberg, and their shared love of Oregon Pinot noir. **HARVEST DATE:** SEPTEMBER 28, 2016

**BOTTLING DATE:** SEPTEMBER 26, 2017

**ALCOHOL:** 14.4%

## THE WINE

Gothic's single-vineyard Pinot noirs bear the Middle English title "Eldritch," or "otherworldly." This bottling is from the historic Hyland Vineyard, planted in 1971, just five years after Pinot noir was introduced to the Willamette Valley. The vineyard still has pre-phylloxera, own-rooted, old-vine Pinot noir vines, and lies exposed to cool maritime winds and coastal influences via the Van Duzer. Elevations of 600 to 800 feet and the volcanic soils of the McMinnville sub-AVA provide ideal growing conditions for this special cool-climate wine.

## THE WINERY

Inspired by Gothic tales of the 18th century, Gothic is a collection of cool-climate wines from Oregon's Willamette Valley. They are individual wines, driven by the terroir of their remote vineyards. Ripe and balanced, they remain indicative of the regions in which they are grown. The palate and structure of the wines are vibrant and food-driven, modeled on classic, old-world styles of non-interventionist winemaking.

Once again this cuvée is a blend of 67% of our estate fruit (777) and 33% fruit from Zenith Vineyard (Pommard). These are usually single-vineyard bottlings that are only blended for this auction. The wine highlights the dark fruit typical of the Eola-Amity Hills and has structure and tannin that suggest aging potential. The two vineyards are roughly five miles apart on the eastern side of the AVA, and these blocks are over 20 years old. This wine was in 30% new French oak for 15 months. The wine was bottled unfined and unfiltered.

#### THE WINE

A barrel selection from the Bernau Block, the first fifteen acres planted by founder Jim Bernau in 1983. The block features shallow Nekia and Jory iron-rich soils and a southern exposure. The clonal selection is Dijon 667, 777 and Pommard and the wine was aged for 16 months in French oak (30% new).

#### THE WINERY

Established in 1983 by winegrower and Oregon native Jim Bernau, Willamette Valley Vineyards has gone from an idea to one of the region's leading wineries, earning the title "One of America's Great Pinot noir Producers" from *Wine Enthusiast* magazine. Jim's vision of organizing the support of wine enthusiasts to grow world-class wines through shared ownership has resulted in over 10,000 owners. The winery has collaboratively grown its estate vineyards through partnerships like the merger with Oregon wine industry pioneer Bill Fuller of Tualatin Vineyards (established in 1973), the O'Briens for Elton Vineyard (established in 1983) and Loeza Vineyard (planted in 2015). The winery sources all of its barrel-aged Pinot noir from its estate-grown vineyards and sustainably farms nearly 500 acres in the Willamette Valley.

**WINEMAKERS:** DAVE PAIGE and GINA HENNEN

**HARVEST DATE:** SEPTEMBER 5, 2016

**BOTTLING DATE:** AUGUST 14, 2017

### THE WINE

Our Road Blocks Pinot noir comes from our favorite section of Calkins Lane Vineyard, the 52-acre property surrounding our winery. Planted in 1995 on ancient marine sedimentary soils, this vineyard was the third Pinot noir site planted by the Adelsheims. The two one-acre clonal blocks that make up this wine run right next to Calkins Lane and consistently produce the most exciting wines from the property. Block 1 is clone 115; Block 7 is 667. Of the dozen “Dijon” clones brought to Oregon from Burgundy in the 1980s, these two have adapted best to Willamette Valley vineyard soils and climates.

### THE WINERY

Adelsheim Vineyard was founded in 1971 and is still family-owned. We create remarkable Pinot noir and Chardonnay wines with most of the grapes now coming from our ten estate vineyards in the Chehalem Mountains. In the winery we are guided by traditional techniques and non-intervention, but we are also not afraid of experimentation to achieve our high goals. We were part of the founding of Oregon's wine industry and are still industry leaders, aiming to bring Oregon wines to the world while championing the traditions of collaboration and a focus on quality that have always been the hallmarks of the Willamette Valley wine community.

