

State of North Carolina

ROY COOPER
GOVERNOR

April 28, 2021

EXECUTIVE ORDER NO. 209

REMOVING THE OUTDOOR FACE COVERING REQUIREMENT, RELAXING RESTRICTIONS ON GATHERINGS, AND EXTENDING THE CAPACITY AND SOCIAL DISTANCING MEASURES OF EXECUTIVE ORDER NO. 204

WHEREAS, on March 10, 2020, the undersigned issued Exec. Order No. 116, 34 N.C. Reg. 1744-1749 (April 1, 2020), which declared a State of Emergency to coordinate the state's response and protective actions to address the Coronavirus Disease 2019 ("COVID-19") public health emergency and provide for the health, safety, and welfare of residents and visitors located in North Carolina; and

WHEREAS, on March 11, 2020, the World Health Organization declared COVID-19 a global pandemic; and

WHEREAS, on March 13, 2020, the President of the United States issued an emergency declaration for all states, tribes, territories, and the District of Columbia, retroactive to March 1, 2020, and the President declared that the COVID-19 pandemic in the United States constitutes a national emergency; and

WHEREAS, on March 25, 2020, the President approved a Major Disaster Declaration, FEMA-4487-DR, for the State of North Carolina; and

WHEREAS, in responding to the COVID-19 pandemic, and for the purpose of protecting the health, safety, and welfare of the people of North Carolina, the undersigned has issued Executive Order Nos. 116-122, 124-125, 129-131, 133-136, 138-144, 146-153, 155-157, 161-165, 169-173, 176-177, 180-181, 183-185, 188-193, 195, 197-198, 200, and 204-207; and

WHEREAS, the undersigned has taken a science and data-driven approach to implementing public health measures to curb the spread of the virus and to advance the state's economy in a safe and effective way, which is in the best interests of all North Carolinians; and

WHEREAS, the state has experienced improvement in its key COVID-19 metrics as compared to several months ago, prompting the undersigned to relax certain restrictions on businesses and gatherings, most recently in Executive Order No. 204; and

WHEREAS, over the course of the pandemic, North Carolina's public health experts have gained enhanced knowledge of the COVID-19 virus, including a better understanding of what settings and activities pose the greatest risk of transmitting the virus, and what mitigation strategies are most effective to curb spread; and

WHEREAS, over the course of the pandemic, the state has also expanded its access to personal protective equipment and other necessary materials to better protect the population from the spread of COVID-19, and has increased its ability to test for and to trace the virus; and

WHEREAS, the state has also mounted a robust vaccination effort, to distribute the state's allocated supply of COVID-19 vaccines authorized by the Food and Drug Administration ("FDA") to all people living in or spending significant time in North Carolina; and

WHEREAS, North Carolina continues to focus on distributing vaccines fair and equitably, and as of the date of this Executive Order, over thirty-eight percent (38%) of the state's population over age eighteen (18) is fully vaccinated, and over forty-eight percent (48%) of the state's population over age eighteen (18) is partially vaccinated; and

WHEREAS, COVID-19 vaccines are now widely available at no cost to all eligible North Carolinians who wish to receive one, and all eligible North Carolinians are encouraged to get vaccinated; and

WHEREAS, the continued prevalence of COVID-19 variants of concern across the state, key COVID-19 metrics that, while they are recently improved, remain elevated, and the need to make additional progress in the state's ongoing vaccination efforts together require continuation of the state's dimmer-switch approach to lifting restrictions; and

WHEREAS, accordingly, in light of the above factors, the undersigned deems it reasonable and necessary to lift the outdoor Face Covering requirement, further relax restrictions on gatherings, and continue the capacity restrictions and social distancing measures established by Executive Order No. 204 until June 2021, when the undersigned anticipates lifting most capacity restrictions and social distancing measures directed herein; and

WHEREAS, it also remains critical that North Carolinians continue to exercise personal responsibility in protecting themselves and others from the spread of the COVID-19, including by wearing Face Coverings, maintaining social distancing, washing hands frequently, and operating and frequenting businesses in compliance with this and other Executive Orders; and

Improvements in Key COVID-19 Metrics

WHEREAS, over recent months in North Carolina, due to the measures taken to date by the undersigned and due to the resilience and persistence of all North Carolinians, there have been improvements in the state's key COVID-19 metrics; and

WHEREAS, specifically, as of the date of this Executive Order, the state is experiencing lower rates of the percent of emergency department visits that are due to COVID-like illness, the number of COVID-19 daily diagnoses, the percent of total COVID-19 tests that are positive and the number of COVID-19-associated hospitalizations, relative to these metrics in January 2021; and

WHEREAS, these improvements are occurring across North Carolina communities, as evidenced by the fact that between March 28, 2021 and April 10, 2021, only one county in the state is rated to have a "critical" rate of COVID-19 community spread, according to the County Alert System developed by the North Carolina Department of Health and Human Services ("NCDHHS"), which evaluates a county's COVID-19 case counts, percent positives, and hospital occupancy; and

WHEREAS, COVID-19 has inflicted an unprecedented toll on human life in North Carolina; and

WHEREAS, more than nine hundred sixty-five thousand (965,000) people in North Carolina have had COVID-19, and more than twelve thousand six hundred (12,600) people in North Carolina have died from the disease; and

Lifting of Certain Restrictions under North Carolina's Phased, "Dimmer Switch" Approach

WHEREAS, by using a phased reopening approach, North Carolina is endeavoring to manage the risk of COVID-19 exposure from a public health perspective in order to ensure that the state's health care providers have the resources and availability to protect people's lives while also allowing people to return to work and take part in activities that are integral parts of people's lives; and

WHEREAS, the undersigned directs the phased reopening measures set forth in this Executive Order in consultation with NCDHHS; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, and the reduced risk of transmission of the virus in outdoor settings, particularly among fully vaccinated individuals, the state can lift, at this time, the requirement to wear a Face Covering in outdoor settings when social distancing of six (6) feet cannot be maintained; and

WHEREAS, North Carolinians are encouraged to wear Face Coverings outdoors in certain crowded, dense, and higher-risk settings when they cannot consistently maintain six (6) feet of social distance from non-household members; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, it is reasonable to raise the indoor mass gathering limit to one hundred (100) persons and the outdoor mass gathering limit to two hundred (200) persons, which will allow people to gather in larger numbers with friends and loved ones, while still adhering to Face Coverings and other mitigation measures; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, the current percentage occupancy limits on certain establishments can be maintained for the duration of this Executive Order; and

