BOARD REPORT
PRESIDENT'S SUMMARY
JUNE 2026

Entering the summer travel season, Greater Palm Springs continues to benefit from strong brand awareness, resilient demand, and the strategic investments made across our destination over the past several years. While economic and geopolitical developments and evolving traveler behaviors continue to influence the broader tourism landscape, **Greater Palm Springs remains in a strong competitive position**, supported by a diverse visitor base, a compelling destination brand, and ongoing collaboration across our region.

Preliminary findings from our 2025 tourism economic impact study indicate that **14.9 million visitors traveled to Greater Palm Springs last year**, a 3.1% increase over 2024. Those visitors supported **52,350 local jobs**, generated **$9.6 billion in total economic impact**, and produced **$943 million in state and local tax revenues** that help fund services and infrastructure that benefit residents across our nine-city destination.

BUILDING DEMAND & BRAND VISIBILITY

Throughout the first half of the year, our focus has remained centered on **increasing awareness and visitation** across key markets while advancing initiatives that strengthen the long-term vitality of our tourism economy and community.

Our marketing efforts generated more than **6.7 billion impressions between March and May**, maintaining strong visibility across both domestic and international audiences. As our "Escape Your Ordinary" campaign concluded, we launched **our new summer campaign, "Play for Days,"** which highlights the diverse experiences available throughout Greater Palm Springs during the summer months. The campaign is now active across television, digital, social, video, and out-of-home channels in key drive and fly markets, helping reinforce summer travel demand and support our goal of increasing year-round visitation.

Seasonal initiatives also continue to support visitation throughout the year. **Greater Palm Springs Restaurant Week** once again generated strong participation from local restaurants and diners, while planning is underway for the **second annual Spa Month**, which will showcase the destination's extensive wellness offerings and help drive visitation during the fall shoulder season.

We also continue to leverage strategic partnerships that align with our brand and connect us with influential audiences. As the **Exclusive Travel Partner Sponsor of TED2026**, Visit Greater Palm Springs engaged innovators, business leaders, and creative thinkers from around the world through a series of curated activations. Combined digital exposure across TED’s newsletter, LinkedIn, and Instagram channels **exceeded 1.1M reach**. Building on that momentum, we will launch a custom content collaboration later this year featuring TED speaker Ingrid Fetell Lee, further extending our visibility through TED's global audience and media channels.

Our **vacation rental marketing** efforts continue to evolve as well. This summer and fall, we will partner with VRBO on a multi-platform campaign that includes participation in the national "Summer of VRBO" initiative, a custom destination landing page, editorial content, and a new video series designed to inspire visitation and showcase the unique experiences available throughout Greater Palm Springs.

DEMAND & GROUP BUSINESS

Within the meetings and conventions sector, the business environment remains competitive. While planners continue to actively source destinations and request proposals, many organizations are taking longer to finalize decisions as they navigate budget considerations and economic uncertainty. Despite those headwinds, our sales team continues to deliver strong results. Through mid-June, the team has generated **117,951 room nights booked, representing 94% of goal,** while **lead distribution is pacing at 107% of goal, new leads at 103% of goal, and new bookings at 99% of goal.** These results reflect the strength of our relationships, strategic prospecting efforts, and the continued appeal of Greater Palm Springs as a meetings destination.

RESEARCH & COMMUNITY INSIGHTS

Data and research remain central to how we evaluate performance, identify opportunities, and guide future investments. In addition to our 2025 Tourism Economic Impact Study, we also recently completed a comprehensive **Resident Sentiment Study** in partnership with Future Partners. Conducted across both peak and off-peak seasons, the study provides valuable insight into resident perspectives regarding tourism, economic development, and quality of life. The findings reinforce the strong connection between tourism and improved quality of life, with 74.1% of residents supporting the development of an indoor sports facility, 78.8% supporting shaded walkways, and 75.2% citing increased entertainment options. Both studies will be available on our **Research & Reports** portal in July.