ALDER CREEK**

**LOT SIZE: 5 CASES**

**VINEYARD: ANTICA TERRA**

**AVA: EOLA-AMITY HILLS**

**WINEMAKER: MAGGIE HARRISON**

**HARVEST DATE: SEPTEMBER 16, 2016**

**BOTTLING DATE: SEPTEMBER 1, 2018**

**ALCOHOL: 13.5%**

## **THE WINE**

This singular selection represents the Antica Terra Vineyard in its purest form. Our inspiration came from Burgundy, where small producers would have often only one barrel from a small plot of Grand Cru vines and couldn't bear to top it up with village-level wine. They would drop small rocks into the barrel to displace the wine and eliminate the headspace. We waded through Alder Creek and picked buckets of rocks from the clear, newly-melted glacial runoff. This barrel was topped with these rocks and thus remains the only wine made purely and wholly from our estate.

## **THE WINERY**

Antica Terra is an 11-acre vineyard located on a rocky hillside in the Eola-Amity Hills AVA. The first vines were planted here in 1989 in a clearing within the oak savannah. The geology of the site is extremely unusual; in this place, the remains of a far older prehistoric seabed rise to the surface, leaving the vines to struggle, without topsoil, amongst a fractured mixture of sandstone sown with fossilized oyster shells.

The 2016 vintage Wädenswil Selection is 120 bottles of sublime Pinot noir from a single barrel of high-elevation Wädenswil clone 2A. The wine is from a single block of 100% estate-grown and hand-harvested Pinot noir that was fermented and manually punched down in a small 1.5-ton fermenter with estate-grown indigenous yeast and about 25% whole clusters. The wine will continue to mature in barrel until the auction and will be bottled unfinned and unfiltered. Wines true to the soil, Wines true to the vintage®.

#### THE WINERY

### THE WINE

Nautical Dawn begins when the sky becomes light enough to clearly distinguish it from land and water. In that twilight moment in the Eola-Amity Hills the sea seems especially close. As the marine breeze rises and blows in through our corridor to the west we can smell and taste the briny sea air, and we recognize that elusive saline quality in Chardonnay that grows in our neighborhood. That subtle hint of sea air is something we have much admired in each other's Chardonnays and aspired to capture in this wine that we made together.

### THE WINERIES

Bethel Heights Vineyard was established in 1977 in the Eola-Amity Hills by the Casteel-Dudley-Webb family. The estate winery was founded in 1984, and in 2006 our second-generation winemaker, Ben Casteel, came on board. In 2012, Ken Pahlow and Erica Landon of Walter Scott Wines found a perfect little winery space next door to Bethel Heights Vineyard in Eola-Amity Hills, and moved in. Good neighbors and good friends: a perfect recipe for collaboration.

**THE WINE**

This wine comes from a 1978 own-rooted planting from Dick Erath's first vineyard, Chehalem Mountain Vineyard. It underwent spontaneous fermentation in stainless and was aged 16 months in French oak.

**THE WINERY**

Our focus is single vineyard-designate and small-lot Oregon Pinot noir, Chardonnay and skin-contact Pinot gris. The foundation for the wines begins with the highest quality grapes grown by family and friends who farm organic, biodynamic and own-rooted, old-vine vineyards. Diligently managed spontaneous, whole-cluster and whole-grape fermentations are common. Fermentation and aging vessels include oak puncheons, oak uprights, jacketed stainless tanks, Italian amphorae and concrete eggs. The results are wines with increased textural and aromatic complexity. The wines are often over-vintaged in a combination of new and neutral extra-tight-grain French oak from the most prestigious forests. We have unique access because of winemaker Nicholas Keeler's work as North American sales director for Tonnellerie Allary. We strive to show the true character of each site and not over-manipulate the wine with impactful additions.

### THE WINE

This barrel selection honors Elk Cove's very first single-vineyard Pinot noir, a 1978 Windhill. Whether it was chance or destiny, the 1974 meeting of fledgling winegrowers Joe Campbell and Sandy Reese at the Charles Coury greenhouse was fortuitous. This 2016 "Chance Meeting" Pinot noir commemorates the Campbell's decades-long relationship with the Reese family and some of the oldest Pommard vines in Oregon: the south-facing, windblown-silt slopes of Windhill Vineyard. Known for its spicy undertones, Windhill became Elk Cove's first satellite estate vineyard in 1996.

### THE WINERY

Founded in 1974 by Pat and Joe Campbell, Elk Cove Vineyards is one of Oregon's oldest and most respected wineries. In 1995, second-generation winemaker and fifth-generation Oregon farmer Adam Campbell joined forces with his parents to make Elk Cove a multigenerational, family-run operation. Elk Cove now farms sustainably over 380 acres on six separate estate sites in the northern Willamette Valley. The Campbell's goal has always been handcrafted cool-climate wines that rival the best in the world.