WHEREAS, in an effort to accelerate North Carolinians' return to pre-pandemic activities, but lower the risk of viral spread in these activities, the undersigned desires to enable certain large venues to host Guests in numbers above the generally applicable occupancy limits established by this Executive Order, provided that the venue receives pre-approval from NCDHHS to do so, in accordance with all criteria for approval established by NCDHHS; and

WHEREAS, larger venues have the resources, staff, and capability to design, implement and enforce safety protocols to host Guests in larger numbers; and

WHEREAS, larger venues have multiple entrances and exits and larger concourses, reducing crowding and allowing Guests to maintain adequate social distancing as they move about the venue; and

**Certain Businesses Pose Greater Risks of COVID-19 Transmission and Loosening Restrictions
Must be Undertaken in a Cautious Manner**

WHEREAS, for the reasons set forth herein and in the undersigned's previous Executive Orders, restrictions have been imposed on businesses which are designed to limit the number and duration of contacts between people, particularly in settings in which people exert increased respiratory effort, that are indoors, that involve people being in close physical contact for an extended period of time (more than 15 minutes), that involve large numbers of people, are in settings in which it is difficult to wear Face Coverings consistently, or are in settings in which people are otherwise less likely to adhere to social distancing and other measures for reducing COVID-19 spread; and

WHEREAS, certain types of businesses by their very nature present greater risks of spread of COVID-19 because of the nature of the activity, the way that people have traditionally acted and interacted with each other in the space, and the duration that patrons stay in the establishment; and

WHEREAS, the undersigned's previous Executive Orders have addressed the particular risks posed by Bars, and other establishments in which people mingle with one another and cannot

consistently maintain social distancing or consistently wear Face Coverings, or gather in large crowds; and

WHEREAS, in these establishments, loosening restrictions must necessarily be undertaken in a cautious manner; and

Statutory Authority and Determinations

WHEREAS, Executive Order No. 116 invoked the Emergency Management Act, and authorizes the undersigned to exercise the powers and duties set forth therein to direct and aid in the response to, recovery from, and mitigation against emergencies; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.10(b)(2), the undersigned may make, amend, or rescind necessary orders, rules, and regulations within the limits of the authority conferred upon the Governor in the Emergency Management Act; and

WHEREAS, N.C. Gen. Stat. § 166A-19.10(b)(3) authorizes and empowers the undersigned to delegate Gubernatorial vested authority under the Emergency Management Act and to provide for the sub-delegation of that authority; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.12(3)(e), the Division of Emergency Management must coordinate with the State Health Director to revise the North Carolina Emergency Operations Plan as conditions change, including making revisions to set “the appropriate conditions for quarantine and isolation in order to prevent the further transmission of disease,” and following this coordination, the Emergency Management Director and the State Health Director have recommended that the Governor develop and order the plan and actions identified in this Executive Order; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.23 in conjunction with N.C. Gen. Stat. §§ 75-37 and 75-38, the undersigned may issue a declaration that shall trigger the prohibitions against excessive pricing during states of disaster, states of emergency or abnormal market disruptions; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(1), the undersigned may utilize all available state resources as reasonably necessary to cope with an emergency, including the transfer and direction of personnel or functions of state agencies or units thereof for the purpose of performing or facilitating emergency services; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(2), the undersigned may take such action and give such directions to state and local law enforcement officers and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of the Emergency Management Act and with the orders, rules, and regulations made thereunder; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(i), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because not all local authorities have enacted such appropriate ordinances or issued such appropriate declarations restricting the operation of businesses and limiting person-to-person contact, thus needed control cannot be imposed locally; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(ii), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because some but not all local authorities have taken implementing steps under such ordinances or declarations, if enacted or declared, in order to effectuate control over the emergency that has arisen; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(iii), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because the area in which the emergency exists spreads across local jurisdictional boundaries and the legal control measures of the jurisdictions are

conflicting or uncoordinated to the extent that efforts to protect life and property are, or unquestionably will be, severely hampered; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(iv), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection of lives and property of North Carolinians because the scale of the emergency is so great that it exceeds the capability of local authorities to cope with it; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(1) authorizes the undersigned to prohibit and restrict the movement of people in public places; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(1)(d) authorizes the undersigned to control the movement of persons within the emergency area; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(2) authorizes the undersigned to prohibit and restrict the operation of offices, business establishments, and other places to and from which people may travel or at which they may congregate; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(3) authorizes the undersigned to restrict the possession, transportation, sale, purchase, and consumption of alcoholic beverages; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(5) authorizes the undersigned to prohibit and restrict other activities or conditions, the control of which may be reasonably necessary to maintain order and protect lives or property during a state of emergency; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(1), when the undersigned imposes the prohibitions and restrictions enumerated in N.C. Gen. Stat. § 166A-19.31(b), the undersigned may amend or rescind the prohibitions and restrictions imposed by local authorities.

NOW, THEREFORE, by the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, and for the reasons and pursuant to the authority set forth above, **IT IS ORDERED**:

Section 1. Introduction.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

1.1. Definitions.

- a. “Amusement Park” has the definition at N.C. Gen. Stat. § 95-111.3, except that it does not include waterslides as defined by N.C. Gen. Stat. § 95-111.3(h).
- b. “Amusement Transportation” means tour buses, tour trains, or other scenic and sightseeing transportation that is principally offered and used for amusement, regardless of whether such transportation is located in an Amusement Park.
- c. “Bars” means establishments that are not eating establishments or restaurants as defined in N.C. Gen. Stat. §§ 18B-1000(2) and 18B-1000(6), that have a permit to sell alcoholic beverages for on-site consumption under N.C. Gen. Stat. § 18B-1001, and that are principally engaged in the business of selling alcoholic beverages for on-site consumption.
- d. “Emergency Maximum Occupancy” means the maximum occupancy for a facility (or room within a facility, as applicable) under this Executive Order.
- e. “Face Covering” means a covering of the nose and mouth that is secured to the head with ties, straps, or loops over the ears and fits snugly against the side of a person’s

face. A Face Covering can be made of a variety of synthetic and natural fabrics, including cotton, silk, or linen. Face Coverings are most effective when they fit snugly against a person's face and have two (2) or more layers. This can be achieved by wearing a cloth Face Covering with two or more layers or by wearing one disposable mask underneath a cloth mask. A cloth Face Covering may be factory-made, sewn by hand, or can be improvised from household items such as scarfs, bandanas, t-shirts, sweatshirts, or towels. These Face Coverings are not intended for use by healthcare providers in the care of patients.

Based on recommendations from the CDC, face shields do not meet the requirements for Face Coverings.