WORKFORCE DEVELOPMENT

Investing in the next generation of hospitality professionals remains a key priority for the TEAM GPS Foundation. In April, approximately 120 local high school students participated in the **second annual Student Hospitality Day**, gaining firsthand exposure to careers in tourism and hospitality. In May, the Foundation launched its **inaugural Student Chef Showcase**, pairing culinary students with local mentor chefs for a unique hands-on learning experience. In addition to highlighting career pathways within the industry, the event raised more than $9,000 for culinary scholarships, helping support the future workforce of Greater Palm Springs. You can **read more about our efforts in these areas HERE**.

GLOBAL VISIBILITY & DESTINATION STORYTELLING

Internationally, we continue to strengthen awareness and cultivate relationships in key global markets. In June, Visit Greater Palm Springs participated in the 1000 Miglia in Italy as an official sponsor of one of the world's most prestigious historic motorsport events. During the week, our team met with event leadership to explore future partnership opportunities and discuss the **potential for a sanctioned 1000 Miglia event in Greater Palm Springs**. We also engaged with leading Italian business, travel, and lifestyle media, helping showcase the destination's automotive heritage, luxury offerings, and growing international appeal.

Our Communications team continues to generate meaningful earned media exposure and audience engagement on behalf of the destination and our nine cities. Between March and May, the team recorded **208 media touchpoints**, delivered **53 customized story pitches**, hosted **67 media and content creator visits**, and secured approximately **250 media placements** across domestic and international outlets.

Social media performance remained particularly strong, generating more than **23 million impressions**, **21 million video views**, and **1.5 million engagements** during the reporting period. These results have already surpassed annual goals for both video views and engagement, demonstrating the effectiveness of our content strategy and storytelling efforts.

LOOKING AHEAD

A key action item before the Board this month is consideration of the **proposed Fiscal Year 2026–2027 budget**. As industry conditions continue to evolve, maintaining both flexibility and strategic focus remains essential. With that in mind, the proposed budget is designed to support our key priorities while ensuring Visit Greater Palm Springs remains prepared to respond to emerging opportunities and challenges. For context on our strategic direction and priorities for the year ahead, you can view our **2026 Sales & Marketing Plan.**

In the months ahead, our priorities remain clear: **driving visitation today while planning responsibly for the future**. This includes continuing work on the Destination Stewardship Plan, advancing economic development initiatives, strengthening air service opportunities, supporting destination accessibility efforts, and identifying new opportunities to diversify and enhance the visitor economy.

Tourism remains one of the region's most powerful economic engines, and our responsibility is to ensure that sustainable growth continues to **create value for residents, businesses, and visitors alike**. By staying focused on destination stewardship, strategic investment, and year-round demand generation, we are helping build a stronger and more resilient future for Greater Palm Springs.

Thank you for your continued partnership and support.

Sincerely,

Scott White, President/CEO

The project will create one regional and nine city-specific master plans.

    a. Stewardship Plan Process Overview: Bethany DeRose outlined the five-task process for developing the plan
        i. Task 1: Discovery & Research: Reviewing existing data and conducting new market research.
        ii. Task 2: Stakeholder Engagement: Conducting focus groups, resident sentiment surveys, and a meeting planner survey.
        iii. Task 3: Market Analysis: Assessing destination products, benchmarks, and best practices.
        iv. Task 4: Sustainability & Integration: Includes a tourism workforce assessment and a focus on AI and tech innovation.
        v. Task 5: Strategic Framework: Developing the final plan, organizational structure, and city-specific action steps.
            1. The "Pillars of Place" methodology will be used to analyze destination assets.

    b. Defining Success for the Tourism Plan
        i. The board discussed metrics for success for the new tourism plan, including:
            1. Economic Growth: Increased tourism, visitor spending, and satisfaction.
            2. Competitive Edge: Differentiating the market from competitors.
            3. Brand Awareness: Increased brand recognition and marketing impact.
            4. Community Impact: More employment, workforce support, and improved quality of life for residents.
        ii. The plan must be actionable, support integration across cities, and promote balanced, healthy growth. A desire was expressed to understand why visitors do not return.

    c. Desired Outcomes from the Planning Process
        i. The board identified specific outcomes for the plan, including:
        ii. Actionable Strategy: A clear, implementable guide with a fiscal plan.

