THE PERFECT DESTINATION

LOS CABOS IS A MAGICAL LAND FULL OF CONTRAST,
FROM BREATHTAKING OCEAN VIEWS TO WINDSWEPT DESERTS
AND STUNNING MOUNTAINS.

The destination is also known as “Land’s End” due to its location at the southern tip of the Baja California Sur Peninsula. The extraordinary world of Los Cabos is a place of unparalleled natural beauty, biodiversity and ample amenities that will appeal to anyone seeking authentic culture and connection.

Los Cabos is one of Mexico’s premiere luxury destinations, with a wide variety of luxury resorts and hotels, indulgent spas, and spectacular golf courses as well as an array of eco-adventure activities, water sports and the most unforgettable sport fishing experience you can imagine.

Los Cabos is comprised primarily of two towns, San José del Cabo and Cabo San Lucas, which are linked by a 20-mile Scenic Route and lined with world-class resort and championship golf courses.

In a paradise where the Sea of Cortes meets the Pacific Ocean, there is something for every group, such as fishing, golf, scuba diving, snorkeling, kayaking, horseback riding, relaxing poolside, and, of course, fine dining and dancing.

When it comes to fine dining, Los Cabos has it all, from fusion cuisine and Old World delicacies to fresh seafood and Mexican specialties. Whether it’s an elegant five-course feast with waves lapping at your feet or a quick bite with a frosty craft beer in hand, dining options in Los Cabos are among the most exciting and varied in all of Mexico. Every day offers a fiesta of flavors — with freshly caught seafood, elaborate Mexican dishes and international options from around the globe. Dining in Los Cabos is delectable, diverse and a positively unforgeable experience.

WHY LOS CABOS?

Los Cabos is the perfect destination for meetings and business tourism because we simply provide a higher standard of care and connection.

Los Cabos looks to the future as the destination continues to evolve and provide a higher standard of care for business meetings and events.

Los Cabos has experienced a recent surge of construction with the addition of several new luxury resorts, residential properties, restaurants and unique meeting venues. This growth in infrastructure has placed Los Cabos as a leading destination for meeting and business tourism.

Major hotel chains have specialized facilities and teams that can provide authentic care and a high level of service from everything from corporate retreats and full-scale conventions. Exclusive resorts offer luxurious and extravagant premises and thoughtful service. Similarly, DMC companies offer complete event planning services deeply embedded in the local community.

Mexico offers VAT at 0% for international conferences, exhibitions and fairs organized by event or organizers living abroad. That is, when events are organized by foreign companies, the VAT is not charged for any services specified in the tax rules.

Los Cabos is also a major high-class sports hub. It will have the honor of hosting the ATP Los Cabos Open for several years. Los Cabos is home to golf courses designed by the world's best golf designers and players, including Tom Fazio, Robert Trent Jones, Jack Nicklaus, and Tiger Woods. Therefore, it comes as no surprise that the International Association of Golf Tour Operators (IAGTO), a global trade association of the golf tourism industry, named Los Cabos as the 'Latin America & Caribbean Golf Destination of the Year' for 2017 in recognition of its exceptional golf courses and unique geographical setting.

TRAVELING TO LOS CABOS

Los Cabos is on the southern tip of the Baja California Peninsula, west of mainland Mexico and just below southern California. The Sea of Cortes borders Los Cabos to the east and The Pacific Ocean is to the west. Los Cabos is approximately 1,000 miles (1,609 kilometers) south of San Diego, California.

Los Cabos International Airport (SJD), located at San José del Cabo in Baja California Sur, is the sixth-busiest airport in Mexico. It is located just 8 miles north from San José del Cabo and 23 miles from Cabo San Lucas.

Los Cabos has direct flights to the main cities of USA, Canada and Mexico with more than 500 flights per week. Major airlines such as American Airlines, United, Spirit Airlines, Alaska Airlines, Delta, Frontier Airlines, Southwest, Sunwing, Air Canada, West Jet, Volaris, Viva Aerobus and Aeromexico fly daily to Los Cabos. With many upcoming new routes, connectivity is our number one priority.

