# EVERYONE'S TALKING ABOUT MICRO-WEDDINGS!!!

We can't help but to think that the current situation had a little bit to do with this trend but we are loving the idea! This is why we have created a very special package for couples who want to elope or have an intimate micro-wedding. We've partnered with some of our favorite vendors to create an intimate, fun, easy-breezy, stress-free, pop-up micro-wedding experience.

### What exactly is included?:

The Elopement Package includes 2 hours at our venue, expert event planning, 2 hours of photography including a final edited gallery, personal flowers for the couple consisting of bouquets, boutonnieres or a combo of the two, a mini wedding cake for the couple to cut, a champagne toast for all guests.

The Micro-Wedding Package includes 3 hours at our venue, expert event planning, 2 hours of photography including a final edited gallery, personal flowers for the couple consisting of bouquets, boutonnieres or a combo of the two, a mini wedding cake for the couple to cut, a champagne toast and dinner with wine/beer at The Ranch House for all guests.

### I would like to stay the night after my micro-wedding?:

The Lautner can accommodate up to 4 couples in our 4 Lautner Living Units. Each unit sleeps a maximum of 2 adults, 25 and older, without exception. No children. No overnight guests. No visitors. Wedding Couple can bring along up to 2 small dogs 25 lbs or less. Please note- once the micro-wedding concludes at The Ranch House, wedding guests can not go to The Lautner. Only guests residing at The Lautner are allowed on site after the wedding. **The cost to stay is our standard nightly rate of \$295 plus tax X 4 units for a total of \$1298.00 each night.**

### What about the timeframe? What happens in that 2-3 hours?:

The Elopement Package is 2 hours on site and will consist of a 15-30min ceremony, 20-30min cake cutting and champagne toast followed by a portrait session for the couple and also guests if so desired.

The Micro-Wedding Package is 3 hours on site and will consist of a 15-30min ceremony, 20-30min cake cutting and champagne toast, a 1 hour portrait session for the couple and also guests if so desired, followed by a 1 hour dinner at The Ranch House.

### Where can I get my marriage license?:

<https://www.greatofficials.com/how-to-obtain-a-marriage-license>

### Do we get married with other people?:

Nope! Your 2-3 hour venue time is yours and yours alone! Although we will have several weddings taking place on most of the scheduled dates, know that they are spaced out to allow for proper cleaning in between each experience and so that you never have to share the space with other couples and their guests.

### Can I use my own vendors?:

Not at this time. Each curated experience was developed by The Lautner Compound to involve the absolute perfect vendor team to execute the vision for that experience. They are also taking care of all scheduling, pricing, etc. behind the scenes (so you don't have to worry about it!), and part of making sure everything comes together seamlessly is to keep the experience teams intact.

### Do I need to pay for Event Insurance?:

Yes. You will need to get event insurance and we have a company you can call.

### Will this follow all of the current guidelines for gatherings?:

Yes, all of the weddings at The Lautner Compound will follow all current and announced federal, state and local guidelines and restrictions for gatherings. This is one of the reasons we have come together and decided on these particular experience offerings, to have your wedding the safest way possible.

### Will our guests need to wear masks? What about us?:

With a smaller, private event there will not be a mask requirement for the couple or guests. Please note however, out of an abundance of caution, the vendors present at your wedding will wear masks and gloves, as needed. This is for the protection of you and your guests.

### Will there be music?:

An optional PA/Bluetooth speaker system is available for music.

### Is everything going to be cleaned?:

*Absolutely. We will clean before each event date, and in between each experience package.*

### Can I have more than 10-20 people?:

*Not at this time. We are capping these experiences at 10-20 people in order to align with what we think may be the smallest gathering allowance to ensure these weddings can take place. Additionally, the 10-20 person max is needed to maintain the cleaning standards and price point associated with our experiences.*

### Can I bring my own decor?:

*For the foreseeable future, we are asking guests not to bring any decor that requires set up or vendor assistance. For the health and safety of all couples, guests and vendors, all client decor must be handheld, set up by the couple, and taken with you when you leave. A good example of these would be a card box, guestbook or heirloom cake cutting set. Additional rentals, flowers and/or decor are always available as add-ons.*

### How long before I get my photos back?:

*Our photographer will have their turnaround time outlined in their contract. Clients will be contracting directly with the photographer for that part of the experience to ensure a direct line of access for receiving and accessing the final photo gallery. Typically this timeframe is between 4-8 weeks. Additional photo services such as albums, prints and canvases are available.*

### Can we get a refund if we need to cancel?:

*No, but we can reschedule. COVID-19 is our unfortunate new reality. We will plan your micro-wedding with the understanding that at any time and without notice, our governor, public health officials, and/or mayor may decide to temporarily restrict gatherings or modify the stay at home order. If your micro-wedding ceremony must be postponed due to state, county or local restrictions, CDC recommendations or Public Health guidelines, we will help you reschedule to another Monday-Thursday 2020 date.*