    d. Identifying Product and Experience Gaps
        i. The group discussed product gaps and opportunities to attract visitors, defining "product" as any tourism-related asset or experience.
        ii. Identified Gaps and Opportunities:
            1. **Attractions & Entertainment:** Need for more attractions for the 21-35 age group, nightlife, and unique, affordable family attractions.
            2. **Venues & Events:** Modernization of the convention center, development of indoor sports facilities, and venues for larger regional events.
            3. **Infrastructure & Transportation:** Expansion of the airport and air service ("lift"); investment in rail (including high-speed rail); and diversifying local transport like light rail to connect cities.
        iii. There was strong agreement on the need for significant transportation infrastructure investment, noting that reducing bureaucracy ("red tape") is essential.

    e. Destination Development and Improvements
        i. The discussion highlighted a passion for light rail, transportation, and sports facilities.
        ii. Suggestions included improving parking, wayfinding, and entryways for a branded experience, leveraging AI in tourism, and enhancing dining and cellular service.

    f. Stakeholder Engagement Strategy
        i. Stakeholder engagement is crucial for creating the regional and nine city-specific plans.
        ii. While the initial focus is on core groups (hospitality, tourism), the discussion emphasized including a broader range of community groups, including potential "naysayers," to ensure buy-in.
        iii. **Identified Stakeholder Groups:** Vacation rental owners, youth, healthcare, agriculture, higher education, tech schools, labor unions, non-profits, tribal communities, city governments, HOAs, and corporate analysts.

g. City-Specific Implementation Plan Requirements

Proposed Budget - Notes

Fiscal Year 2026 – 2027

Funding

TBID - Hotels – Note #1

Hotel TBID collections are forecasted using multiple resources. We utilized a consolidated funding model. While this approach yields a conservative projection, it protects the operation from unrealized market factors that have yet to impact our third-party forecast data. Data was drawn from Smith Travel Research reports, the Tourism Economics California Desert Region lodging forecast, and the CBRE Hotel Horizons Coachella Valley lodging forecast. Additionally, forecasts from TBID hotels representing 36.4% of total TBID hotel rooms available were used to validate the predictions from other sources.

TBID – Vacation Rentals – Note #2

The vacation rental TBID collections are forecasted using a combination of data from Key Data, LLC and Tourism Economics.

JPA Funding – Note #3

The city funding amount is based on forecasts provided by each city within our JPA.

City Marketing Partnerships – Note #4

The city marketing partnership amount is forecasted based on the terms of the agreements in place. In FY 2025/2026 Palm Springs was billed 10 of 12 months (position filled in September 2025), while FY 2026/2027 assumes 12 months of billing with a 3% increase to cover projected costs.

Tribal Voluntary – Note #5

The tribal funding is forecasted using the overall Hotel TBID forecasted year-over-year change.

Partnership Fees – Note #6

Memberships are forecasted based on renewal rate assumptions and sales targets.

Advertising & Website Revenues – Note #7

Marketing co-ops are projected to increase due to increased partner participation.

Joint Share Partnership – Note #8

Revenues from Champions of Hospitality and The Golf Tournament were added under partnership. Net proceeds from these events will be distributed as donations to the foundation.

Grants – Note #9

The RiVCO economic development grant specific to film location scouts ended.

Other Sources: Investment Income – Note #10

Lower investment income projections are the result of lower invested balances due to the use of reserve funds. The projected annualized yield on our investment is 3.89% (as of March 2026).

Prior Year Rollover Funds – Note #11

The forecasted unspent funds from the current year will be utilized in the upcoming year.

Reserve Usage – Strategic S&M - Note #12

Use of $850,000 from the $3 million Strategic Sales & Marketing Reserve is requested to invest in the TEDx and Mille Miglia sponsorship opportunities.

Reserve Usage – Capital Asset - Note #13

Use of $227,000 from the $1.5 million Capital Asset Reserve is requested to purchase HVAC upgrades and conference room equipment (microphones and camera).

Reserve Usage – Air Service Reserve - Note #14

A separate request for use of funds will be requested if the program's renewal is warranted.

Expenses

Labor - Wages – Note #15

Studies conducted by Payscale, The Conference Board, SHRM, Willis Towers Watson and World at Work project labor costs to increase 3.4% - 3.5% in 2026. A 3.5% merit increase is included in the Labor budget.