- f. "Guest" means any attendee, customer, guest, member, patron, spectator, or other person lawfully on the property of another that does not own the property or work at the property.
- g. "N95 Respirator" means a Face Covering approved by the National Institute for Occupational Safety and Health ("NIOSH") or a respirator from another country allowed by the Occupational Safety & Health Administration, the Food & Drug Administration, or the CDC. N95 respirators are not recommended for general public use or use in public settings, as they should be reserved for healthcare providers and other medical first responders in a health care setting. However, if worn, N95 respirators would meet both the Face Covering and Surgical Mask requirements of this Executive Order.
- h. "Personal Care, Grooming, and Tattoo Businesses" means businesses that (i) do not provide health care services; and (ii) either (1) have workers directly touch Guests or (2) have a piece of equipment (other than a touchscreen) repeatedly come into contact directly with Guests' skin. This includes, but is not limited to, barber shops, beauty salons (including but not limited to waxing and hair removal centers), hair salons, nail salons, manicure or pedicure providers, tattoo businesses, tanning salons, and massage therapists.
- i. "Playground" means a recreation area for children equipped with playground equipment, including but not limited to soft contained play equipment, swings, seesaws, slides, stationary spring-mounted animal features, jungle gyms, rider-propelled merry-go-rounds, and trampolines.
- j. "Recommendations to Wear Face Coverings, Promote Social Distancing and Reduce Transmission" are defined in Subsection 1.5 below.
- k. "Restaurants" means permitted food establishments, under N.C. Gen. Stat. § 130A-248, and other establishments that both prepare and serve food. This includes, but is not limited to, restaurants, cafeterias, food halls, dining halls, food courts, and food kiosks. This includes not only free-standing locations but also locations within other businesses or facilities, including, but not limited to airports, shopping centers, educational institutions, or private or members-only clubs where food and beverages are permitted to be consumed on premises.
- l. "Retail Business" means any business in which Guests enter a space to purchase goods or services, including but not limited to grocery stores, convenience stores, large format retail stores, pharmacies, banks, and ABC stores. This also includes, but is not limited to, (i) retail establishments operated by the state, its political subdivisions, or agencies thereof, and (ii) state agencies under the jurisdiction of the undersigned which have a public-facing component offering a service, such as the Division of Motor Vehicles, the North Carolina Department of Revenue, and shops in North Carolina Department of Natural and Cultural Resources facilities.
- m. "Surgical Mask" means American Society for Testing and Materials ("ASTM") Level 1, 2, or 3 approved procedural and surgical masks.

1.2.Exemptions.

Worship, religious, and spiritual gatherings, funeral ceremonies, wedding ceremonies, and other activities constituting the exercise of First Amendment rights are exempt from all the requirements of this Executive Order, notwithstanding any other provision of this Executive Order.

The undersigned strongly urges that entities and individuals engaging in these exempted activities follow the Recommendations to Wear Face Coverings, Promote Social Distancing and Reduce Transmission, and avoid exceeding Emergency Maximum Occupancy in the places where they meet.

1.3.Structure of This Executive Order.

To control the spread of COVID-19 and protect lives during the State of Emergency, this Section lists restrictions on the operations of business establishments and other places to or from which people may travel or at which they may congregate. Businesses or operations within the scope of Sections 2 to 6 are prohibited from operating unless they follow all applicable restrictions stated in these sections.

This Executive Order removes the requirement that a Face Covering be worn in outdoor settings when at least six (6) feet of social distancing cannot be consistently maintained from non-household members. This Executive Order continues to require Face Coverings in most indoor settings, then lists a series of specific restrictions for certain kinds of businesses. Each affected type of business has a series of specific health and safety measures included in the attached appendices to this Executive Order.

Most establishments subject to this Executive Order are required to ensure six (6) feet of social distancing between Guests or groups of Guests, which may result in less than the emergency maximum occupancy limits stated below. In this Executive Order, capacity restrictions fall into three general types:

- The limit is one hundred percent (100%) of fire capacity for museums, personal care businesses, retail businesses, and the outdoor spaces of restaurants, amusement parks, fitness and physical activity facilities, and pools.
- The limit is seventy-five percent (75%) of fire capacity for the indoor spaces of restaurants, amusement parks, fitness and physical activity facilities, and pools.
- The limit is fifty percent (50%) of fire capacity for the indoor areas of movie theaters and entertainment facilities, the indoor and outdoor areas of bars, meeting spaces, conference centers, and reception venues, and other indoor and outdoor venues and arenas.

Facilities of a certain size may admit additional Guests above the occupancy limits established herein, provided the venue receives pre-approval from NCDHHS. Details on the measures summarized above are found below in Sections 2 to 6 of this Executive Order. The specific provisions of Sections 2 to 6 take precedence over the general descriptions in the summary above.

1.4. Interpretation of Capacity Restrictions under this Executive Order.

- a. Workers and any other support staff do not count toward the capacity limits. For sporting and entertainment events, athletes, coaches, entertainers, and other support staff do not count toward the capacity limits.
- b. Any facility that meets the definition of “Restaurant” in this Executive Order is covered by Subsection 3.14 of this Executive Order.
- c. Nothing in this Executive Order prevents establishments from opening up or expanding outdoor seating areas, subject to applicable local and state regulations.

1.5. General Recommendations.

All North Carolinians are strongly encouraged to follow the recommendations for reducing the spread of COVID-19 issued by NCDHHS. These include the following Recommendations to Wear Face Coverings, Promote Social Distancing and Reduce Transmission:

- a. Wear a Face Covering over the nose and mouth inside all public settings such as grocery stores, pharmacies, or other retail or public-serving businesses.
- b. Although not required, people who have not been fully vaccinated should wear a Face Covering outdoors when they cannot maintain at least six (6) feet of social distancing from non-household members, and all individuals should wear Face Coverings outdoors in crowded, dense, and higher-risk settings including outdoor Bars and large venues.
- c. Maintain at least six (6) feet social distancing from other individuals, with the exception of family or household members.
- d. Wash hands using soap and water for at least twenty (20) seconds as frequently as possible. Carry hand sanitizer with you when leaving home, and use it frequently.
- e. Isolate and get tested if you have symptoms of COVID-19 and participate in testing and screening programs offered at settings such as work or school.
- f. People who have not been fully vaccinated should get tested if they have traveled, gathered with large groups of unvaccinated individuals, or been exposed to someone who tests positive for COVID-19.
- g. People who have not been fully vaccinated should quarantine after being exposed to someone who tests positive for COVID-19.

Section 2. Face Coverings.

