## 2018 Visitor Profile

### Purpose

To document the profile and planning preferences of those who visited Panama City Beach, Florida in Winter, 2017 or Spring/Summer/Fall, 2018 and compare their responses to survey data collected in 2013, 2014, 2015, 2016, and 2017. The survey data in this report covers the period December, 2017 through November, 2018. The annual survey captures the perceptions of Panama City Beach (PCB) as a destination, and the attractors that induce day trips, overnight visits, multiple night-stays, and repeat visitation.

### Methodology

Young Strategies, Inc. (YSI) has been conducting visitor profile research for Panama City Beach since 2011. The same online survey instrument, prepared by the Young Strategies, Inc. (YSI) research team and approved by the Panama City Beach Convention & Visitors Bureau (PCBCVB), has been used over the seven-year period 2011 – 2018, to capture visitor perceptions of PCB. The Panama City Beach CVB database of visitor email addresses was used to collect online visitor surveys. Email recipients were invited to take a visitor survey and be entered into a chance to win one of six \$200 Visa gift cards.

The number of surveys completed by respondents who identified themselves as leisure visitors to Panama City Beach in Winter, 2017 or Spring/Summer/Fall, 2018 totaled 1,859. Additionally, this report provides data specific to the season respondents identified as their most recent visit to Panama City Beach. Total visitor survey collection over the six-year period 2013 – 2018 is shown below.

Season	2013	2014	2015	2016	2017	2018
Winter (Dec – Feb)	400	195	183	306	354	304
Spring (Mar – May)	564	441	406	470	400	380
Summer (Jun - Aug)	761	1,236	986	850	765	718
Fall (Sep – Oct. 8)	195	449	354	367	540	457

## Panama City Beach, Florida Leisure Visitors Seasonal Profiles

The visitor profile data in this report covers the period of December 1, 2017 – October 8, 2018. The four seasons within that year are:

Winter: Dec.'17 – Feb. '18

Spring: Mar.'18 – May '18

Summer: Jun. '18 – Aug. '18

Fall: Sep. '18 – Oct. 8, '18

Note: Hurricane Michael made landfall in Mexico Beach, FL on October 10, 2018. The visitor survey for this research had been deployed just prior to the hurricane and thus many surveys were received from visitors who visited Panama City Beach September 1 – October 8<sup>th</sup>. The survey was suspended on October 9, 2018. Visitor behavior to Panama City Beach was on a typical pace until October 8<sup>th</sup> when the evacuations began in earnest.

**All spending and travel behavior patterns were disrupted by Hurricane Michael and this report provides no data for the period following October 8, 2018. Any references to Fall 2018 relate to the five weeks prior to the hurricane.**