Labor: Taxes & Benefits – Note #16

Medical rates are budgeted to increase by an average of 8%. Dental will not increase due to a rate guarantee (last year). Vision insurance is budgeted to increase by 5% while life and disability premiums will remain unchanged. Workers' Compensation insurance is forecast to increase 25% over the prior policy term. Overall benefit increases are the result of changes in employee elected coverage.

Marketing Production – Note #17

Production costs remain flat compared to the current year due to having sufficient marketing assets in certain areas, such as local campaigns, signature events, and international marketing efforts. This line item is expected to increase next year as our VGPS brand campaigns are scheduled to be refreshed.

Media Placement & Digital Marketing – Note #18

The proposed budget includes Tempest implementation costs of $117,000, new Podcast advertising and Tiki, an AI-powered platform that helps Direct Marketing Organizations (DMOs) connect with travel planners.

Collateral Material – Note #19

Hiking map collateral needs to be replenished.

Familiarization Trips – Note #20

VGPS added sponsorship for the Association West Elevate Conference because this year's event is in-market. Overall, FAM expenses are expected to increase slightly due to higher costs associated with airfare, lodging and food & beverage.

Tradeshows / Sales Missions – Note #21

Tradeshow costs will increase due to added international tradeshows for IGLTA, Australia and Visit CA missions focused on Japan, Korea, and Europe as well as increased production costs for IPW, Tourism Development's primary annual tradeshow.

Travel & Lodging – Note #22

The travel and lodging budget has increased over current year due to revised conference dates for Destinations International Advocacy and Global Leaders Conferences.

Special Promotions & Representation – Note #23

The proposed budget includes a VGPS grant to the TEAM GPS Foundation to support leadership, workforce and economic development efforts. Expenses have decreased compared to the current year because the United MRG has not been budgeted. If the results from this year's program support its renewal, VGPS management will prepare a separate request for the use of funds from the Air Service Reserve. If we exclude the United MRG from the current year, the percentage increase over forecast is 107.7%.

Event Hosting – Note #24

The proposed budget includes a board retreat and the GTM West at La Quinta Resort, both were originally budgeted in the prior fiscal year. The CAB program was expanded to include a facilitator, workshop and breakfast to boost engagement. Sponsorship funds were added for an in-market conference, Association West Elevate.

Research & Development – Note #25

The research budget was reduced due to the removal of city-specific research that wasn't scheduled to be conducted until FY 2027/2028.

IT – Information Technology – Note #26

The proposed budget includes costs associated with the transition from Granicus (formerly Simpleview) CSM/CRM to the Tempest platform.

Professional Fees – Note #27

We expect higher first year audit fees as we transition to a new auditing firm. We will also see one-time implementation costs associated with a payroll system upgrade that will improve reporting capabilities and efficiencies due to integrations with our benefit platforms.

Capital Outlay – Note #28

The planned capital projects for the upcoming fiscal year include replacing nine air conditioning units on the roof of the building that are at the end of their useful life and upgrading the conference room equipment with new microphones and camera.

Overhead-Supplies-Utilities-Fees – Note #29

Budgeted overhead expenses include new memberships intended to increase sales opportunities, computer software to support AI initiatives and staff training to support the transition to Tempest software. Expenses will increase over the current year due to repairs to the kitchen and lobby floors, additional training costs and interest related to a second car lease.

- This year's budget uses the Lowest Prediction Model. This model will grow hotel TBID revenue by 1.6% over FY25/26 forecast. The conservative revenue approach protects the operation from unforeseen market shifts not yet reflected in our third-party forecast analysis.

- The "Lowest Prediction" model uses the lowest TBID forecast each month based on the results of the Tourism Economics, Hotel Horizons or Hotel Sample models.

How the other models project revenues:

- Each model uses historical STR data which we adjust based on the growth forecasts from each of our forecast reports.
  - Tourism Economics issued February 2026
  - Hotel Horizons issued November 2025

- Tourism Economics and CBRE-Hotel Horizons predict most of next year's growth will be ADR driven with occupancy remaining flat.