For the avoidance of doubt, this Section generally requires North Carolinians to wear Face Coverings in public places, while indoors. This Section also authorizes law enforcement to enforce Face Covering requirements against individuals who fail to wear a Face Covering indoors in any public setting without any applicable exception. Where a question might arise as to whether an individual who is able to wear a Face Covering in North Carolina is required to wear one in a certain context, this Executive Order seeks to promote the wearing of Face Coverings.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

2.1. Face Coverings Required In Public Places, Indoors Only.

- a. The undersigned enacts the following restriction on the movement of people in public places and restriction on the operation of offices, business establishments, schools, and other places where people may travel or congregate: for any place outside the home or living accommodations, including but not limited to businesses, schools, and other establishments and spaces, Face Coverings must be worn indoors if anyone else is in that space who is not a member of the same household.
- b. These requirements shall apply to all people at least five (5) years old, unless an exception applies. These requirements are recommended for all people over the age of two (2) years old.

2.2. Employer Good Faith Obligation to Provide Face Coverings. Employers who have workers who perform work outside of their home in North Carolina and have not already provided Face Coverings for their workers shall make good-faith efforts to provide a one-week supply of reusable Face Coverings or a new disposable Face Covering daily as soon as possible for workers to use at their place of employment. New Face Coverings should be provided during the work day if the worker's Face Covering becomes soiled, torn, or wet.

2.3. Exceptions. This Executive Order does not require Face Coverings for—and a Face Covering does not need to be worn by—a worker or Guest who:

- a. Should not wear a Face Covering due to any medical or behavioral condition or disability (including, but not limited to, any person who has trouble breathing, or is

- unconscious or incapacitated, or is otherwise unable to put on or remove the Face Covering without assistance);
- b. Is under five (5) years of age;
- c. Is actively eating or drinking;
- d. Is seeking to communicate with someone who is hearing-impaired in a way that requires the mouth to be visible;
- e. Is giving a speech for a broadcast or to an audience;
- f. Is working at home or is in a personal vehicle;
- g. Is temporarily removing his or her Face Covering to secure government or medical services or for identification purposes;
- h. Would be at risk from wearing a Face Covering at work, as determined by local, state, or federal regulations or workplace safety guidelines;
- i. Has found that his or her Face Covering is impeding visibility to operate equipment or a vehicle; or
- j. Is a child whose parent, guardian, or responsible person has been unable to place the Face Covering safely on the child's face.

Anyone who declines to wear a Face Covering for these reasons should not be required to produce documentation or any other proof of a condition.

Children under two (2) years of age should not wear a Face Covering.

2.4. Face Coverings and Exercise. People must wear Face Coverings while exercising if they are indoors and not within their own home.

However, people need not wear a Face Covering while exercising if:

- One of the exceptions stated in Subsection 2.4 applies;
- They have symptoms while strenuously exercising such as trouble breathing, dizziness, or lightheadedness;
- They are wearing equipment like a mouthguard or helmet and are having trouble breathing;
- They are doing any activity in which the Face Covering could become entangled and a choking hazard or impair vision in high risk activities such as gymnastics, cheerleading, or tumbling; or
- They are doing activities that may cause the Face Covering to become wet, like swimming or other activities in a pool, lake, water attraction, or similar body of water.

2.5. Face Coverings for Recreational, School, Professional, and Collegiate Athletes Under a COVID-19 Health and Safety Protocol. Face Coverings are recommended, but not required for professional or collegiate athletes in indoor or outdoor settings, or for recreational or school athletes five (5) years or older when exercising outdoors if (1) they are strenuously exercising or recovering from exercise and (2) those athletes are training for or participating in a sport that is under the oversight of a league, association, or other organizer that required teams and players to follow a protocol for reducing risk from COVID-19. Professional and collegiate athletes must wear Face Coverings indoors, including on sidelines and in practice, at any time that they are not strenuously exercising or recovering from recent exercise, and recreational and school athletes five (5) years or older should continue to wear a Face Covering while exercising indoors, unless an exception applies.

2.6. How Businesses May Accommodate Exceptions. If a Guest states that an exception applies, a business may choose to offer curbside service, provide home delivery, or use some other reasonable measure to deliver its goods or services.

2.7. Enforcement of Face Covering Requirements.

If a person does not wear a Face Covering in a situation where a Face Covering is required under this Executive Order, and if an exception to the Face Covering requirement does not apply:

- a. Law enforcement officers may cite the people who failed to wear Face Coverings as required by Executive Order; and/or
- b. Law enforcement officers may cite a business or organization that failed to enforce the requirement to wear Face Coverings.

Further, if a business or organization does not allow entry to a worker or Guest because that person refuses to wear a Face Covering, and if that worker or Guest enters the premises and refuses to leave the premises, law enforcement personnel may enforce the trespassing laws and any other laws that the worker or Guest may violate.

2.8 Schools. In all public school units, as defined by N.C. Gen. Stat. § 115C-5(7a), and all nonpublic schools covered by Article 39 of Chapter 115C of the General Statutes, all workers, teachers, Guests, other adults and children five (5) years or older must wear Face Coverings when indoors, at all times, unless an exception applies.

Section 3. Restrictions on Certain Businesses and Operations.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

3.1. Amusement Parks. Amusement Parks and Amusement Transportation may operate under the following restrictions:

a. **Capacity Restrictions.**

1. **Outdoor Spaces.** The facility must limit Guests to one hundred percent (100%) of the stated fire capacity for each outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twenty-four (24) per one thousand (1000) square feet, rounded up.
2. **Indoor Spaces.** The facility must limit Guests to seventy-five (75%) of the stated fire capacity for each building, room, or other indoor space controlled by the facility. This limit applies separately to each room within a building. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet, rounded up.
3. **On each Ride or on Amusement Transportation.** The operator must limit the number of Guests within each vehicle or car to either:
 - Have all the Guests within a vehicle or car be people who came into the ride loading area together as part of the same group of friends or family; or
 - Ensure six (6) feet of social distancing between each group of friends or family within the vehicle or car.

b. **Additional Health and Safety Requirements.** The operator must follow the additional health and safety requirements specified in Appendix B.

3.2. Bars, Night Spots, and Arenas.

a. This Subsection applies to the following:

- Bars
- Lounges (such as cigar bars and hookah lounges) in which tobacco or related products are consumed on premises
- Auditoriums, amphitheaters, arenas, and other venues for live performances
- Music halls, night clubs, or dance halls
- Adult entertainment facilities
- Spectator stands and viewing areas at a sporting facility, stadium, sporting complex, or speedway

- b. Must Be Seated. To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to enter, leave, use amenities, visit the restroom, and obtain food or drink.
- c. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests.
 - 1. Overall. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each indoor and outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 - 2. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.
- d. Meetings and Private Functions. Any meeting or function held in a private room in a facility covered by this Subsection is covered by the capacity and other restrictions stated below in Subsection 3.8 of this Executive Order (“Meeting Spaces, Conference Centers, and Reception Venues”).
- e. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements specified in Appendix C to this Executive Order.