Timbale & Thyme, grown on marine sedimentary soil, is located on Hendricks Road in the Yamhill-Carlton AVA, and is the site of the Hendricks family's original homestead in 1847. The power and finesse of the Ruby old vines matches well with the beautiful fruit from Yamhill-Carlton. This wine is an expression of our unique Oregon story where our roots, both old and new, come together.

### THE WINERY

Ruby is a family winery with deep Oregon roots. Co-owner Steve Hendricks is a fifth-generation Oregonian; children Geoff and Katie are the sixth generation. Co-owner Flora Habibi oversees the business. The vineyard was first planted in 1973, making it one of the oldest in the north Willamette Valley. The winemaking team is led by Eric Hamacher, who has spent 22 years crafting top-notch wines in Oregon. He and skilled assistant winemaker Andrew Kirkland create wines of elegance, nuance and flavor. **BOTTLING DATE:** JANUARY 23, 2018

## THE WINE

I have worked for several years now with the fruit from these two vineyards in the Yamhill-Carlton AVA. The power and elegance they express through the wine are always outstanding. In 2016 I made a special hand selection of small clusters (*petits morillons*) and created a special cuvée of whole clusters from these vineyards. Aged for 16 months in a single French oak barrel, this unique wine delivers a combination of the richness from the Yamhill-Carlton sedimentary soil with the elegance and brightness of small-cluster Pinot noir grapes grown in our cool climate Valley.

## THE WINERY

*Divio* refers to the ancient name of the town of Dijon, the capital of Burgundy—where Bruno Corneaux grew up—and to the origin of most Pinot noir clones grown in the Willamette Valley. Bruno, a fourth-generation Burgundian vintner, fell in love with Oregon while working internship at Domaine Drouhin in 1996. In 2012 he created his own winery, Domaine Divio, and started to make premium wines from Burgundian varietal grapes sourced in the Willamette Valley. Domaine Divio is farming the estate vineyard that was planted in Ribbon Ridge in 2014 through biodynamic practices and producing elegant wines using minimal intervention in a traditional Burgundian style.

### THE WINE

The nose offers bright ruby, red berry liqueur, cherry and floral pastille scents, along with suggestions of cola and musky herbs. The mouthfeel is smooth and broad, then tightens up in the middle palate, with vibrant red and dark berry flavors. This is a rich yet lively Pinot with dusty tannins sneaking in late and folding nicely into the wine's juicy, lingering fruit. The combination of own-rooted, mature vines and shallow, rocky, broken basalt and sedimentary soil consistently produces intense fruit with complex layers of aroma, flavor and structure.

### THE WINERY

SchöneTal Cellars (pronounced "Sch-Ü-na-tahl" and meaning "beautiful valley") is a small producer of Pinot noir. After several years of assisting friends in the winemaking process, David and Lori Ulbricht debuted their first release of Pinot noir, the 2014 Meredith Mitchell vineyard designate. Influenced by their twin daughters' passion for the earth and respective studies in enology/viticulture and geology, our approach to winemaking begins with the belief that one lets the vine and the grapes express their natural eloquence, beauty and balance to unveil the terroir of the valley. We source our fruit from the renowned (and now LIVE-certified sustainable and Salmon Safe) Meredith Mitchell Vineyard, located in the McMinnville AVA.

90% Weber Vineyard and 10% Courting Hill Vineyard; 100% Pommard. Both vineyards are special to us and we've worked with them since 1994, when Rob was at Erath. Both vineyards were planted by pioneering Oregon growers who ultimately became dear friends, trusted sources of some of the best Pinot noir in the Valley—they are great people doing fine work with the utmost integrity. The wine has a ruby color with garnet edges. Very elegant. Queen Anne cherry, pomegranate, roses. The lingering taste of plum and cherry. This is a wine that tastes lovely now, but its charms will certainly be enhanced with time.

#### THE WINERY

R. Stuart Winery is in a converted granary in downtown McMinnville. This is where we gather carefully selected fruit from some of our favorite vineyards. Our everyday Pinot noir and Pinot gris are bottled with the Big Fire label—a reflection of our passion for what we do. We blend the Big Fire wines to be friendly, lively and utterly drinkable. Most recently we have added our Love, Oregon wines to the family. These wines—a Pinot noir, a Rosé and a Chardonnay—pay homage the hardy souls who pioneered this beautiful state. Other wines bear the R. Stuart & Co. label. These are elegant Pinots, true to the fruit each vineyard offers.