Growth Forecasts:	Occ. - 2026	Occ. - 2027	ADR - 2026	ADR - 2027
Tourism Economics	-0.3%	0.5%	1.3%	1.3%
CBRE-Hotel Horizons	0.0%	0.5%	2.2%	2.5%

- Hotel Sample uses weighted occupancies based on hotel forecasts. We apply historical STR ADR and the growth forecast from Tourism Economics to project hotel TBID for the fiscal year. Our sample represents 36.4% of our TBID hotel guest rooms.

On October 21, 2021, the Rancho Mirage City Council adopted Short-Term Rental ("STR") Ordinance 1189 which prohibits short-term rental activity in all zones of the City, effective July 1, 2022.

Improvements and Activities

The improvements and activities to be provided for fiscal year 2026–2027 are consistent with the Management District Plan (Plan) and strategically aligned with Visit Greater Palm Springs' 2025–2027 two-year Board priorities. These stakeholder-driven priorities, focused on increasing demand during off-peak seasons, expanding regional collaboration and economic diversity, and strengthening destination stewardship, continue to guide the investments and initiatives outlined below. Each aligns directly with TBID-funded improvements and activities designed to grow visitation and room nights to assessed businesses.

The strategy for the year will continue to support VGPS' overarching organizational goals of increasing overnight visitation and driving economic impact through tourism. This includes the following programs and activities:

- Continuation of core marketing and advertising efforts in the drive and fly markets through year–round and seasonal media plan implementation.
- Continued international marketing efforts and media plan programs through partnerships with Finn Partners, Brand USA, and other strategic organizations to support visitation from key international markets, including the United Kingdom, Ireland, Germany, France, Mexico, and Canada, while focusing on recovery and growth of international visitation.

- Vacation rental-dedicated media plans and consumer efforts designed to increase visitation and vacation rental bookings to assessed businesses in Greater Palm Springs.

- Expanded efforts to attract groups, meetings, conventions, and events during off-peak periods and shoulder seasons.
- Support for major event promotion, sports tourism initiatives, and destination stewardship projects designed to enhance the visitor experience and drive visitation during summer and off-peak periods.
- Investment in data analytics, research, artificial intelligence (AI), marketing technology, and digital innovation to improve organizational efficiency,

optimize marketing performance, enhance visitor engagement, and strengthen decision-making.

- Implementation of targeted sports tourism strategies to attract athletic events, tournaments, and sports-related visitation to Greater Palm Springs.

Sales and Marketing

Develop and implement an annual sales and marketing program designed to generate demand for the assessed businesses targeting leisure travelers, meetings, conventions, groups, and events. Develop marketing programs to attract visitors during shoulder and summer months. Based on the Strategic Plan, develop programs supporting transportation (air service and rail), workforce development, hospitality education, Destination stewardship, and economic development initiatives. Position Greater Palm Springs as a sustainable, accessible, innovative, and relevant destination for today's traveler. Assessed businesses will receive services commensurate with the benefit received.

The sales and marketing plan may include, without limitation, the following activities:

- Ongoing development and implementation of the Greater Palm Springs Destination Stewardship Plan. This effort includes the creation of nine city-specific Tourism Stewardship Plans that will inform a shared regional vision and a new ten-year regional Destination Stewardship Plan designed to support sustainable tourism growth, resident quality of life, visitor satisfaction, and economic vitality.
- Free and paid co-op marketing opportunities available to assessed businesses to further support and promote visitation to Greater Palm Springs.
- Destination industry advocacy and communications designed to educate elected officials, stakeholders, and the public on initiatives that increase overnight visitation and room sales to assessed businesses.
- Internet marketing efforts to increase awareness and optimize digital presence, including emerging search, content discovery, and AI-enabled platforms, to drive demand for overnight visitation and room sales to assessed businesses.

Assessment

There is no change in the method and basis of levying the assessment.

Assessment

The annual assessment rate is three percent (3%) of gross short-term room rental revenue of all lodging businesses within the boundaries of the TBID with fifty (50) rooms or more, and one percent (1%) of gross short-term room rental revenue of all vacation rentals. Based on the benefit received, assessments will not be collected on stays of more than twenty-seven (27) consecutive days. Every vacation rental, listing a property or room for rent, operating on a Hosting Platform shall be subject to the one percent (1%) assessment.