CORPORATE SOCIAL RESPONSIBILITY

Groups are encouraged to connect and collaborate with the local community of Los Cabos. Community contribution initiatives are coordinated with several existing local entities assisting in a variety of areas, including the special needs of children, seniors, and animals. These organizations depend on the generosity of others to make a meaningful, positive difference in the lives of those less fortunate.

There are different ways to participate and get involved. These opportunities generally fall into the following categories:

1. Hands-on volunteer or recreational activity on-site with the kids and teens.
2. Donation (financial or in-kind) during a group event.
3. Collection of in-need donation items.
4. Fundraiser to contribute to the purchase of a larger need.

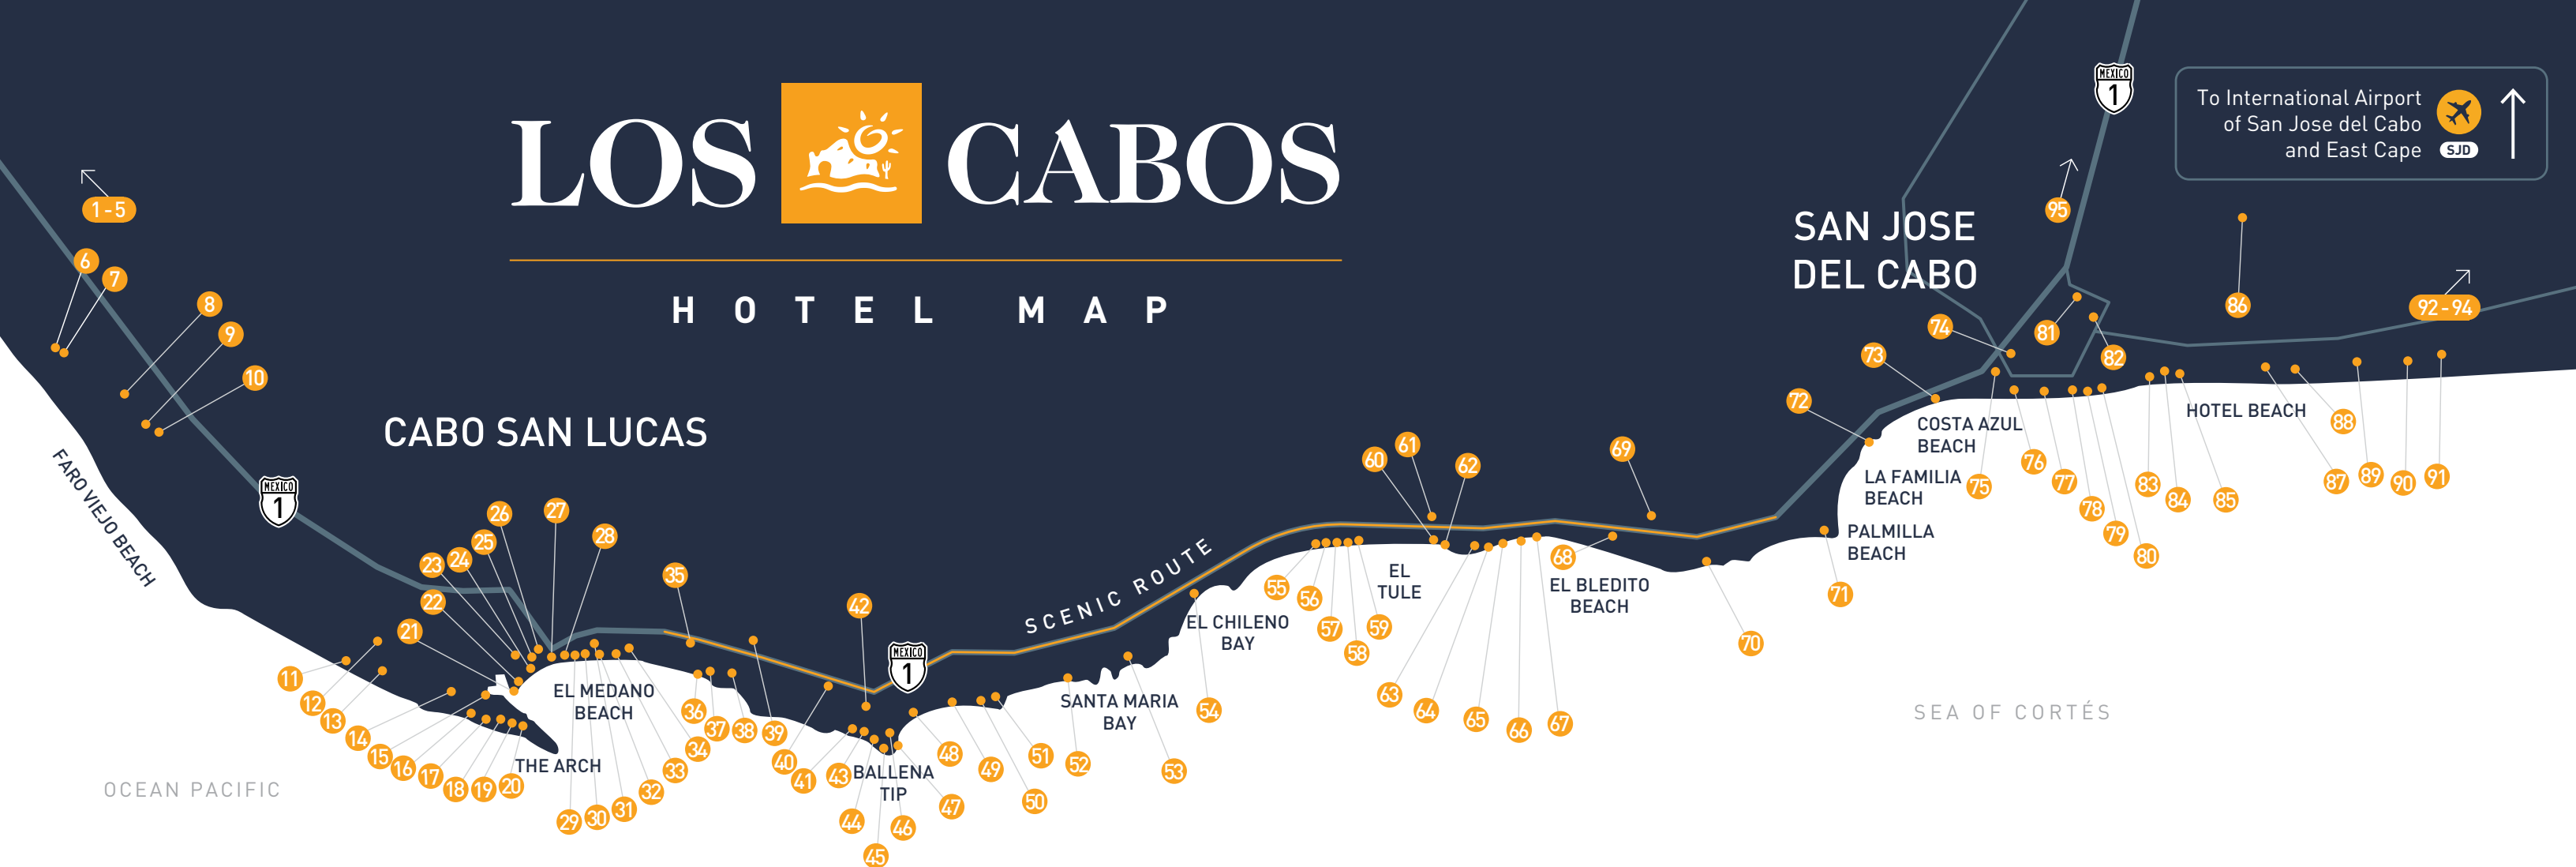

If you are interested in coordinating a Social Responsibility activity, we can guide you through the projects that best suits the profile of your program.