## THE WINERY

Consistently producing some of the most distinguished wines to come out of Oregon, Seven Springs Vineyard was originally planted in 1983 and sits in the eastern Eola-Amity Hills. The vineyard is biodynamically farmed and LIVE certified. **THE WINE**

The 2016 Willamette Auction Pinot noir from Dusky Goose is a unique blend with fruit sourced from two of our estate vineyards, Rambouillet and Fennwood. Rambouillet Vineyard is situated perfectly in the Dundee Hills, contributing dark cherry and dried rose petals to the aromatics. Fennwood Vineyard, located in Yamhill-Carlton, has the classic earth tones coming from that AVA. The palate brings an opening bright tartness that is quickly overwhelmed by a mid-palate juiciness that leaves us thinking of candied Marasca cherries. The finish is long and bright, feathering into a perfect ending.

**THE WINERY**

Dusky Goose is a limited-production, distinctive Pinot noir, skillfully crafted by Lynn Penner-Ash into a seductively elegant wine with defining depth and character. Proprietors John and Linda Carter have worked with Lynn since the winery was established in 2002 to create a distinctive profile and complex structure one can clearly recognize as Dusky Goose. John and Linda farm three estate vineyards, all LIVE certified, with a commitment to low-impact viticulture and low yields, making an authentic, limited-production wine possible without compromising the integrity of the fruit, vines or land.

This wine shows rich and supple tannins with an aromatic profile consistent with 115 and a dark-fruited vintage, including earthy, savory undertones and concentrated notes of black cherries and blueberries. Cola and sassafras accentuate Dundee Hills baking spices framed within Lange's classic structure and balanced but vibrant acidity. Drink now or cellar for a few decades. Your call.

Big Table Farm is the collaborative effort of Brian Marcy and Clare Carver. We are a winemaker and an artist; we grow and produce what we love to eat and drink. In 2006 we moved to Oregon from Napa, where Brian had been working in wine for ten years. We started with a dream and made our first 150 cases in 2006. And now, just over ten years after we took the leap, we have developed our land into a working farm and built a winery. We are deeply grateful for the chance to build this dream and share it.

### THE WINE

The view from the top of our Dundee Hills vineyard is remarkable in all seasons. We can't know if the vines in Block 10 of our vineyard appreciate and enjoy the view, but we like to think that the view is part of the terroir, along with the southern exposure, 700-foot elevation, Jory soil and deep-rooted Pommard-clone Pinot noir vines that grow there. Selected from small fermentation lots using primarily whole-cluster fruit, this wine captures its origin high on the hills overlooking the Willamette Valley in the summer of 2016.

### THE WINERY

Winter's Hill is an estate winery located in the Dundee Hills of Oregon. The Gladhart family owns and operates Winter's Hill, from managing the vineyard and the rest of our farm, to making our wines, to greeting you in the tasting room when you come to visit. No single clone was selected for the block; we instead planted a randomized mix of Dijon clones with the hope of truly capturing the essence of the terroir. The block is harvested when the various clones reach a harmony of ripeness. After fermentation this wine was aged for 18 months in French oak.

## THE WINERY

Our adventure started in 2012. The name Cramoisi embodies the delightful crimson clover that blankets the vineyard every spring. Vibrant, elegant, and earthy, Cramoisi reflects the color, beauty and complexity of our wines. We have 11 blocks of Pinot noir planted at 500 to 600 feet in elevation; our clones are a mix of the best from Oregon's first Pinot plantings (Pommard), Dijon clones imported from Burgundy (667, 777) and more rare heirloom clones such as Holstein and Vosne-Romanée (122). ### THE WINE

La Corsia is our first auction wine, and is a one-of-a-kind barrel selection from our single vineyard program with Lachini Vineyard. This old-vine biodynamically farmed block of Pommard is sourced from the famed Calkin's Lane hillside. This wine displays purity and elegance born from these ancient sedimentary soils. We fermented this wine using native yeasts and then aged it in French oak, of which 25% was new. While it is tempting to drink now, we believe it has aging potential of 10 years or more. A wonderful wine to have in your cellar or wine list. – Paul de Lancellotti

### THE WINERY

The beginning years opened our eyes to biodynamic farming—a holistic practice of farming used for generations in the premier vineyards around the world, but one that is largely misunderstood until one has spent a lifetime in vineyards. The peers we respect most in this industry are those farmers whose mindset is rooted in the health of our planet. Since 2005, de Lancellotti wines are a result of fruit sourced from some of the finest vineyards in Oregon, hand selected and intentionally farmed throughout the year. Simply put, farming great vineyards and sourcing the finest Pinot noir and Chardonnay are our passions.

