

# WELCOME TO THE WILLAMETTE VALLEY

OREGON'S WILLAMETTE VALLEY

## SEASONS IN THE WILLAMETTE VALLEY

### **HARVEST** September & October

For grape growers and winemakers it's the most exciting, stressful, and exhilarating time of year—the culmination of an entire growing season that represents months of hard work, decision-making and preparation. Welcome to harvest. It's an incredible time to visit the wine country and catch a glimpse of the action. Harvest dinners and celebrations abound.

### **THE GIVING SEASON** November & December

Between the breathless rush of harvest and the calm of Cellar Season, we welcome the festive energy of the holidays. Gather your loved ones for a special Thanksgiving weekend tasting where more than 150 wineries host special events. Take advantage of seasonal deals for an overnight stay, stock up on holiday gifts, or consider your many options for making a donation to our local food banks through the annual Willamette Cares Food Share. The holiday season is a joyful and peaceful time to visit wine country.

### **CELLAR SEASON** January - March

This is wine country's coziest time of year. Cool, misty weather brings us indoors to the warmth of intimate tasting rooms, the hushed thrill of that first taste of the new vintage from barrel, opportunities to savor delicious food and wine pairings and the chance to share this moment with the talented makers who can finally catch their breath and embrace the calm of this special season.

### **WILLAMETTE VALLEY IN BLOOM** April & May

It's springtime in wine country! Buds are breaking, bottling lines are humming, rosé is flowing and it's a great time to taste new releases and old favorites from the region's acclaimed wineries. It all culminates in Memorial Day weekend festivities, when more than 150 wineries and tasting rooms open their doors each year for special events and tastings at one of wine country's longest-running celebrations. Enjoy a vineyard picnic, live music, tasty food pairings and local art. Savor the world-class wines and spectacular views of springtime in the Willamette Valley.

### **SUMMER IN WINE COUNTRY** June - August

It's the most popular time to explore wine country. Sunny weather, lush vines and an abundance of special events welcome visitors to the Valley.

## WINE TASTING TIPS

**When in doubt, call ahead.** It never hurts to call the winery to make an appointment no matter the size of your party, and if you have a group of six or more it's proper etiquette (if not mandatory). This phone call is a great time to ask any questions you may have and, if you have flexibility, gauge the best time to visit.

**If you plan one thing, make it your meals.** Start the day with a hearty breakfast and pack snacks like bread and cheese. Some wineries have food for purchase; check our key for the icon 🍴. Check for the picnic area icon 🏕️ and always ask before bringing outside food to a winery.

**Don't overbook.** Plan for at least 45 minutes at each winery plus travel time, and remember that three relaxed winery visits will make for a much more memorable day than eight rushed ones.

**You don't have to be the designated driver to make use of spittoons and dump buckets.** Wine industry professionals spit constantly, so no one will think you're an amateur for pacing yourself. (If no one wants to be the designated driver, the Willamette Valley has several tour companies to choose from—see page 45!)

**Avoid wearing fragrances** or scented beauty products, which can distract you and your fellow tasters from what's in the glass.

**No need to book a babysitter:** many Willamette Valley wineries offer outdoor games, picnic spots, family events and non-alcoholic beverages. Use our family-friendly search filter on our website to plan a trip with small children. Bringing the family dog? Watch for the dog-friendly icon 🐾 in this guide.

**Expect tasting room staff to follow the same laws as any bar** regarding checking ID and denying service to inebriated persons.

**Oregon is famous for its cycling culture.** If you prefer two-wheeled travel, filter your search on our website for bike-friendly wineries. (Please wear a helmet and keep in mind that Oregon's DUI laws apply to cyclists.)

**If you wish to tip your tasting room associate, ask first.** Tipping policies vary and some tasting rooms do not allow tips. A compliment to the hospitality manager or positive review for excellent service is always appreciated, too.

**Never bring outside alcohol into a tasting room** unless the business explicitly allows BYO.

**Ask before walking through the vineyard or cellar;** these are working production facilities and wandering around unannounced is unsafe. Consider scheduling a guided tour instead! 🍇