3.3. Child Care Facilities.

- a. Child Care Facilities May Open and May Serve All Children. Child care facilities may open or reopen, and they may serve all children in North Carolina. All references to “covered children” in Executive Order Nos. 130 and 138 shall refer to all children.
- b. Additional Health and Safety Requirements. Child care facilities that are open or reopened consistent with the Executive Order must abide by the health and safety requirements in Appendix D of this Executive Order.
- c. Relationship to Other Executive Orders. Subsections 3.3(a) and (b) above completely replace Subsections 2(C) and 2(D) of Executive Order No. 130. Subsections 2(A)-(B) and 2(E)-(H) of Executive Order No. 130 and Section 3 of Executive Order No. 139 shall continue in effect as specified in Executive Order Nos. 152, 177, and 193, and any subsequent executive orders.

3.4. Children’s Day or Overnight Camps.

- a. Requirements. Operators of Day Camps and Overnight Camps must follow the additional health and safety requirements in Appendix E to this Executive Order.

3.5. Fitness and Physical Activity Facilities.

- a. This Subsection applies to “Fitness and Physical Activity Facilities,” defined as any of the following:
 - Exercise facilities (e.g., yoga studios, dance studios, ballrooms for dancing, martial arts facilities, gymnastics, indoor trampoline and rock climbing facilities)
 - Gyms
 - Fields of play, including but not limited to basketball courts, baseball fields, volleyball courts, racquetball courts, squash courts, hockey rinks, soccer fields, and tennis courts (with spectators, if any, limited as stated in Subsection 3.2 of this Executive Order)
 - Health clubs and fitness centers

- Boxing clubs
- Skating rinks
- Bowling alleys
- Golf courses and driving ranges
- Golf ball hitting bays
- Mini-golf courses
- Go-cart tracks
- The track for any speedway or raceway (with spectators, if any, limited as stated in Subsection 3.2 of this Executive Order)
- Paintball, laser tag, and similar fields and arenas
- Indoor Playgrounds

b. Capacity Restrictions.

1. Indoor Areas. Fitness and Physical Activity Facilities must limit Guests in indoor areas to the lowest number produced by applying the following two tests:

- Overall. Limit the number of Guests in indoor areas to seventy-five percent (75%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than eighteen (18) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
- In Any Room. Limit the number of Guests in any given room of the facility so that everyone can stay six (6) feet apart.

2. Outdoor Areas. Fitness and Physical Activity Facilities must limit Guests in outdoor areas to the lowest number produced by applying the following two tests:

- Overall. Limit the number of Guests in outdoor areas to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet).
- Social Distancing Required. Limit the number of Guests in outdoor spaces so that everyone can stay six (6) feet apart.

3. Games or Events with Spectators. The capacity restrictions for facilities in Subsection 3.2 above, not the capacity restrictions in Subsections 3.5(b)(1)-(2) above, apply to Fitness and Physical Activity Facilities whenever they host a game with spectators.

c. Additional Health and Safety Requirements. Operators of Fitness and Physical Activity Facilities must follow the additional health and safety requirements in Appendix F to this Executive Order.

3.6. **Government Operations.** Unless an exception applies, state government agencies headed by members of the Governor's Cabinet and the Governor's Office must have their on-site workers wear Face Coverings when they are indoors. State government agencies headed by members of the Governor's Cabinet and the Governor's Office must also follow the requirements for Retail Businesses established in this Executive Order unless necessary to complete that office's mission. All other state and local government agencies are strongly encouraged to adopt similar policies.

3.7. **Health Care Settings.**

a. Surgical Masks in Long Term Care Facilities. All workers in Long Term Care ("LTC") Facilities, including skilled nursing facilities ("SNF"), adult care homes ("ACH"),

- family care homes (“FCH”), mental health group homes, and intermediate care facilities for individuals with intellectual disabilities (“ICF-IID”), must wear Face Coverings while in the facility, and those Face Coverings must be Surgical Masks, as long as Surgical Mask supplies are available.
- b. Other Health Care Settings. Health care facilities other than LTC facilities must follow the Face Covering requirements in the CDC Infection Control Guidance for Healthcare Professionals about Coronavirus (COVID-19).
 - c. Other Requirements. Additional requirements in health care settings can be found in Executive Order Nos. 130 and 139 and in the Secretarial Orders issued under Executive Order Nos. 152, 165, 177, and 193, and any subsequent extensions thereof.

3.8. Meeting Spaces, Conference Centers, and Reception Venues.

- a. This Subsection applies to “Meeting Spaces, Conference Centers, and Reception Venues,” defined as private rooms or other private meeting spaces in a hotel, conference center, meeting hall, or reception venue.
- b. Must Be Seated. To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to pay, enter, leave, use amenities, visit the restroom, and obtain food or drink.
- c. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests:
 - 1. Overall. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each indoor and outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 - 2. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.
- d. Hotels and other Large Facilities. For hotels or other facilities where private meeting spaces are a portion of a larger facility that is not restricted by this Section of this Executive Order, the limits stated above are measured only for the portion of the facility composed of private meeting spaces.
- e. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements in Appendix G of this Executive Order.

3.9. Movie Theaters and Entertainment Facilities.

- a. This Subsection applies to movie theaters and any entertainment facilities that are not covered by another provision of this Section of this Executive Order, such as Subsection 3.2 (entitled “Bars, Night Spots, and Arenas”) or Subsection 3.5 (entitled “Fitness and Physical Activity Facilities”). Facilities covered by this Subsection include, but are not limited to, the following types of businesses:
 - Movie theaters
 - Bingo parlors, including bingo sites operated by charitable organizations
 - Facilities where the purpose is to engage in games of cards, such as bridge

- Gaming and business establishments which allow gaming activities (e.g., video games, arcade games, pinball machines or other computer, electronic or mechanical devices played for amusement)
- b. Must Be Seated. To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to play, enter, leave, use amenities, visit the restroom, and obtain food or drink.
 - c. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests.
 1. Outdoor Spaces. The facility must limit Guests to seventy five percent (75%) of the stated fire capacity for each outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet, rounded up.
 2. Indoor Spaces. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each building, room, or other indoor space controlled by the facility. This limit applies separately to each room within a building. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 3. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.
 - d. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements in Appendix H of this Executive Order.
 - e. Gaming. This Executive Order does not order the closure of gaming establishments. However, nothing in this Executive Order shall be construed to authorize any gaming activity prohibited by Chapter 14 of the North Carolina General Statutes.