**ALCOHOL:** 13.8%

### THE WINE

Replanted after phylloxera, the “new” Freedom Hill Vineyard is now consistently lush and forward. The fruit for this barrel auction offering comes from a single barrel from the 777 Clone Heritage Block—a block that is perfectly positioned with southeast exposure at 400 feet in elevation. Influenced by its marine sedimentary mother rock, the aromatic profile is savory and seductive. Notes of anise, cedar and tobacco compliment the dark aromatics that are dominated by blue fruit. Flavors mirror the aromatic profile and the wine finishes with mouth-coating texture and beautiful length.

### THE WINERY

40 years of winemaking have taught us a simple truth: source is everything. Established in rural Carlton, Oregon, Ken Wright Cellars is devoted to showcasing the inherent quality of selected vineyard sites. With a clarity and breadth that is unequaled by other varieties, we believe Pinot noir best expresses the character of these sites. Rather than stamping wine with a varietal trademark, Pinot noir is the ultimate vehicle for conveying the aroma, flavor and texture of the location in which it is grown. Ken Wright Cellars produces a single vineyard Pinot noir from 13 different vineyard sites in the Northern Willamette Valley.

**ALCOHOL:** 13.5%

**THE WINE**

A special lot from our favorite block at the Gran Moraine Winery Vineyard. This non-irrigated, Pommard selection with an odd, north-facing slope has emerged as our favorite over the years. At Siduri we are no strangers to stem inclusion on our fermentations. In 2016, the grapes were perfectly ripe and the stems were, too—ideal for 100% whole-cluster ferment. Since the whole bunches made it impossible to pump over or punch down, we were required to remove our pants and hop in the fermenter for some good ol' foot stomping to assist with extraction and to help initiate fermentation.

**THE WINERY**

Siduri specializes in cool-climate Pinot noir, producing wines from five major AVAs spanning from California's Santa Barbara county to Oregon's Willamette valley. Why? Because we believe that great wine is made in the vineyard. To that end, we've developed long-term relationships with some of the West's most sought-after growers and vineyards. We purchase the majority of our fruit by the acre rather than the ton. We also believe in minimal intervention so that the winemaking forwards, rather than overshadows, what happens in the vineyard. To that end, our wines are unfiltered and un-fined, maximizing the expression of these very diverse sites.

## THE WINE

Our wines are crafted 100% from our single-vineyard estate. We harvest, ferment and barrel down each vineyard block separately. Each wine we bottle is a barrel selection. Our approach is to make these selections blind, with no consideration given to geology, clone, rootstock, fermentation or cooperage. Final selections are usually a mix of these influences. However, periodically a single block ends up being the selection. This is the case once again for our 2016-vintage auction lot. It is 100% winery block from a special hilltop location at 650 feet in elevation, planted to Clone 777 on RG rootstock.

## THE WINERY

Alloro Vineyard is 70 acres of uniquely contoured, loess-derived Laurelwood soil. Located on a southwest-facing slope in Oregon's Chehalem Mountains, this special place is the heart and soul of our wines, cared for by owner David Nemarnik. We are 100% estate, crafting all our wines from our sustainable single-vineyard site. Our Burgundy-trained, UC Davis-educated winemaker, Tom Fitzpatrick, believes that a wine should be an "expression of place, at a moment in time" and should therefore capture the unique personality of a site as it is expressed in each vintage.

The 2016 Penner-Ash Willamette Auction wine is a blend of three distinctive vineyards from the Yamhill-Carlton and Eola-Amity Hills AVAs. In the Yamhill-Carlton AVA, we sourced from our own Penner-Ash Estate and the celebrated Shea Vineyards; from the Eola-Amity Hills AVA, we sourced from the renowned Zena Crown Vineyard. ### THE WINE

Named for the dichotomy the fruit from our Willow Creek vineyard presents, the 2016 Velvet Fury Pinot noir is both sensual and a full-throttle explosion of power on the palate. Made exclusively from three barrels (one from each of the 777, 115 and 114 clones), this single-vineyard blend does not shy away from the aromas and flavors of cherry fruit leather, black raspberry coulis and plums. The wine glides around the palate, yet is textural and structured, framed by the French oak barrels (66% new) in which it was aged for 14 months.

