GOING SOUTH

ON THE SWAMP RABBIT TRAIL

STARTING AT FALLS PARK, HOP ON THE SWAMP RABBIT TRAIL AND HEAD SOUTH TOWARDS CLEVELAND PARK...

CLEVELAND PARK & THE GREENVILLE ZOO

Follow the trail for about 1.5 miles through Falls Park on the Reedy, a 32-acre urban park featuring the Liberty Bridge and the Medusa Tree before stopping at Cleveland Park. Meet Amur Leopards, Red Pandas & more at the Greenville Zoo before heading to feed the giraffes. For a hidden gem just off the trail, Rock Quarry Garden occupies a former granite quarry, with flowers, a small waterfall and a stone footbridge.

WILLY TACO

Grab a seriously good bite less than .5 mile away at Willy Taco. *Southern Living* even gave the Crispy Avocado taco its stamp of approval — which is basically the South's version of Oprah-approved.

HOLLAND PARK

About .5 mile further, you'll know you're at Holland Park when you spot guests soaring through the treetops at Flying Rabbit Adventures! For the less adventurous, enjoy a beverage at Double Stamp Brewery or the most celebrated barbecue at Home Team BBQ.

THE JUNCTION AT DOWNTOWN AIRPORT

Fuel up at The Junction, a food and drink hub with favorites like Cohesive Coffee and White Duck Taco Shop.

Tip Box: Cohesive Coffee sources espresso from Leopard Forest Coffee in Travelers Rest, and White Duck Taco Shop is known for famously inventive tacos – try the Korean Beef Bulgogi or Mole Roasted Duck!

RUNWAY PARK & TAKEOFF MINI GOLF

You won't have to ride too far to enjoy a round of putt-putt at Takeoff Mini Golf, where the 19-hole course has you taking off on the first hole and "landing" on a runway at the 18th. Try for a hole-in-one & see a real airport beacon light up. Watch planes take off while the kids play at Runway Park, an aviation themed playground complete with a vintage Cessna 310 on display.

LEGACY PARK

Hop back on the trail and follow the Green Line toward Verdae Blvd, where the Legacy Connector branches off toward Legacy Park. Wind through a wooded natural setting and over the elevated pedestrian bridge as you arrive at Legacy Park.

Tip Box: Legacy Park is a 20-acre green space inspired by New York City's Central Park!