3.10. Museums and Aquariums.

- a. Capacity Restrictions. All operators of open museums or aquariums must limit Guests to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests.
 1. Overall. Limit the number of Guests in the museum or aquarium to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
 2. Social Distancing Required. The facility must limit the number of Guests so that groups are able to social distance and remain six (6) feet away from groups other than those in their households.
- b. Additional Health and Safety Requirements. All operators of open museums or aquariums must follow the Core Signage, Sanitation and Screening Requirements in Appendix A to this Executive Order.

3.11. **Parks.**

- a. **Capacity Limits.** Parks must restrict each group of Guests to be no more than the Mass Gathering limit stated below in Subsection 5.1 of this Executive Order. Each group of people within an outdoor park, trail, or beach must be limited so that the group, counted on its own, does not exceed the Mass Gathering limit.

Requirements for Park Operators. All operators of open public or private parks must follow the Core Signage, Sanitation and Screening Requirements in Appendix A of this Executive Order.

3.12. **Personal Care, Grooming, and Tattoo Businesses.**

- a. **Requirements.** While this Executive Order is in effect, all open Personal Care, Grooming, and Tattoo Businesses must do all of the following:
 1. Limit Guests inside the store to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a Personal Care, Grooming, and Tattoo Business is the lowest number produced by applying the following two tests:
 - a. **Overall.** Limit the number of Guests in the store to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
 - b. **Social Distancing Required.** Limit the number of Guests in the store so that Guests can stay six (6) feet apart.
- b. **Additional Health and Safety Requirements.** Follow the additional health and safety measures in Appendix I of this Executive Order.

3.13. **Pools.**

- a. **Requirements.** While this Executive Order is in effect, all open indoor and outdoor pool facilities (whether standalone or part of other facilities) must do all of the following:
 1. **Outdoor Pools.** The facility must limit Guests in the pool to no more than one hundred percent (100%) of the maximum occupancy as determined by fire code (or, when fire code number is not known, twenty-four (24) Guests per one thousand (1000) square feet in deck areas, wading pools and splash pads, and in the water).
 2. **Indoor Pools.** The facility must limit Guests in the pool to no more than seventy-five (75%) of maximum occupancy as determined by fire code (or, when fire code number is not known, eighteen (18) Guests per one thousand (1000) square feet in deck areas, wading pools, splash pads, and in the water).
 3. **Events with Spectators.** The capacity restrictions for facilities in Subsection 3.2 above, not the capacity restrictions in Subsections 3.13(a)(1)-(2) above, apply to Pools whenever they host a meet or other event with spectators.
 4. **Additional Health and Safety Requirements.** Follow the Core Signage, Screening, and Sanitation Requirements as defined in Appendix A to this Executive Order.
- b. Establishments that are not Amusement Parks and offer waterslides over fifteen (15) feet in height must abide, for each waterslide, by the occupancy restrictions for pools stated in this Section.

- c. This Subsection applies only to shared pools in commercial settings or at residential complexes. It does not apply to family pools at people's homes.

3.14. **Restaurants.**

- a. **May Open for On-Premises Service.** During the effective period of this Executive Order, Restaurants may allow on-premises consumption of food and beverages. Restaurants must meet the sanitation requirements of this Section even if they are open only for take-out or delivery service.
- b. **Capacity Restrictions.** While this Executive Order is in effect, all open Restaurants must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a restaurant is the lowest number produced by applying the following tests:
 - 1. **Indoor Areas.** Limit the number of Guests in the indoor dining areas of the restaurant to seventy-five percent (75%) of stated fire capacity. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests, rounded up.
 - 2. **Outdoor Areas.** Limit the number of Guests in the outdoor dining areas of the restaurant to one hundred percent (100%) of stated fire capacity. For rooms or spaces without a stated fire capacity, the limit on Guests is twenty-four (24) per one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests, rounded up.
 - 3. **Social Distancing Required.** Limit the number of Guests in the space so that groups can stay six (6) feet apart.
- c. **Private Functions.** Any meeting or function held in a private room in a Restaurant is covered by the capacity and other restrictions stated above in Subsection 3.8 of this Executive Order ("Meeting Spaces, Conference Centers, and Reception Venues").
- d. **Additional Health and Safety Restrictions.** In addition, while this Executive Order is in effect, all open Restaurants must comply with the additional health and safety measures in Appendix J to this Executive Order.
- e. **Essential Business.** A Restaurant that operates consistent with the terms of this Subsection of this Executive Order shall continue to be considered an "Essential Business" for the purpose of N.C. Sess. L. 2020-03, Sec. 4.14(a) to the extent that COVID-19-related claims are made against the restaurant.
- f. **Other.** Breweries, wineries, and distilleries are subject to the same restrictions as Restaurants under this Executive Order.

3.15. **Retail Businesses.**

- a. **Requirements for Retail Businesses.** While this Executive Order is in effect, all open Retail Businesses must do all of the following.
 - 1. Limit Guests inside the store to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a Retail Business is the lowest number produced by applying the following two tests:
 - a. Limit the number of Guests in the store to one hundred (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of

the location's total square footage, including the parts of the location that are not accessible to Guests).

- b. Limit the number of Guests in the store so that everyone can stay six (6) feet apart.
2. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests, such as at deli counters and near high-demand products.
3. Follow the Core Signage, Screening, and Sanitation Requirements as defined in Appendix A to this Executive Order.

3.16. Transportation.

All workers and riders on public or private transportation regulated by the State of North Carolina, as well as all people in North Carolina airports, bus and train stations or stops, must wear Face Coverings at all times, unless an exception applies. This provision does not apply to people traveling alone with household members or friends in their personal vehicles, but does apply to ride-shares, cabs, vans, and shuttles, even if the vehicles are privately owned. Guests may be removed from or denied entry to public transportation if they refuse to wear a Face Covering.

3.17. Workplaces in Agriculture, Construction, and Manufacturing.

Social distancing is inherently difficult where multiple workers are together in manufacturing settings, at construction sites, and in migrant farm, other farm, and agricultural settings. Therefore, in businesses or operations within North American Industry Classification System ("NAICS") sectors 311 to 339 (manufacturing), 236 to 238 (construction), and 111, 112, 1151, and 1152 (agriculture), all workers not participating in a respiratory protection program must wear Face Coverings when indoors. Notwithstanding the above, workers may remove their Face Covering if an exception applies, if they become overheated, or if they eat and drink while working.

Section 4. Overnight Restrictions.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

The restrictions on late night service of alcoholic beverages in Executive Order No. 195 are rescinded as of the effective date of Executive Order No. 204.