### THE WINERY

Originally from California, Doug and Jo Ann Fries moved their family to Sunriver, Oregon, in the early 1980s. In 1984, they purchased property in Dundee, Oregon, where they planted a 500-acre hazelnut orchard along with a small 13-acre vineyard with the hopes of producing a few hundred cases of their own wine. In 1993, Duck Pond Cellars opened its doors for the first time, named in honor of the family home on Sunriver's Duck Pond Lane. We remain a family-owned and operated winery, and our dedication to providing quality wines has never wavered in our 25 years of business.

## THE WINE

Julius Caesar's words *Alea Iacta Est*, “the die has been cast,” symbolize chance, fate and the power of returning to one's home. Meg and Jerry Murray rolled the dice in 2016 when they decided to return home to the Willamette Valley and launch PROJECT M. Alea is a tribute to the Willamette Valley, its wines, and its community. Created exclusively for the auction, Alea was meticulously blended from five barrels sourced from three vineyards. Alea embodies the PROJECT M manifesto: honest wines of purity, precision and alluring elegance without excess or imitation. Though the balance of her proportions is classical in nature, her beauty is purely Willamette Valley.

## THE WINERY

Founded in 2016 by Meg and Jerry Murray, PROJECT M was born out of the combined thirty years of industry experience of its creators. At PROJECT M, winemaking, like life, is a process of purification—the brushing away of all but the essential. We believe things made in this way are not objects but experiences, and that, when shared, these experiences make a better world. We produce small quantities of Pinot noir, Riesling, Chardonnay and rosé that we hope find a place at your table.

**BOTTLING DATE:** DECEMBER 10, 2017

#### THE WINE

The 2016 Cuvée 3 is a blend of three vineyards, AVAs and clones: Arlyn Vineyard for forward red fruit and lighter body, Dupee with full-bodied new oak and Eola-Springs for spicy non-fruit complexity and structure from 25% whole-cluster fermentation. Used in equal parts, these vineyards make a blend full of ripe fruit from black currant to loganberry, integrated oak showing caramel, cardamom and vanilla, and full body with elegant acid and a long finish. No vineyard should stand out more than the other and with that balance the wine will be enjoyable young or with five or more years of age.

#### THE WINERY

After 15 years of making award-winning wines for others, in 2002, Joe Dobbles started a winery bearing his own name. Dobbles Family Estate was founded with a great deal of sweat equity, optimism and conviction. Selecting fruit from premier vineyards in Oregon's Willamette and Rogue Valleys, the Burgundian-styled Dobbles wines are known for great structure, depth and opulence, without sacrificing balance or elegance. Today, a new generation continues on in the traditional winemaking style, while combining a “new world” flair that exemplifies the very essence of Oregon in every bottle. With each of our single-vineyard wines and masterful cuvées, winemaker Andy McVay is dedicated to handcrafting true wines of distinction.

**WINEMAKERS:** SAM TANNAHILL and MICHAEL DAVIES

**HARVEST DATE:** SEPTEMBER 20, 2016

**BOTTLING DATE:** SEPTEMBER 11, 2017

**ALCOHOL:** 14.1%

## THE WINE

The 2016 REX HILL auction wine is made with carefully chosen clusters from the most exciting block of our biodynamically farmed Jacob-Hart Estate Vineyard, Block VM. Composed completely of large volcanic rocks situated at the highest point within the vineyard, Block VM is made up of hard-fractured basalt, which allows rainwater to drain easily and retains vital heat from the sun. These factors result in smaller, intense, dark berries and deep, structured wines in barrel. A truly special wine, this is a wine of elegance and longevity with structure for long aging, an iron fist in velvet glove.

## THE WINERY

The families of A to Z Wineworks bought REX HILL in 2007, reducing production almost 80% to focus on only the highest quality wines. Using hand-picked, hand-sorted grapes, small fermenters and small French oak barrels, REX HILL wines represent less than 3% of A to Z's total production, the crème de la crème from the Willamette Valley. REX HILL is one of the original LIVE-certified wineries; owned vineyards are farmed following biodynamic principles resulting in authentic wines that are balanced, complex, rich and delicious. In Fall 2017, REX HILL was named the Robert Parker Extraordinary Winery in The Americas, "poised to become the next great thing" with the inaugural Under the Radar award.