The term "gross short-term room rental revenue" as used herein means: the consideration charged, whether or not received, for the occupancy of space in a lodging business or vacation rental valued in money, whether to be received in money, goods, labor or otherwise, including all receipts, cash, credits and property and services of any kind or nature, without any deduction therefrom whatsoever. Gross short-term room rental revenue shall not include any federal, state or local taxes collected, including but not limited to transient occupancy taxes.

Time and Manner for Collecting Assessments

The TBID assessment was implemented beginning July 1, 2021, and will continue for ten (10) years through June 30, 2031. VGPS, Cities and/or County will be responsible for collecting the assessment on a monthly basis (including any delinquencies, penalties and interest) from each assessed business. VGPS, the Cities and/or County shall take all reasonable efforts to continue to collect the assessments from each assessed business.

1. VGPS, Cities and/or County shall make all reasonable efforts to enter into an agreement with all Hosting Platforms to collect and remit the TBID assessment on behalf of assessed businesses using the hosting platform.
2. An assessed business, using a Hosting Platform, reserves the right to have the Hosting Platform collect the assessment based on information supplied by the assessed business, and remit such assessment to the assessed business for ultimate reporting and remittance by the assessed business to VGPS, Cities and/or County. In such case, the Hosting Platform, upon request from VGPS, Cities, and/or County, and not more than once per consecutive twelve-month period, shall provide VGPS, Cities and/or County with copies of documentation related to assessed business which have provided acknowledgement of its obligation to collect all assessments owed on a gross short-term room rental revenue and to remit and report any assessments collected directly to VGPS, Cities, and/or County.

Delinquencies

Assessed businesses which are delinquent in paying the assessment shall be responsible for paying:

1. **Original Delinquency**: Any assessed business which fails to remit any assessment within the time required shall pay a penalty of ten percent (10%) of the amount of the assessment in addition to the amount of the assessment; provided, however, that if such ten percent (10%) penalty should exceed the maximum penalty permitted by law, then the penalty shall be the highest amount permitted by law.

2. **Penalty Delinquency**: Any assessed business which fails to remit any penalty within ten (10) days after receipt of notice thereof shall pay interest on the penalty at the rate of one percent (1%) per month or fraction thereof on the amount of the penalty from the date on which the penalty first became due until full and complete payment of the outstanding penalty; provided, however, that if such one percent (1%) interest should exceed the maximum rate permitted by law, then the interest rate shall be the highest rate permitted by law.

3. **Interest:** In addition to the penalties imposed, any assessed business which fails to remit any assessment shall pay interest at the rate of one percent (1%) per month or fraction thereof on the amount of the assessment from the date on which the assessment first became delinquent until paid; provided, however, that if such one percent (1%) interest should exceed the maximum rate permitted by law, then the interest rate shall be the highest rate permitted by law.

4. **Costs of Collecting Delinquencies**: Any assessed business shall also be subject to the payment of the costs of collecting any delinquent assessment and/or penalty, including but not limited to sending notices and initiating collection actions, which shall become a part of the assessment required to be paid. All delinquent assessments and penalties shall constitute a civil debt to VGPS and shall be subject to collection by VGPS, Cities and/or County by any means permitted by law.

5. **Penalties Capped**: Notwithstanding anything to the contrary, in no event shall the total penalties, including any original delinquency penalties and interest thereon exceed the maximum amount permitted by law.

After more than five years with Spectra, Karen had the opportunity to become the Chief Operating Officer/General Manager of the San Diego Convention Center for more than five years. As the COVID pandemic was ending she had a great opportunity to work with the private venue management company ASM Global (now Legends Global) as the General Manger of the Huntington Place Convention Center in Detroit.

Always seeking new challenges Karen recently took on a consulting role aiding Global Awareness Professionals, an organization Mark Herrera created that is dedicated to educating and training venue staff on all the latest safety and security measures. She was instrumental in helping build the organization for heavy future growth if the number of recent inquiries are any indication.

Karen is thrilled to have accepted her latest position as General Manager of the Palm Springs Convention Center for OVG where she will help lead the team through a $135M modernization and expansion project.

