Getting Started

Welcome to the Wisconsin Department of Tourism e-Grant system. This system will allow you submit grant applications electronically for the following grant programs:

- Joint Effort Marketing
- Meetings Mean Business
- Ready, Set, Go!
- Tourist Information Center

To access the site directly, you can go to the following URL:

<https://grants.travelwisconsin.com>

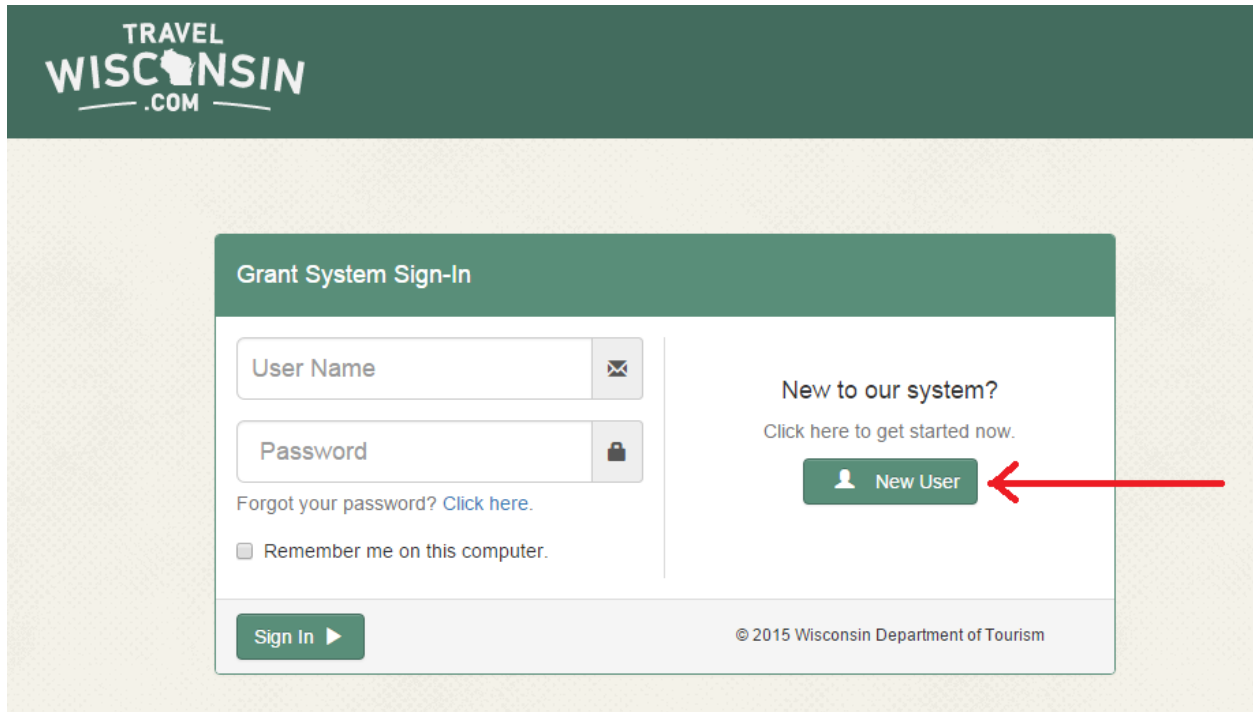

This user's manual will provide you with the information you need to manage your organization, your user account, and your grant applications.

Managing Your Organization

This section describes how to set up and manage your organization and user account.

Registering

Before you can access the system, you will need to register your organization. To do so, click on the “New User” button on the sign-in page:

The screenshot shows the "Grant System Sign-In" page. At the top left is the "TRAVEL WISCONSIN .COM" logo. The main content area has a white background with a green header. On the left, there are two input fields: "User Name" with an envelope icon and "Password" with a lock icon. Below the password field is a link "Forgot your password? Click here." and a checkbox "Remember me on this computer." At the bottom left is a green "Sign In" button with a right-pointing arrow. On the right side, there is a section titled "New to our system?" with the text "Click here to get started now." and a green "New User" button with a person icon. A red arrow points to the "New User" button. At the bottom right, there is a copyright notice: "© 2015 Wisconsin Department of Tourism".

Note: If you are affiliated with multiple organizations that request grants, you will need a separate account for each organization. In this case, simply click on the “New User” button again to register the second organization.

There are two ways to register your organization, either:

- a) With a registration code that has been provided to you by the Wisconsin Department of Tourism; or
- b) With the Federal Employer Identification Number (FEIN) of your organization.

Note: Before registration attempt, please check with the Department of Tourism to see if your organization already has a registration code.

Depending on which information you have, enter it into the appropriate field on the registration page and click the Submit button:

If a grant type is unavailable to you and you believe it should be, please check your NAICS code on the “My Organization” page. If the code is correct, and you are still unable to apply for the grant you desire, please contact the Department of Tourism Grant Coordinator.

When you start a grant application, you will be taken through a multi-step application process. This process will be different depending on the type of grant being applied for.

Here are some tips for completing your application:

- 1) Navigate through the steps by clicking on the Next and Previous buttons at the bottom of each page. Required fields must be completed before advancing to the next step. Until grant is submitted, these fields can be edited.
- 2) All fields marked with a red asterisk (*) are required in order to be able to advance to the next step.

3) Date fields can be filled in by typing the date in a MM/DD/YYYY format, or by clicking on the calendar next the field and selecting a date from the pop-up calendar:

4) Each grant program has rules regarding when grants can be applied for. If the deadlines for applying have passed, the system will prevent you from completing your application.

5) It is not necessary to complete your grant application in one session. If you run out of time, or have to gather more information, you can return to the site at a later time and pick up where you left off.

6) At the end of the application you will be shown a checklist of all the steps showing the status of each portion of your application. You can click on any step to navigate directly to it. When all steps have been completed, you can submit your application by clicking the "Submit Application" button on the final page. Upon doing so, you will receive a confirmation email and the Department of Tourism Grant Coordinator will be notified.

7) If at any time through this process you have any questions or need clarification, please contact the Department of Tourism Grant Coordinator.