Section 5. Mass Gatherings.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

- 5.1. **Prohibition.** Mass Gatherings are prohibited. "**Mass Gathering**" means an event or convening which is in a category not otherwise covered by this Executive Order, is not excepted by the following provisions of this Executive Order, and brings together more than one hundred (100) people indoors or more than two hundred (200) people outdoors at the same time in a single confined indoor or outdoor space. In publicly accessible indoor facilities, the Mass Gathering limit applies per room of the facility.

At a park, beach, or trail, or at outdoor events such as parades, running races or festivals, the outdoor Mass Gathering limit of two hundred (200) people applies to each group of people that may gather together.

- 5.2. **Exceptions from Prohibition on Mass Gatherings.** Notwithstanding the Mass Gathering limit above:

- a. The prohibition on Mass Gatherings does not apply to any of the restricted businesses and operations identified in Section 3 of this Executive Order, except as specifically stated above, because in those situations, transmission of COVID-19 will be controlled through the measures specifically tailored for each situation listed in those Sections.

The prohibition on Mass Gatherings and the capacity limits in Section 3 generally do not apply to educational institutions or government operations. The capacity limits in Section 3.2 of this Executive Order, however, apply to educational institutions and government operations.

- b. The prohibition on Mass Gatherings does not include gatherings for health and safety, to look for and obtain goods and services, for work, or for receiving governmental services. A Mass Gathering does not include normal operations at airports, bus and train stations or stops, medical facilities, libraries, shopping malls, and shopping centers. However, in those settings, people must follow the Recommendations to Wear Face Coverings, Promote Social Distancing and Reduce Transmission as much as possible, and they should circulate within the space so that there is minimal contact between people.

5.3.**Drive-Ins.** Events are not prohibited Mass Gatherings if the participants all stay within their vehicle, such as at a drive-in movie theater. Drive-in events are also not subject to the capacity limitations specified herein in Sections 3 and 6 of this Executive Order, provided that all participants stay in their vehicle, except to enter, leave, use amenities, visit the restroom, and obtain food or drink.

Section 6. Larger Venues.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

Indoor facilities with seating capacity greater than five thousand (5,000) and outdoor facilities with seating capacity greater than ten thousand (10,000) must take the following additional measures stated in Subsection 6.1 and Subsection 6.2.

6.1.**Limiting Crowding in Concourses.** The facility operator must have staff direct or monitor the flow of Guests through common spaces to maintain social distancing as Guests enter the arena, leave the arena, or visit concession stands. The operator must also establish a guest flow plan that limits people massing together throughout the facility and when they are entering or exiting the facility.

6.2.**Socially Distanced Seating Required.** The establishment must use assigned seats as follows:

- a. All events must be ticketed. No tickets shall be sold for “standing room only” or “general admission.”
- b. The facility operator must, through the use of assigned seating, ensure that each group of Guests attending the event is actually physically separated by six (6) feet from each Guest in each other group.
- c. This includes not only separating each Guest group horizontally within a row, but also separating Guest groups vertically between rows so that no person has someone from another group within six (6) feet in front or behind them.
- d. The facility operator must have staff periodically monitor crowds to ensure that Guests do not take seats other than their assigned seats.
- e. In this Subsection, a “group” of spectators means a set of friends or family members who bought tickets together and came into the event venue together.

6.3.**Larger Venues Covered by this Subsection May Admit Guests at a Higher Capacity Provided the Venue Receives Pre-Approval from DHHS of its Health and Safety Plan.**

To facilitate the state’s economic reopening efforts, COVID-19 vaccination efforts, and North Carolinians’ return to pre-pandemic activities, and for the reasons and pursuant to the authority set forth above, the undersigned delegates to the Secretary of NCDHHS the authority to waive the requirements in this Executive Order for venues to space out Guests and waive the restrictions which would prevent those outdoor venues with a seating capacity of over one thousand (1,000) seats, or indoor venues with a seating capacity of over five thousand (5,000) seats from hosting

Guests at occupancy limits above those otherwise established by this Executive Order, based on review and approval of the venue's health and safety plan. In considering a venue's health and safety plan, the Secretary shall consider whether the plan has adopted sufficient strategies to limit the transmission of COVID-19; and whether, to the Secretary's knowledge, the venue has failed, at other events, to implement health and safety promises or has violated executive orders.

Section 7. Miscellaneous Provisions.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

- 7.1. **Statewide Standing Order for COVID-19 Testing.** In order to further protect the public health by providing greater access to COVID-19 testing, the undersigned orders the State Health Director, in addition to and in accordance with her powers set out in N.C. Gen. Stat. Chapter 130A, to issue any statewide standing order needed in her medical judgment that would allow individuals who meet NCDHHS criteria for testing to access and undergo testing for COVID-19, subject to the terms of the standing order. This standing order may continue for the duration of the State of Emergency.
- 7.2. **School and Health Officials to Continue Efforts.** NCDHHS, the North Carolina Department of Public Instruction, and the North Carolina State Board of Education are directed to continue to work together during this State of Emergency to maintain and implement measures to provide for the health, nutrition, safety, educational needs, and well-being of children being taught by remote learning.
- 7.3. **Effect on Local Emergency Management Orders.**
 - a. **Most of the Restrictions in This Executive Order Are Minimum Requirements, And Local Governments Can Impose Greater Restrictions.** The undersigned recognizes that the impact of COVID-19 has been and will likely continue to be different in different parts of North Carolina. Over the course of the COVID-19 emergency in North Carolina, COVID-19 outbreaks have occurred, at different times, in urban and rural areas; in coastal areas, the piedmont, and the mountains; and in a variety of employment and living settings. As such, the undersigned acknowledges that counties and cities may deem it necessary to adopt ordinances and issue state of emergency declarations which impose restrictions or prohibitions to the extent authorized under North Carolina law, such as on the activity of people and businesses, to a greater degree than in this Executive Order. To that end, nothing herein, except where specifically stated below in Subsections 7.3(b) and 7.3(c), is intended to limit or prohibit counties and cities in North Carolina from enacting ordinances and issuing state of emergency declarations which impose greater restrictions or prohibitions to the extent authorized under North Carolina law.
 - b. **Local Restrictions Cannot Restrict State or Federal Government Operations.** Notwithstanding Subsection 7.3(a) above, no county or city ordinance or declaration shall have the effect of restricting or prohibiting governmental operations of the State or the United States.
 - c. **Local Restrictions Cannot Set Different Retail Requirements.** Notwithstanding Subsection 7.3(a) above, in an effort to create uniformity across the state for Retail Businesses that may continue to operate, the undersigned amends all local prohibitions and restrictions imposed under any local state of emergency declarations to remove any language that sets a different maximum occupancy standard for Retail Businesses or otherwise directly conflicts with Section 6.2(a)(i) of Executive Order No. 163, which is incorporated into this Executive Order by Subsection 3.15 above. The undersigned also hereby prohibits during the pendency of this Executive Order the adoption of any prohibitions and restrictions under any local state of emergency declarations that set a different maximum occupancy standard for Retail Businesses or otherwise directly conflict with Section 6.2(a)(i) of Executive Order No. 163.
 - d. **Local Restrictions Cannot Prevent COVID-19 Testing.** To ensure that COVID-19 testing is available to the maximum extent possible, and to create certainty and