Los Cabos Children's Foundation (LCCF) can also issue tax-deductible receipts as a 501 (c) (3) charity based in the United States (EIN: 20-2882711). LCCF was established in 2002 to close the gap between children with illness and the medical care that was not available locally. Supports local service providers that address these needs (hospitals, clinics, etc.) with funds for programs. Their goal is to build a solid net- work to meet the needs of children at medical risk and economically disadvantaged throughout Baja California Sur. In 2019, more than 7,580 children will benefit from 34 programs supported by LCCF. Contact <https://www.loscaboschildren.org> contact@loscaboschildren.org

GASTRONOMY

Los Cabos’ dining scene has it all – from fusion dishes and Old World delicacies to fresh seafood and Mexican specialties.

Whether it’s an elegant five-course feast with waves lapping at your feet or a quick bite with a frosty craft beer in hand, dining options in Los Cabos are among the most exciting and varied in all of Mexico. Everyday offers a fiesta of flavors with freshly caught seafood,

elaborate Mexican dishes and international options that celebrate the traditions of Italy, Peru, China and many other countries.

The dining experience in Los Cabos is delectable, diverse and downright unforgeable. Foodies the world over know that this is the place for delicious offerings, whether it be fresh from the farm, catch-and-cook or anything in between.

SUSTAINABILITY

Cabo San Lucas has organic markets where you can find a wide selection of locally grown produce, as well as crafts, jewelry, soaps and tasty treats. A stroll around the Saturday organic market in San José is a great way to learn more about local farmers, sample products found only in Baja Sur, and connect with a variety of eco-friendly locals and foreigners.

PEOPLE:

As tourism grows in Los Cabos, recycling has gained a stronger foothold in Baja Sur. Locally based nonprofits work with local businesses and schools to make recycling more accessible to the Los Cabos community. In addition to weekly collections, educational radio campaigns, and workshops for children, nonprofit groups hold social events that combine great food, good music and fun all to promote awareness for their cause. Going green doesn’t mean sacrificing fun, but instead learning how to preserve this extraordinary destination for generations to come.

VISITORS:

Local guides teach visitors about the natural wonders of Los Cabos with a conscious effort to preserve and protect.

GOVERNANCE:

Public administration and governance in the municipality of Los Cabos is committed to the use of alter-native energies. The challenge to local government in the design of social assistance strategies, a detailed analysis of the process and current status of the eco-logical land use plan is provided. This is viewed as a hub in the planning for sustainable development in the region and as a key element in the emergence of Los Cabos as a center for sustainable growth.

LOS CABOS

25 BLUE FLAG BEACHES

Los Cabos has a total of 25 Blue Flag beaches. The Blue Flag is a special certification given to beaches, marinas, and sustainable boating tourism operators by the Foundation for Environmental Education. The certification signals that a beach or marina has met a strict set of standards, such as being clean and accessible; offers great water quality; meets high safety standards; puts commendable effort to protect ecosystems and local shorelines.

ENVIRONMENT

Los Cabos offers conservation trips that allow ecologically minded visitors a chance to get up close and personal with Baja's vibrant wildlife. Whether it be diving with giant squids, whale watching, or protecting sea turtles, each of these conservation expeditions are oriented around education and preservation of this delicate ecosystem and are customizable for each group.

Thousands of visitors watch as turtles make their nest on the same beaches year after year. A number of hotels in Los Cabos have special preservation programs (some specially funded by the Mexican government) to protect the fragile turtle eggs and make sure that once hatched, these babies make it safely to sea. Guests of these hotels are often welcomed to help lead the newly hatched turtles to shore and fend off would-be predators. We care deeply about our environment and seek to help our visitors connect, and help care for, our natural surroundings.