**THE WINE**

Our very special Beaux Frères 60-bottle cuvée 2016 Pinot noir is a blend from our two Ribbon Ridge AVA estate vineyards, the Beaux Frères vineyard (planted in 1988 with own-rooted Pommard and Wädenswil Pinot noir clones) making up 65% and the Upper Terrace (planted in 2000 to a variety of Dijon clones) contributing 35%. Both sites are composed of marine sedimentary soils hovering around 450 to 500 feet in elevation with plenty of forest framing the vines. The wine showcases the unique terrain in such a way that words cannot do justice—a sensory experience one must taste to understand. Thank you, from Michael Etzel, the Dad...

**THE WINERY**

In 1986, Michael Etzel came upon an 88-acre pig farm for sale in the Northern Willamette Valley. After some deliberation, Michael purchased the farm with his brother-in-law (the French idiom is "beaux frères"), Robert Parker, Jr., uprooted his young family from Colorado and moved to the farm the following summer to begin transforming the land into his jewel. While planting his vineyard, Michael worked harvests at Ponzi Winery. In 1990, he harvested his first crop and sold the grapes, except enough to make one barrel, to winemakers Ken Wright and Dick Ponzi. In 1991, a barn renovation led to the creation of Beaux Frères Winery.

The Vesper Bell is traditionally the bell rung in the early evening to summon people to return home. The Flat Block has always been for me the Vesper Bell. It's where we played as children and it's the place I always go when someone asks me, "What is this place all about?" As our home vineyard evolves, the Flat Block is the immutable center of the wheel, the steady voice that can always translate what we love about our place into wine. Our Auction lot is a micro blend of small amounts of our favorite barrels from the 2016 Flat Block.

**WINEMAKER:** ANNE HUBATCH

**HARVEST DATE:** SEPTEMBER 15, 2016

**BOTTLING DATE:** DECEMBER 15, 2017

**ALCOHOL:** 14.2%

### THE WINE

Helioterra Pinot noirs are a study in elegance, balance and grace. This single barrel from Lias Vineyard was the best barrel of our cellar. It exemplifies beautiful red fruit notes, layered with dusty sandalwood and a touch of bergamot and black tea, finishing with a lingering of red raspberry and graham. Lias Vineyard is on a bench that has a gentle southeast slope. This is a transitional section with some volcanic Jory, but predominantly sedimentary soils. There are many rocks and boulders in this block. The variability of soils and exposure lends complexity to this single clonal selection.

### THE WINERY

Helioterra Wines is a small artisan producer of Northwest wines that are pretty, elegant and graceful in style. All our Pinot noirs are fermented with native yeasts and aged for a year, unracked, before bottling. Helioterra's production focuses on three pillars: aromatic white wines, Pinot noir and Rhône red wines. As an undergraduate, Anne Hubatch studied geology at the UW-Madison. The name Helioterra draws on geological inspirations, symbolizing Heliolite, the Oregon state gemstone (more commonly known as Sun Stone). Helio and Terra combine the Greek words for sun and earth, natural partners for grape growing.

**BOTTLING DATE:** JANUARY 24, 2018

### THE WINE

The partnership between winemakers Laurent Montalieu and Bruno Corneaux in this barrel is the expression of the freshness and complexity of the two vineyards they chose in the Yamhill-Carlton AVA where they know that the brightness of the fruit will shine in the wine: Domaine Danielle Laurent Vineyard and Janice Vineyard. Deux Vignerons (“Two Vintners”) is also about harmony. Bruno and Laurent believe that a wine should evoke emotions—their search for purity, elegance, mineral complexity, almost ethereal texture that they believe Chardonnay must achieve.

### THE WINERIES

Laurent Montalieu and Bruno Corneaux, both French natives, have been friends since they met in the Willamette Valley 22 years ago. Laurent and Bruno worked together for the last eight years and share all viticulture and winemaking decisions at Laurent’s production facility, Northwest Wine Company. They both have a passion for geology and share the idea that greatness in a wine has a lot to do with the roots of the vines, the respect of the land and the sense of place reflected in their wines.