## Visitor Demographics

### Average Age of Respondents – 5-YR Comparative by Season

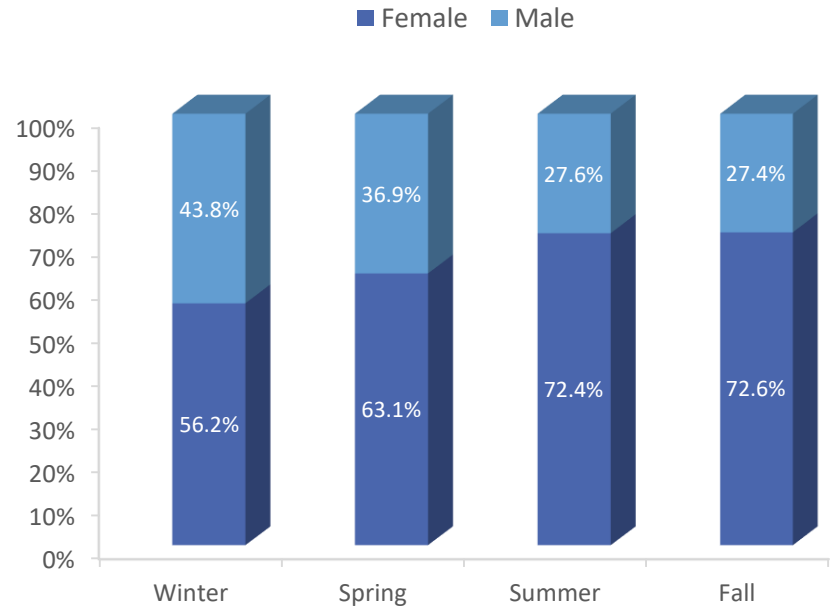

Winter n=281; Spring n=351; Summer n=664; Fall n=429

### Observations:

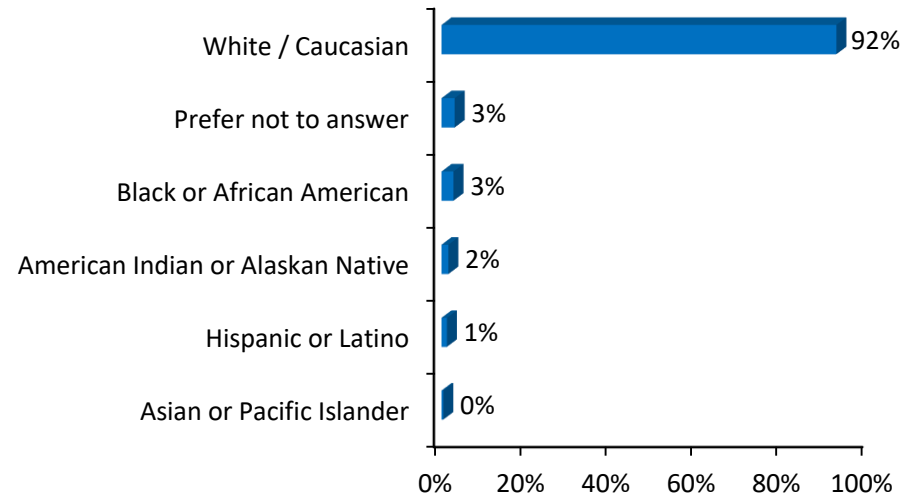

- Age and gender of survey respondents is reflective of the typical travel planner for each season.
- Female head of household is most often the primary travel planner which is also typical of most leisure travel research.
- Men are more involved in winter travel planning which is reflective of the higher age and increased incidence of retirement among winter visitors.
- Typical age of survey respondents 2014 - 2018 has increased slightly in every season.
- Summer season continues to have the youngest age.

### Gender of Respondents – 2018 by Season

### Overall Ethnicity – 2018 Respondents

## Young Strategies, Inc. Research Team Experience

# Panama City Beach Convention & Visitors Bureau

## Young Strategies Research Team

Young Strategies, Inc. (YSI) is a research and planning firm focusing on destination marketing organizations and travel destinations. The three principal members of this project team have conducted research and strategic planning with over 150 DMOs in thirty-two states. YSI's approach is to custom tailor each research study to the specific needs of the destination. The project team's hands-on experience includes CVB/DMO management, hotel/resort management, rural tourism development and convention center management.

### BERKELEY YOUNG, PRESIDENT, YOUNG STRATEGIES – PROJECT TEAM LEADER

20+ years of travel/tourism marketing and management experience including destination marketing and hotel management. Young's experience includes serving as the Executive Director of a start-up convention and visitor's bureau and chamber of commerce in which he oversaw the creation and success of a research-based tourism marketing program for a rural county in the mountains of North Carolina. Then, Young was hired as Director of Sales and quickly promoted to General Manager of a large golf resort managed by Interstate Hotels Corporation. Young joined Randall Travel Marketing in 1998 as Vice President conducting research for DMOs throughout the United States. He opened Young Strategies in November 2004 focusing on strategic planning and research for destination marketing organizations. Young is a top rated speaker at regional and national conferences. As the project team leader Berkeley Young will serve as the primary client contact and chief strategist. Young's experience as a hotelier uniquely qualifies him to lead lodging market analyses for destinations. The total research methodology will be tailored to the unique needs of the destination and actionable strategies will be developed from the resulting data and community leader input. Young is known for his consensus building, active listening and thoughtful consideration when developing a plan for a community.