uniformity across the state for businesses and operations that are providing this valuable testing, the undersigned specifically prohibits all local prohibitions and restrictions that would prevent or restrict businesses or operations from providing COVID-19 testing or would prevent or restrict businesses or operations from advertising COVID-19 testing services that they are providing to the public. This preemption includes, but is not limited to, building permits, signage restrictions, and zoning requirements. However, the preemption provided by this Section is available only to COVID-19 testing sites that are operated in accordance with state and federal law and in cooperation with the NCDHHS or a local public health department.

- e. Local Restrictions Cannot Prevent COVID-19 Vaccine Administration. To ensure that COVID-19 vaccines are available to the maximum extent possible, and to create certainty and uniformity across the state for businesses and operations that are providing this valuable service, the undersigned specifically prohibits all local prohibitions and restrictions that would prevent or restrict businesses or operations from providing COVID-19 vaccines or would prevent or restrict businesses or operations from advertising COVID-19 vaccines that they are providing to the public. This preemption includes, but is not limited to, building permits, signage restrictions and zoning requirements. However, the preemption provided by this Section is available only to COVID-19 vaccination sites that are operated in accordance with state and federal law and in cooperation with the NCDHHS or a local public health department.

7.4. Previous Executive Orders. This Executive Order amends, restates, and replaces Executive Order Nos. 141, 153, 162, 163, 169, 170, 176, 180, 181, 188, 189, 195 and 204 in full.

Section 8. Extension of Price Gouging Period.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

Pursuant to N.C. Gen. Stat. § 166A-19.23, the undersigned extends the prohibition against excessive pricing, as provided in N.C. Gen. Stat. §§ 75-37 and 75-38, from the issuance of Executive Order No. 116 through June 1, 2021 at 5:00 pm.

The undersigned further hereby encourages the North Carolina Attorney General to use all resources available to monitor reports of abusive trade practices towards consumers and make readily available opportunities to report to the public any price gouging and unfair or deceptive trade practices under Chapter 75 of the North Carolina General Statutes.

Section 9. No Private Right of Action.

This Executive Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of North Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any emergency management worker (as defined in N.C. Gen. Stat. § 166A-19.60) or any other person.

Section 10. Savings Clause.

If any provision of this Executive Order or its application to any person or circumstances is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order, which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Executive Order are declared to be severable.

Section 11. Distribution.

I hereby order that this Executive Order be: (1) distributed to the news media and other organizations calculated to bring its contents to the attention of the general public; (2) promptly filed with the Secretary of the North Carolina Department of Public Safety, the Secretary of State, and the superior court clerks in the counties to which it applies, unless the circumstances of the

State of Emergency would prevent or impede such filing; and (3) distributed to others as necessary to ensure proper implementation of this Executive Order.

Section 12. Enforcement.

12.1. Pursuant to N.C. Gen. Stat. § 166A-19.30(a)(2), the provisions of this Executive Order shall be enforced by state and local law enforcement officers.

12.2. A violation of this Executive Order may be subject to prosecution pursuant to N.C. Gen. Stat. § 166A-19.30(d), and is punishable as a Class 2 misdemeanor in accordance with N.C. Gen. Stat. § 14-288.20A. Local governments are specifically authorized and encouraged to adopt ordinances that provide law enforcement officials with flexibility to use civil, rather than criminal, penalties to enforce violations of this Executive Order.

12.3. Nothing in this Executive Order shall be construed to preempt or overrule a court order regarding an individual's conduct (e.g., a Domestic Violence Protection Order or similar orders limiting an individual's access to a particular place).

Section 13. Effective Date.

This Executive Order is effective April 30, 2021, at 5:00 pm. This Executive Order shall remain in effect through June 1, 2021, at 5:00 pm unless repealed, replaced, or rescinded by another applicable Executive Order. An Executive Order rescinding the Declaration of the State of Emergency will automatically rescind this Executive Order.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this 28th day of April in the year of our Lord two thousand and twenty-one.

Roy Cooper
Governor

ATTEST:

Elaine F. Marshall
Secretary of State

APPENDIX A: Core Signage, Screening, and Sanitation Requirements

The following are the “Core Signage, Screening, and Sanitation Requirements”:

1. Post the Emergency Maximum Occupancy in a noticeable place.
2. Post signage reminding Guests and workers about social distancing (staying at least six (6) feet away from others) and requesting that people who have COVID-19 symptoms not enter.
3. Immediately isolate and remove sick workers.
4. Clean surfaces once a day, prioritizing high-touch surfaces. If there has been a sick person or an individual who has tested positive for COVID-19 within the past twenty-four (24) hours on-site at the establishment, clean and disinfect the space using an EPA-approved disinfectant for SARS-CoV-2 (the virus that causes COVID-19).

APPENDIX B: Additional Health and Safety Requirements for Amusement Parks

1. Spread out waiting lines for rides, amusements, and other areas where people may congregate or wait, with each group separated by six (6) feet.
2. The operator must mark six (6) feet of spacing along the line and in waiting areas for rides and amusements and other areas where people may congregate or wait.
3. Establish a Guest flow plan that limits people massing together throughout the park and when they are entering or exiting the park.
4. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
5. Follow the restrictions set out in Subsection 3.14 and Appendix J of this Executive Order for any food, beverage, and retail service.
6. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A this Executive Order.

APPENDIX C: Additional Health and Safety Requirements for Bars, Night Spots, and Arenas and All Other Facilities Covered by Subsection 3.2

1. Mark six (6) feet of spacing in lines at high-traffic areas for Guests.
2. Promote frequent use of hand-washing and hand sanitizer for waitstaff and food service staff throughout the shift and upon reporting to work. Hand-washing must at least meet the requirements specified in the North Carolina Food Code Manual.
3. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
4. The facility must arrange the space so that Guests sitting at a counter or table are not within six (6) feet of any Guests sitting at another counter or table. Moreover, each group of Guests sitting at a counter should be separated from other groups by six (6) feet. Entertainers also must stay at least six (6) feet away from any Guest. People sitting at a table need not be members of the same household and do not need to stay six (6) feet apart. Moreover, this Executive Order does not require waitstaff to stay six (6) feet away from Guests.