**WINEMAKER:** THOMAS HOUSEMAN  
**HARVEST DATE:** SEPTEMBER 15, 2016  
**BOTTLING DATE:** MAY 1, 2018  
**ALCOHOL:** 13.5%

#### THE WINE

Our favorite single barrel from 2016 was Musigny-clone Pinot noir grown at our Twelve Oaks Estate Vineyard in the Chehalem Mountains AVA. The story of Gary Andrus smuggling this clone back to the United States, combined with the uniqueness of this barrel, convinced us to select this as our auction wine. It is a dark, brooding wine, with great acidity and flavors of blueberry, violets, lavender and pastilles. While it will certainly age well, gaining increased complexity and nuances, it is still soft and pretty enough to be consumed young. Bottled unfined and unfiltered.

#### THE WINERY

Anne Amie Vineyards farms our two estate vineyards (Anne Amie Estate in the Yamhill-Carlton AVA and Twelve Oaks Estate in the Chehalem Mountains AVA) sustainably according to LIVE certification. We want each of our wines to express their variety, vineyard and vintage, so winemaker Thomas Houseman employs a light touch in the cellar, using small fermenters and focusing on indigenous yeast, gravity flow, extended lees contact, modest amounts of new oak and bottle age to bring out the personality of our vineyards. Our goal is to produce elegant, terroir-driven wines that emphasize complexity over power.

**HARVEST DATES:** SEPTEMBER 15–21, 2016

## THE WINE

Legend has it that in 1947 one of Bill Stoller's uncles found the body of an unknown man leaning against a tree on our property. Some say he was an outlaw; others say he was an adventurer caught with the wrong man's wife. Nevertheless, this wine is composed of our original Pommard plantings located on what is privately called "Dead Man's Hill." Fermented in a two-ton oak tank with 14% whole cluster, "Dead Man's Hill" spent 12 months in barrel and four months in tank. Aromatics of cherry, violet, spice and earth lead to a lively, succulent palate with a plush texture and seamless finish.

## THE WINERY

Stoller Family Estate is a 398-acre parcel located on the southern slope of the Dundee Hills. Pioneering Oregonian and founder Bill Stoller purchased his family's second-generation farm in 1993 with the vision of cultivating an enduring legacy for the land and Oregon wine industry. Over the last 20 years, he has patiently transformed the property into the largest contiguous vineyard in the Dundee Hills that has become synonymous with producing exceptional wines. ## THE WINE

This unique wine represents the lengths our team will go to in the cellar to produce the most profound wines possible. It is a 50/50 blend of Zena East Block 1 Pommard clone, which was fermented as a 100% whole cluster lot and foot trodden for cap management, and Zena East Block 12 Pommard clone destemmed and fermented in small barriques with one head removed. Extremely limited quantities of both of these wines were produced, and the creation of a small auction blend using both components is the only possible way to make a wine such as this available.

## THE WINERY

Zena Crown Vineyard, located at the southern end of the Eola-Amity Hills appellation in the Willamette Valley, comprises 115 acres of vines and 48 vineyard blocks. From it, winemaker Shane Moore and consulting winemaker Tony Rynders produce four Pinot noir wines—one for each season, to capture the vineyard's changing moods and expressions just as if it were a living, breathing thing. Volcanic soils help maintain aromatic lift, climate keeps acidity buoyant, and the punishing winds rushing through the adjacent Van Duzer Corridor add an overcoat of structured tannin.

## THE WINE

The story of this wine begins before the first vines were planted in the Willamette Valley, in the unlikely Pinot noir region of Alsace. It starts in the hands of a man whose bravado and robust reputation preceded him. This story twists and turns through failed nurseries, broken relationships and lost plantings to Mother Nature's touch, but it ends with the perfect pairing of clone and site. Hyland Vineyard's gentle Jory slopes and long growing season set the stage for elegant tannins and floral aromatics. Self-rooted and unchanged, this wine is history in your glass.

## THE WINERY

Hyland has been a part of the Willamette Valley since 1971. You can't discuss the origins of Oregon winemaking without mentioning the gentle giant overlooking the Van Duzer Corridor. Untouched, unmoved and self-rooted, Hyland's gnarly 47-year old vines remain entrenched in red volcanic Jory soil. It wasn't until 2011 when its new owner and winemaker, Laurent Montalieu, decided it was time for this vineyard to have its own wine. Hyland Estates produces around 5,000 cases of clone-specific wines from the most historic blocks in the vineyard.