Karen has served in a multitude of roles with IAVM as well as graduating from the Academy of Venue Safety and Security, the Senior Executive Symposium and the FBI Citizens Academy. She has assisted in two venues receiving the coveted IAVM Venue Excellence Award in Portland and in San Diego.

Karen is ready to work with the amazing, seasoned team of professionals in Palm Springs to ensure they utilize all their talents toward achieving a record-breaking year.

When not working, Karen follows her beloved Chicago Bears and loves traveling, finding treasures at flea/antique markets, reading and spending time with family and friends.

STAFF REPORT

TO: JPA Executive Committee
FROM: Scott White, President & CEO
DATE: June 22, 2026

SUBJECT: A RESOLUTION OF THE JOINT POWERS AUTHORITY EXECUTIVE COMMITTEE OF VISIT GREATER PALM SPRINGS, RESOLUTION NO. JPA 2026-003, APPROVING AMENDMENTS TO THE PURPOSE AND POWERS OF THE JOINT POWERS AUTHORITY

STAFF RECOMMENDATION:

That the JPA Executive Committee, serving as the governing body of Visit Greater Palm Springs (VGPS), adopts and approves Resolution No. JPA 2026-003, a resolution to amend the purpose and powers of the operative joint powers agreement for VGPS, in the form of the Third Amended and Restated Joint Powers Agreement.

BACKGROUND:

VGPS is a Joint Powers Authority operating under the Joint Exercise of Powers Act (California Government Code §§6500 *et seq*.) The JPA Executive Committee serves as the governing body of VGPS. The JPA Executive Committee adopted the Joint Powers Agreement ("Amended and Restated Agreement") on January 20, 2016 ("JPA Agreement"). The current operative JPA Agreement for VGPS is the Second Amended and Restated Joint Powers Agreement (the "Second Amended JPA Agreement"), that was approved on June 14, 2024.

VGPS previously commissioned a series of feasibility studies for a potential regional amateur sports complex. The results of the studies made it clear that a thoughtfully designed indoor facility could fill a critical gap in both our tourism economy and our community recreation infrastructure. Beyond the numbers, this project offers a major step forward in regional quality of life, keeping local athletes closer to home, creating new opportunities for youth development, and supporting wellness, recreation, and community pride. A regional amateur sports complex can generate meaningful economic impact, help retain local talent, and support a more resilient and diversified, year-round economy. By taking the lead, the region can establish itself as a premier destination for sports and tourism, while fueling development across retail, hospitality, and entertainment.

To further the vision of a regional amateur sports complex in the Coachella Valley, there is a proposed resolution, Resolution No. JPA 2026-003, which would include amendments to the Second Amended JPA Agreement, *i.e.* the Third Amended and Restated Joint Powers Agreement. These amendments would allow member cities the *option* to develop a Tourism Improvement District or Infrastructure District in collaboration with VGPS. In particular, the proposed amendments would include revisions to the "Purpose" of the Second Amended and Restated JPA (see, Section 3, p. 3), and the "Powers" of that agreement (see, Section 16, p. 8), as indicated below:

Section 3. **Purpose**

The purpose of VGPS is to benefit all JPA Members and their constituents by jointly:

(a) Marketing, attracting, encouraging, promoting, and doing such other things as might be necessary to enhance, to the greatest extent possible~~,~~ all aspects of the hospitality, convention, and tourism industry in the Coachella Valley and to maximize ~~attract~~ visitation~~or~~s from national and international markets; ~~; and~~

~~(a)~~(b) Doing such other things to drive, advance and support ~~promote and strengthen~~ initiatives to strengthen and diversify all aspects of the regional economy ~~related to the hospitality, convention and tourism industry, and the diversification of the entire economy~~ of the Coachella Valley; and

TBID Vacation Rentals - Assessment

Year to date, we are 14% above budget, the primary driver behind this increase has been contributions from the City of Coachella.

Labor Costs

This is a timing variance. Actual payroll verses budget allocation method were different.
Payroll costs are expected to exceed budget by 1-2% at fiscal year end. Pension true up at year end will bring PTD variance in line with budget by fiscal year end.
